FROM: Sione Thompson, Executive Director
State Public Charter School Commission

SUBJECT: EDN 600 and EDN 612 FY2018-2019 Budget Briefing Testimony

Chair Kidani, Chair Dela Cruz, and members of the Committees:

The State Public Charter School Commission (“Commission”) appreciates this opportunity to submit this testimony on its proposed budget for the upcoming biennium for EDN 600 and EDN612. Section 1 of this testimony will focus on EDN 600- Charter Schools and Section 2 will cover EDN 612- Charter Schools Commission and Administration. As the sole authorizer of charter schools in the state, the Commission oversees the budgetary process, not only for itself (program ID- EDN 612), but also for all 36 operating public charter schools (program ID- EDN 600).

The State Public Charter School Commission appreciates the opportunity to discuss this year’s budget and thanks the Chairs and members of the Committee for your continuing support of Hawaii’s 36 public charter schools and their 11,680 students. The Commission remains prepared to work with the Legislature and other stakeholders to find additional innovative ways to improve learning options and opportunities for Hawaii’s students.

SECTION 1- EDN 600: CHARTER SCHOOLS

A. OVERVIEW

Mission Statement

- **Statement of Program Objectives**

Charter schools provide parents and students within the State of Hawaii an alternative to the traditional public school experience. Charter schools, while subject to the same State accountability requirements as all other public schools, serve as incubators of innovative approaches to educational, governance, financing, administration, curricula, technology, and teaching strategies.

- **Measures of Effectiveness**

No measures have been formally adopted for this program however, all public charter schools operate on individualized charter contracts that establishes Academic, Organizational, and Financial Performance expectations, with the understanding that failure to meet those expectations and/or performance measures, may result in non-renewal of the charter contract and school closure.

- **Proposed Operating Expenditures- Executive Biennium Budget FY20-21**

	FY2019-2020	FY2020-2021
General Funds	\$98,946,894	\$101,591,053
Federal Funds	\$5,042,000	\$5,042,000
Other Means of Financing	\$0	\$0
Total Program Cost	\$103,988,894	\$106,633,053

Enrollment and Per-pupil Funding

36 public charter schools currently operate on the islands of Hawaii (number of schools on island- 14), Kauai (5), Maui (1), Molokai (1), and Oahu (15). Public charter school enrollment for the 2018-2019 fiscal year is **11,680 students**, which represents an increase of approximately 340 students from the 2017-2018 fiscal year, which equals about a three percent increase. The charter below shows public charter school enrollment from fiscal year 2016 through the current year.

Public charter schools have received per-pupil funding of about **\$87.2 million** for the 2018-2019 fiscal year. This amount is determined by the operating appropriation to the Hawai'i Department of Education (DOE) and the schools' pro rata enrollment compared to the total public education enrollment. Utilizing this methodology, the per-pupil amount for the current year is **\$7,460**.

This year, one new public charter school opened: Alaka'i O Kaua'i Public Charter School, which is located in the Koloa area of the island of Kauai and serves about 140 students in kindergarten through grade 5.

B. ECONOMIC IMPACT

• Federal Funds

For the 2017-2018 fiscal year, the Commission received and administered approximately **\$11.8 million** in federal funds. Of the \$11.8 million, the Commission distributed about \$10.4 million, or approximately 90 percent of the funds received, to public charter schools.

Public charter schools receive federal funding through the DOE for the major federal education programs such as Title I, Part A; Title II, Part A; Title III; and IDEA, Part B. Approximately \$5.1 million was distributed to public charter schools last fiscal year for the federal Title programs. Also, about \$500,000 for special education funding and US Department of Education-Department of Defense Impact Aid funds, in the amount of \$2.7 million, were distributed to the schools in fiscal year 2018.

For the proposed biennium budget for fiscal year 2020 and 2021, the Commission is requesting an increase in federal fund ceiling for public charter schools in EDN 600 in order to allow for the total anticipated award amount for the next fiscal year.

Federal funding ceiling adjustment

- Amount of funding requested: **\$3,150,000** FY2019-2020; **\$3,150,000** FY2020-2021
- Purpose of request: Increase the federal fund ceiling in order to match the total anticipated award amount for the next fiscal year.

Federal Preschool Development Grant

Though not a budgetary request, the Commission will be seeking to work with the Legislature, Office of Early Learning, DOE, and Governor's Office on sustaining its current Pre-Kindergarten program. The Commission provides the following background information for the committee's review.

On January 1, 2015, the Commission was awarded a four-year federal Preschool Development Grant to support statewide efforts to build, develop and expand voluntary, high-quality pre-kindergarten programs for four-year-olds from low-and moderate-income families, totaling \$14,881,368. In fiscal year 2016-2017, Hawaii was awarded a supplemental grant in the amount of \$1,375,218 to further strengthen Hawaii's early childhood workforce, bringing the total grant funds to \$16,256,568. Hawaii is the only grantee in the nation whose award focused solely on charter schools.

Eleven charter schools in Hawaii have opened 18 pre-kindergarten classrooms. The schools enrolled 222 students into their pre-kindergarten programs this school year. Five of these classrooms are Hawaiian immersion early learning programs. The grant will fund these vital early learning opportunities through the end of the 2018-2019 school year.

- **Non-general Funds**

The proposed biennium budget request does not provide non-general funds to public charter schools, other than federal funds.

- **Budget Requests**

Additional general funds are being requested for the following:

1. **Per-pupil funding request for new public charter school- DreamHouse Academy**

- Amount of funding requested: **\$803,585** FY2019-2020; **\$1,634,815** FY2020-2021
- Purpose of request: Add the requested funding to the biennium budget per-pupil allocation to allow for the opening of DreamHouse Ewa Beach, which will be located in West Oahu. The school will open in July 2019 with 100 students in grade 6 and add 100 additional students each subsequent year as students progress to the next grade level.

