Testimony of
DOUGLAS MURDOCK
Chief Information Officer
Enterprise Technology Services

Before the
SENATE COMMITTEE ON WAYS AND MEANS
Wednesday, April 3, 2019

HOUSE BILL No. 901, HD1
RELATING TO THE GOVERNMENT PUBLICATIONS

Dear Chair Dela Cruz, Vice Chair Keith-Agaran and members of the committee:

The Office of the Enterprise Technology Services (ETS) supports HB901, HD1, which reduces the number of paper copies of government publications required to be deposited with the State Publications Distribution Center and requires state and county agencies to deposit an electronic copy with the State Publications Distribution Center in a format as prescribed by the State Librarian.

Electronic copies required by this measure will improve public access by making available these government documents and reports from anywhere in the State public library system. Further, reducing the amount of paper required for compliance reporting fully supports the State's paperless government ecosystem that includes adopting electronic signature processing and converting pallets of paper reports (from mainframe computer applications) to digital, on-line accessible reports, and eliminating many reports entirely.

Thank you for the opportunity to provide testimony supporting this measure.

STATE OF HAWAII
DEPARTMENT OF EDUCATION
P.O. BOX 2360
HONOLULU, HAWAII 96804

Date: 04/03/2019
Time: 10:25 AM
Location: 211
Committee: Senate Ways and Means

Department: Education

Person Testifying: Dr. Christina M. Kishimoto, Superintendent of Education

Title of Bill: HB 0901, HD1, SD1 RELATING TO GOVERNMENT PUBLICATIONS.

Purpose of Bill: Reduces the number of paper copies of government publications required to be deposited with the State Publications Distribution Center. Requires state and county agencies to deposit two paper copies and one electronic copy with the State Publications Distribution Center in a format as prescribed by the State Librarian. Effective 1/1/2050. (SD1)

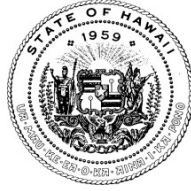

Department's Position:

The Department of Education (Department) supports HB 901, HD1, SD1. The Department provides a minimum of eighteen annual reports to the Legislature as mandated in Hawaii Revised Statutes. In addition, the Department also responds to any required reports as requested through either a concurrent resolution or a budget proviso. These reports can be found on the Department's website, compiled on the following page:
<http://www.hawaiipublicschools.org/VisionForSuccess/SchoolDataAndReports/StateReports/Pages/Legislative-reports.aspx>

The proposed changes in HB 901, HD1, SD1 to transition the number of hard copies of each report that is required to be provided to the state publications distribution center from seven to two hard copies along with one electronic copy, would allow all departments to move towards more paperless, energy efficient, and cost-effective processes in the delivery of these reports.

Thank you for the opportunity to provide testimony on this measure.

The Hawaii State Department of Education seeks to advance the goals of the Strategic Plan which is focused on student success, staff success, and successful systems of support. This is achieved through targeted work around three impact strategies: school design, student voice, and teacher collaboration. Detailed information is available at www.hawaiipublicschools.org.

H.B. 901, H.D. 1, S.D. 1
RELATING TO GOVERNMENT PUBLICATIONS.

Senate Committee on Ways and Means

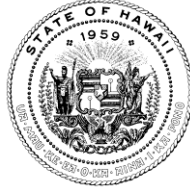

The Hawaii Department of Transportation (HDOT) **supports** this bill in its attempt to reduce the number of paper copies of government publications required to be submitted to the State Publications Distribution Center. HDOT is committed to finding sustainable solutions that help the environment, including reducing the amount of paper used within the department.

Using less paper helps the environment by saving trees, reducing the amount of fossil fuel consumed by producing, transporting and delivering the paper to Hawaii and saves money by not purchasing as much paper, ink and office supplies to use on the documents.

Recycling paper also requires money, resources, and shipping the paper out of state to be recycled as there are no recycling plants within the state. It is clear not using the paper at all is the sustainable and cost-effective option.

In today's technological era digital copies are a sufficient means of storing information and sharing documents.

Thank you for allowing this testimony and for your consideration in helping reduce the amount of paper consumed in the State of Hawaii.

State Capitol, Conference Room 211**

**On the following measure:
H.B. 901, H.D. 1, S.D. 1, RELATING TO GOVERNMENT PUBLICATIONS**

WRITTEN TESTIMONY ONLY

Chair Dela Cruz and Members of the Committee:

My name is Catherine Awakuni Colón, and I am the Director of the Department of Commerce and Consumer Affairs (Department). The Department supports this bill.

The purposes of this bill are to: (1) reduce the number of paper copies of government publications required to be deposited with the State Publications Distribution Center; and (2) require state and county agencies to deposit two paper copies and one electronic copy with the State Publications Distribution Center in a format prescribed by the State Librarian.

The Department supports this bill, as it is consistent with the Department's efforts to provide for electronic receipt, handling, and dissemination of information to the extent feasible. In addition, the Department appreciates the reduction in the number of government publication paper copies deposited with the State Publications Distribution Center. Thank you for the opportunity to testify on this bill.

Re: H.B. 901, H.D. 1, S.D. 1, Relating to Government Publications

The Department of Taxation (Department) supports H.B. 901, H.D. 1, S.D. 1, and provides the following comments for your consideration.

H.B. 901, H.D. 1, S.D. 1 requires agencies to deposit an electronic copy of government publications with the State Publications Distribution Center and reduces the number of paper copies required to be deposited. S.D. 1 has a defective effective date of January 1, 2050.

