**Testimony in SUPPORT of HB1367 HD1  
RELATING TO THE DEPARTMENT OF HEALTH**

SENATOR MIKE GABBARD, CHAIR  
COMMITTEE ON AGRICULTURE AND ENVIRONMENT

Hearing Date: March 11, 2019

Room Number: CR 224

1 **Fiscal Implications:** Sufficient appropriations are required to assure optimal public health, and  
2 in particular, for addressing community mental health issues and environmental management.  
3 The Executive Biennium Budget (FB 19-21) for the Department of Health (DOH) provides for  
4 38.2 new general funded FTE and \$13.6 M in additional general funded resources in FY20; and  
5 168.2 general funded FTE and \$20M in additional general funded resources in FY21. As part of  
6 our special fund request, the department is requesting 14 new special funded FTE and an  
7 increase in special fund ceiling of \$1.5M in FY20 and FY21 for improved food  
8 safety. Departmental requests and prioritization are based on the Department's core public  
9 health strategies.

10 **Department Testimony:**

11 The Department of Health supports the Governor's Executive Budget Request, as follows:

2 Please see Attachment A which is a copy of Tables 3 and 15 of the briefing materials as a  
3 summary of the Department of Health’s requested budget appropriations broken down by  
4 Program ID. The Department recognizes that HB2 HD1 includes only the base budget for HTH  
5 840, HTH 849, HTH 850, HTH 906 and HTH 907, but wants to include the entire Governor’s  
6 Executive Budget Request in testimony to ensure that all Programs’ base budget plus additional  
7 budget adjustments are not missed.

8 **New Appropriations Requests**

9 Environmental Health Administration

- 10 • Environmental Management Division - Positions and funding for enforcement of non-  
11 point source water pollution regulations
  - 12 ○ The six positions will begin implementing Hawaii Revised Statutes (HRS) §342E,  
13 Nonpoint Source Pollution Management and Control. HRS §342E was passed in  
14 1993 and DOH has not implemented the law to date.
  - 15 ○ DOH has not implemented HRS §180C-4, Erosion and Sediment Control, which  
16 was passed in 1974.

- 1           ○ Under article XI, §1 of the Hawaii state constitution, DOH has a constitutional  
2           mandate under the public trust doctrine to regulate nonpoint source pollution.
- 3           ○ The federal Coastal Zone Act Reauthorization Amendments (CZARA) §6217  
4           require DOH and the Department of Business, Economic Development &  
5           Tourism (DBEDT) to develop and implement a Coastal Nonpoint Pollution  
6           Control Program.
- 7       • Sanitation Branch - Positions and funding for sanitarians and funds for improved food  
8       safety
  - 9           ○ To enable the Sanitation Branch to maintain the current inspection frequency and  
10          workload to keep up with National Standards.
  - 11          ○ Hawaii is a tourist destination and those visiting, as well as residents, expect that  
12          food being served in restaurants and other food service establishments is safe and  
13          wholesome.
  - 14          ○ The promulgation and implementation of Hawaii Administrative Rules, Chapter  
15          11-50 and placarding in July 2014 has dramatically reduced the risk of food-  
16          related illness.
  - 17          ○ With the positions requested, we will be moving towards staffing levels that will  
18          reduce the occurrence of food illness risk by nearly 50%.

19 Specifically for Environmental Health Administration, HTH 849, the department requests the  
20 Legislature's attention for the following priority.

- 21       • Trade-off two 0.50 FTE positions to create one 1.00 FTE position to enable establishment  
22       of civil service Information Technology Band C position (conversion from exempt).

23  
24 The department also requests the Legislature's attention for the following priorities.

25 **Concerns with the base budget for Kupuna Care and Kupuna Caregiver Program:**

26           In HB1422 HD1, the base budget for Kupuna care is \$4,854,305 and the base budget for  
27           Kupuna Caregiver Program is \$0. This differs from the base budget for Kupuna Care and

1 Kupuna Caregiver Program in the Governor’s Executive Request which includes  
2 \$8,731,368 in Kupuna Care base budget and \$1.2M in Kupuna Caregiver Program base  
3 budget. We would prefer that the DOH budget amount includes \$8,731,368 as a  
4 recurring base budget for Kupuna Care and a total of \$1.2M as a recurring base budget  
5 for Kupuna Caregiver Program.

6 **New Appropriations Requests**

7 Health Resources Administration

8 Emergency Medical Services – Collective Bargaining Request

- 9 • The EMSIPSB FY 2020 and FY 2021 budget request included \$11,872,596 (FY 20) and  
10 \$15,040,191 (FY 21) for a mandatory union collective bargaining increase. This request  
11 was disapproved in B&F recommendations.

12 Emergency Medical Services – Recurring Other Expenses for services providers contracted to  
13 provide pre-hospital emergency medical service

- 14 • The EMSIPSB FY 2020 and FY 2021 budget request included \$2,381,815 (FY 20) and  
15 \$3,642,807 (FY 21) for other current expenses cost increases. This request was  
16 disapproved in B&F recommendations.
- 17 • The request includes, but is not limited to, costs for subcontracts, drugs/medication,  
18 insurance, rental of space, meals, uniforms, fuel, repair and maintenance, staff training,  
19 telecommunications service and equipment, utilities, indirect/administrative overhead,  
20 equipment, and motor vehicles.

