Thank you for the opportunity to testify in **SUPPORT** of HCR214/ HR192. As a country we have a responsibility to advance the rights of women and minorities until we achieve a point where we all can have the same opportunities as Americans. This resolution shows that when the federal government has no interest in helping to achieve equality for all, the state of Hawaii still does. This resolution also shows that we as a state value the history of our country and we want to show that as Americans, we have made mistakes and we are working to fix and move past them. Harriet Tubman embodies bravery, loyalty, and courage; all things we should aspire to be. She is a perfect American and when people abroad use our currency, they will know what we value and what we stand for. I urge you to pass this resolution **AS IS** and send a message to our federal government that we, as a state, value equality for all.