The Department considers this measure to be labor- and cost-effective, as well as environmentally friendly and therefore strongly supports it.

Thank you for the opportunity to provide testimony in support of this measure.

Written Statement of
MIKE MCCARTNEY
Director

Department of Business, Economic Development, and Tourism
before the
SENATE COMMITTEE ON WAYS AND MEANS

Wednesday, April 3, 2019
10:25 AM
State Capitol, Conference Room 211

In consideration of
HB 901, HD1, SD1
RELATING TO GOVERNMENT PUBLICATIONS.

Chair Dela Cruz, Vice Chair Keith-Agaran and members of the Committee.

The Department of Business, Economic Development and Tourism (DBEDT) supports HB 901, HD1, SD1, which reduces the number of paper copies of government publications required to be deposited with the State Publications Distribution Center.

As the State moves toward a more paperless society, it makes sense to reduce the number of physical copies distributed to the library system. Electronic copies will make it easier for the public to access the documents anywhere in the State through the public library system. It should also reduce the cost for State agencies in providing copies of the reports as well as being environmentally friendly.

Thank you for the opportunity to comment.

From: Scott T. Murakami, Director
Department of Labor and Industrial Relations (DLIR)

Re: H.B. No. 901 HD1SD1 RELATING TO GOVERNMENT PUBLICATIONS

I. OVERVIEW OF PROPOSED LEGISLATION

HB901HD1SD1 proposes to amend section 93-3, Hawaii Revised Statutes (HRS), by reducing the number of report copies that every state and county agency is required to deposit with the State publications distribution center from seven to two paper copies and require that electronic report copies be provided in a format prescribed by the state librarian as well as one paper copy to the University of Hawaii.

DLIR supports this measure.

II. CURRENT LAW

Section 93-3, HRS, requires every state and county agency to deposit seven report copies with the state publications distribution center and one report copy with the University of Hawaii.

III. COMMENTS ON THE HOUSE BILL

DLIR supports reducing the number of paper reports provided to the State publications distribution center and providing electronic copies of reports instead. DLIR submits more than sixty reports annually, some which are more than thirty pages long. Additionally, DLIR has all its reports available to view and download on its website: labor.hawaii.gov. Reducing the number of paper reports and requiring electronic report copies to be submitted instead will save DLIR resources and time, while still providing for governmental transparency and public access to government records.

Stacey A. Aldrich
State Librarian

H.B. 901 H.D. 1 S.D.1 – Relating to Government Publications

To: Chair Donovan M. Dela Cruz
Vice Chair Gilbert S.C. Keith-Agaran
Members of the Senate Committee on Ways and Means

The Hawaii State Public Library System (HSPLS) **supports** H.B. 901 H.D.1 S.D.1, which would reduce the number of paper copies of government publications required to be deposited with the State Publications Distribution Center, as well as provide for an electronic copy in a format prescribed by the State Librarian.

HSPLS supports reducing the number of paper copies it receives of all state and county publications, from seven to two paper copies, as well as the ability to receive the reports in electronic format. Thanks to the standardized electronic format developed by the Legislature, the State Publications Distribution Center will be able to better manage the inventory of reports and provide better access to the public.

HSPLS respectfully requests a further amendment to section 93-4, Hawaii Revised Statutes, to align with the reduction in the required number of paper copies:

"§93-4 Depository library system. The state librarian shall designate at least one government publications depository [in each county] and shall [distribute to each depository one copy of each publication, as defined in this part.] make all publications available to the public.

With only two paper copies, a paper copy will no longer be physically located in each county; however, as a statewide system, HSPLS will transfer any report to any library within the system for loan or review upon request.

Thank you for the opportunity to comment on this measure.

Re: Testimony on H.B. No. 901, H.D. 1, S.D. 1
Relating to Government Publications

Thank you for the opportunity to submit testimony on this bill, which would reduce the number of paper copies of government publications required to be deposited with the State Publications Distribution Center. The Office of Information Practices (OIP) supports this bill, which would reduce the cost of producing OIP's Annual Report to the Legislature and make the process more efficient.

Thank you for the opportunity to testify.

UNIVERSITY OF HAWAII SYSTEM

Legislative Testimony

Testimony Presented Before the
Senate Committee on Ways and Means
April 3, 2019 at 10:25 a.m.

By
Kalbert K. Young
Vice President for Budget and Finance/Chief Financial Officer
University of Hawai'i System

HB 901 HD1 SD1 – RELATING TO GOVERNMENT PUBLICATIONS

Chair Dela Cruz, Vice Chair Keith-Agaran, and members of the Committee:

Thank you for the opportunity to submit testimony on HB 901 HD1 SD1, which reduces the number of paper copies of government publications required to be deposited with the State Publications Distribution Center; and requires State and county agencies to deposit an electronic copy with the State Publications Distribution Center in a format as prescribed by the State Librarian.

The University of Hawai'i (UH) supports HB 901 HD1 SD1, and appreciates the move towards providing documents, when feasible, in an electronic format. The State legislature recently implemented a new online submission process for all legislative reports due by State agencies. Among other publications produced by UH, the University submits between 30-40 legislative reports annually.

Thank you for your consideration of this bill.

Comments:

We are in support of HB901 HD1 SD1. The proposed changes to transition the number of hard copies of each legislative report that is provided to the Hawaii State Public Library System from seven to two copies, with the addition of an electronic transmittal, will allow all Departments to move towards more paperless, energy efficient, and cost-effective processes in the delivery of these reports.