21 Medical Cannabis

- 22 • As required by Act 159, SLH 2018, the Department is currently engaged in a re-  
23 organization process to integrate the Medical Cannabis Registry and the Medical  
24 Cannabis Dispensary Programs into the new Office of Medical Cannabis Control and

1 Regulation to be managed directly under HTH595 Deputy Director of Health Resources  
2 Administration.

3 Family Health Services – Replace Funding for Family Planning Program (Title X)

- 4 • Proposed changes at the federal level restricts Hawaii’s comprehensive approach by  
5 limiting family planning services offered to women. This request will institutionalize the  
6 Hawaii Family Planning Program and solidify comprehensive family planning options for  
7 Hawaii’s men and women regardless of changes in the political environment.

8 General Administration

9 Office of Health Status Monitoring (OHSM) - Re-engineer the Vital Statistics System

- 10 • The Office of Health Status Monitoring (OHSM) is responsible for registering all vital  
11 events occurring in the State of Hawaii, which includes the registering and licensing of  
12 over 50,000 vital events and approximately 80,000 requests resulting in over 300,000  
13 certified copies annually.
- 14 • The Vital Statistics System (VSS) was developed over 20 years ago and is not  
15 supportable with today’s technology and security features. The replacement of the VSS  
16 is to address security aspects of the system, improve customer service and efficiency to  
17 register and issue certified copies of Birth, Marriage and Death.

18 Office of Policy, Planning, and Program Development (OPPPD) - Add Funds for Telehealth  
19 Pilot Project

- 20 • Telehealth is one of three strategic priorities documented in DOH’s strategic plan.
- 21 • This request is the third and last for the current DOH strategic planning cycle. The first  
22 pilot is in southwest Hawaii, was requested through the Governor’s budget. The second  
23 is split between Wahiawa and (most likely) east Hawaii, and was a stand-alone bill  
24 offered by the WAM Chair. The third is to be statewide in part to fill pilot gaps in Maui

1 and Kauai. DOH believes it is important to seed pilots in all counties in the interest of  
2 fairness and to learn from the unique circumstances of each county.

3 Behavioral Health Administration

4 Hawaii State Hospital Forensic Building – Positions and Funding

- 5 • A new forensic building is being constructed at Hawaii State Hospital and slated to open  
6 spring 2021.
- 7 • The opening of two additional units is projected to occur during Fiscal Year 2023. To  
8 ensure quality patient care, additional direct care staff are needed to run these additional  
9 units.

10 Developmental Disabilities Division – Increase State match for Medicaid Intellectual and  
11 Developmental Disabilities (I/DD) Home and Community Based Services Waiver

- 12 • DDD requests an increase of \$7,702,000 in state funding (which will be used to match  
13 \$8,902,000 in federal funds) in fiscal year 2020 and an increase of \$5,814,000 in state  
14 funding (which will be used to match \$6,582,000 in federal funds) in fiscal year 2021.
- 15 • This funding will allow DDD to complete implementation of provider rate changes and  
16 other improvements to the I/DD Waiver program. Changes to provider payment rates and  
17 other waiver policies ensures that the State will be in continued compliance with federal  
18 requirements (with the federal government paying for more than half of the cost) and that  
19 State residents with I/DD have access to quality services.

20 Capital Improvement Projects

21 Hawaii State Hospital – Maintenance and Furniture, Fixtures & Equipment (FFE) for new  
22 forensic facility

- 23 • In FY20, \$1,920,000 is needed to replace chillers in Bldg Q. Assessment by consultant to  
24 determine the air handlers that must be replaced immediately throughout the rest of the  
25 campus.

- 1       • In FY20, \$6,525,000 is needed to purchase of furniture, fixtures and equipment for the  
2       new facility. FF&E must be provided prior to the opening of the new facility.
- 3       • In FY21, \$8,997,000 is needed for Hawaii State Hospital Anti-Ligature and Other  
4       Improvements.

5       **Offered Amendments:** Suggested amendments are provided in Attachment B.

6       Thank you for the opportunity to testify on this measure.

## A BILL FOR AN ACT

RELATING TO THE DEPARTMENT OF HEALTH BUDGET.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

SECTION 1. The purpose of this Act is to provide funding for the operations of the department of health for the fiscal biennium beginning July 1, 2019, and ending June 30, 2021.

SECTION 2. The following sums, or so much thereof as may be sufficient to accomplish the purposes and programs designated herein, are hereby appropriated or authorized, as the case may be, from the means of financing specified to the department of health for the fiscal biennium beginning July 1, 2019, and ending June 30, 2021. The total expenditures and the number of positions in each fiscal year of the biennium shall not exceed the sums and the position ceilings indicated for each fiscal year, except as provided elsewhere in this Act or as provided by general law.