2. **Teacher incentives payments**

- Amount of funding requested: **\$892,000** for each biennium year (\$750,000 for the hard-to-staff incentive and \$142,000 for National Board Certified teachers):
- Purpose of request: Teachers working in designated hard-to-staff areas are eligible for a \$3,000 incentive payment. The current master agreement with the Hawaii State Teachers' Association states that this incentive cannot be paid with per-pupil funds. Teachers who have earned National Board Certification are eligible for incentive payments up to \$10,000.

3. **Per-pupil adjustments**

- Amount of funding requested: **\$803,585** FY2019-2020; **\$1,634,815** FY2020-2021
- Purpose of request: Add the requested funding to the biennium budget per-pupil allocation to allow for the opening of DreamHouse Ewa Beach, which will be located in West Oahu. The school will open in July 2019 with 100 students in grade 6 and add 100 additional students each subsequent year as students progress to the next grade level.

4. **Collective bargaining funding for new schools**

- Amount of funding requested: **\$115,000** FY2019-2020; **\$140,000** FY2020-2021
- Purpose of request: Provide collective bargaining funds to charter schools that opened after collective bargaining information was collected in fiscal year 2016.

SECTION 2- EDN 612: CHARTER SCHOOL COMMISSION AND ADMINISTRATION

A. OVERVIEW

Mission Statement

The statutory mission of the Commission is “to authorize high-quality public charter schools throughout the State.” (HRS 302D-3(b)). The Commission’s strategic vision for the chartering of these high-quality schools is that they provide excellent and diverse educational options for Hawai‘i’s families, prepare our students for future academic or career success, and contribute meaningfully to the continued improvement of Hawai‘i’s public education system as a whole.

- **Statement of Program Objectives**

To authorize high-quality public charter schools throughout the State.

- **Measures of Effectiveness**

The Commission expects to establish measures of effectiveness during this fiscal year with the implementation of their newly adopted strategic plan.

- **Proposed Operating Expenditures- Executive Biennium Budget FY20-21**

	FY2019-2020	FY2020-2021
General Funds	\$1,550,000	\$1,550,000
Federal Funds	\$1,800,000	\$1,800,000
Other Means of Financing	\$0	\$0
Total Program Cost	\$3,350,000	\$3,350,000

The Commission appreciates this opportunity to update the committee and the Legislature on its strategic direction. In June 2018, the Commission formally approved its Strategic Vision and Plan for Chartering and Authorizing of Public Schools. The adoption of the plan established the following strategic authorizing vision: The SPCSC Vision is the same as the Hawaii Board of Education Public Education Vision, as Public Charter schools are a choice option within the public school education system: to provide excellent and diverse educational options for Hawai‘i’s families, prepare students for future academic or career success, and contribute meaningfully to the continued improvement of Hawai‘i’s public education system as a whole.

Additionally, the Commission is developing a more detailed implementation plan for its strategic plan that includes ten (10) specific strategies, with three goals identified. The Commission expects to have a detailed implementation plan complete with performance measures and a strategic performance management system driven through an online tool and methodology provided through a year-long grant from the Pacific Resources for Education and Learning¹ and the expertise and guidance from the U.S. Department of Education Funded program, Building State Capacity and Productivity Center on School Turnaround (BCSP).²

Authorizer Duties and Responsibilities

Section 302D-3, HRS, establishes the Commission as an agency administratively attached to the Department of Education (DOE) that is empowered with statewide chartering jurisdiction and authority. As the charter school authorizer, the Commission:

1. Serves as the point of contact between the DOE and public charter schools;
2. Ensures the compliance of public charter schools with all applicable state and federal laws;
3. Serves as the pass-through for the distribution of federal funds provided to the DOE and allocated to public charter schools; and
4. Serves as the pass-through for the distribution of per-pupil funding received from the State and allocated to public charter schools.

37 public charter schools were in operation during the 2017-2018 school year. In its oversight role, the Commission closed one charter school and reconstituted two charter school governing boards. Two of the current operating 37 schools opened their doors as start-up schools in school year 2017-2018. Although there were four applications submitted for new charter schools, none of the applications meet the requirements to be authorized as a new public charter school and as a result, no new charter applications were approved during the 2017-2018 school year.

B. ECONOMIC IMPACT

• Federal Funds

For the 2017-2018 fiscal year, the Commission received and administered approximately **\$11.8 million** in federal funds. Of the \$11.8 million, the Commission expended about \$1.4 million, or approximately eleven percent of the funds received, to public charter schools.

The Commission receives federal funding through the DOE for the major federal education programs such as Title I, Part A; Title II, Part A; Title III; and IDEA, Part B. These funds, specifically Title I funds, are used to provide direct support to schools identified for comprehensive support and improvement (CSI) and targeted support and achievement (TSI). The Commission also receives federal funding through the Preschool Development Grant for the administration of the program.

For the proposed biennium budget for fiscal year 2020 and 2021, the Commission is requesting an increase in its federal fund ceiling and federal fund position count to accurately reflect current operations and staffing.

Federal funding ceiling adjustment

- Amount of funding requested: **\$1,384,300** FY2019-2020; **\$1,384,300** FY2020-2021
- Additional FTE request: 5.0 FTE for each fiscal year
- Purpose of request: Accurately represent current operations and staffing provided by federal funding allocated to the Commission by DOE.

• Non-general Funds

The proposed biennium budget request does not provide non-general funds to the Commission, other than federal funds.

• Budget Requests

No additional general funds are requested.
