## Department of Commerce and Consumer Affairs

### CERTIFICATE OF GOOD STANDING

I, the undersigned Director of Commerce and Consumer Affairs of the State of Hawaii, do hereby certify that

#### CYBERHAWAII

was incorporated under the laws of Hawaii on 03/29/2017 ; that it is an existing nonprofit corporation; and that, as far as the records of this Department reveal, has complied with all of the provisions of the Hawaii Nonprofit Corporations Act, regulating domestic nonprofit corporations.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Department of Commerce and Consumer Affairs, at Honolulu, Hawaii.

Dated: January 16, 2020

Director of Commerce and Consumer Affairs

**DECLARATION STATEMENT OF  
APPLICANTS FOR GRANTS PURSUANT TO  
CHAPTER 42F, HAWAII REVISIED STATUTES**

The undersigned authorized representative of the applicant certifies the following:

- 1) The applicant meets and will comply with all of the following standards for the award of grants pursuant to Section 42F-103, Hawaii Revised Statutes:
  - a) Is licensed or accredited, in accordance with federal, state, or county statutes, rules, or ordinances, to conduct the activities or provide the services for which a grant is awarded;
  - b) Complies with all applicable federal and state laws prohibiting discrimination against any person on the basis of race, color, national origin, religion, creed, sex, age, sexual orientation, or disability;
  - c) Agrees not to use state funds for entertainment or lobbying activities; and
  - d) Allows the state agency to which funds for the grant were appropriated for expenditure, legislative committees and their staff, and the auditor full access to their records, reports, files, and other related documents and information for purposes of monitoring, measuring the effectiveness, and ensuring the proper expenditure of the grant.
  
- 2) If the applicant is an organization, the applicant meets the following requirements pursuant to Section 42F-103, Hawaii Revised Statutes:
  - a) Is incorporated under the laws of the State; and
  - b) Has bylaws or policies that describe the manner in which the activities or services for which a grant is awarded shall be conducted or provided.
  
- 3) If the applicant is a non-profit organization, it meets the following requirements pursuant to Section 42F-103, Hawaii Revised Statutes:
  - a) Is determined and designated to be a non-profit organization by the Internal Revenue Service; and
  - b) Has a governing board whose members have no material conflict of interest and serve without compensation.

Pursuant to Section 42F-103, Hawaii Revised Statutes, for grants used for the acquisition of land, when the organization discontinues the activities or services on the land acquired for which the grant was awarded and disposes of the land in fee simple or by lease, the organization shall negotiate with the expending agency for a lump sum or installment repayment to the State of the amount of the grant used for the acquisition of the land.

Further, the undersigned authorized representative certifies that this statement is true and correct to the best of the applicant's knowledge.

## Application for Grants

***If any item is not applicable to the request, the applicant should enter "not applicable".***

### **I. Certification – Please attach immediately after cover page**

#### **1. Certificate of Good Standing (If the Applicant is an Organization)**

**If the applicant is an organization, the applicant shall submit one (1) copy of a certificate of good standing from the Director of Commerce and Consumer Affairs that is dated no earlier than December 1, 2019.**

*Please see attached COGS*

#### **2. Declaration Statement**

**The applicant shall submit a declaration statement affirming its compliance with Section 42F-103, Hawaii Revised Statutes. ([Link](#))**

*Please see attached Declaration Statement*

#### **3. Public Purpose**

**The applicant shall specify whether the grant will be used for a public purpose pursuant to Section 42F-102, Hawaii Revised Statutes. ([Link](#))**

CyberHawaii is committed to developing and enhancing Hawaii's public and private sector cybersecurity capabilities. Through collaborative partnerships with Federal, State, and County government agencies and local and national industry leaders, CyberHawaii has been preparing and supporting those on the frontlines of cyber defense.

### **II. Background and Summary**

**This section shall clearly and concisely summarize and highlight the contents of the request in such a way as to provide the State Legislature with a broad understanding of the request. Please include the following:**

#### **1. A brief description of the applicant's background;**

CyberHawaii, an affiliate of CyberUSA, is committed to creating a whole of community approach that mitigates and reduces cyber risk, develops educational and workforce pathways for students, and invests in training and support for both the public and private sectors to create a more cyber secure and resilient Hawaii.

Cyber is one of our nation's most significant concerns. The Department of Defense's establishment of Cyber as a war-fighting combatant command is a telling statement about our nation's need to play both offense and defense in the protection of our national security. Cyber risks affect all aspects of our lives and in the function of government, from utilities (power and water), telecommunications, fuel, healthcare, transportation and financial services, which comprise the Department of Homeland Security's (DHS) 16 Critical Infrastructures. Cyber attacks have crippled state and county governments and targeted Hawaii's main industries—Defense, Tourism, Financial Institutions, Health, Construction and Retail.

CyberHawaii is an information and resource sharing organization committed to developing and enhancing Hawaii's cybersecurity capabilities. DHS' Homeland Security Information Network (HSIN) is the online platform that is used to communicate threat and threat mitigation matters between CyberHawaii members and our government partners.

CyberHawaii's objectives and goals are implemented through regularly scheduled meetings, workshops, symposiums, and thru an Education and Workforce Development Committee and a Resources Committee.

In line with Hawaii's P-20 approach to develop cradle to career pathways, CyberHawaii's Education and Workforce Development Committee has focused on cyber curriculum development in partnership with the State Department of Education, the University of Hawaii system, private institutions and nonprofit organizations. This includes facilitating student internships within public and private industry and running competitive programs that encourage students to consider a cyber career, such as GenCyber Camps, STEM Conferences, the CyberPatriot Program, picoCTF (Capture the Flag) Competition and CyberHawaii's Girl Scout's of Hawaii PSA and Poster Contest.

CyberHawaii's Resource Committee provides extensive outreach and resources to Hawaii public and private sector leaders and employees on the front lines through its Statewide Cyber Defense 101 workshop series. In addition to bringing federal and state leaders and local experts in the field to educate and engage with businesses and government representatives, CyberHawaii provides access to curriculum and training materials, assessment tools and cybersecurity support services.

The United States Indo-Pacific Command (INDOPACOM) initiated the Defensive Cyber Industry Consortium (DCIC) in order for Federal, State, and industry entities to proactively harden Critical Infrastructure/Key Resources (CIKR) cyber defenses and to synchronize response actions to ensure all sectors can operate during an enduring cyber crisis.

INDOPACOM operations are dependent on five essential CIKR sectors (electric utility, telecommunications, water/sewer, maritime transportation, oil/fuel) in order to maintain

defenses in the event of a cyber warfare event, where Hawaii would likely be isolated from the rest of the nation. INDOPACOM lacks situational awareness and an established coordination mechanism to ensure the protection of these five essential CIKR sectors and the State of Hawaii's capacity to provide a single credible point of coordination is limited.

CyberHawaii has partnered with INDOPACOM and the State of Hawaii Department of Defense in the implementation of the DCIC in Hawaii to accomplish the following objectives:

- Establish cross-sector, shared cyber threat situational awareness and response across the five identified critical infrastructure sectors
- Decrease aggregate risk and better prepare Federal, State and industry response options in the event of a CIKR cyber-attack against Hawaii by increasing resiliency against cyber-attack and decreasing service restoration timelines
- Integrate with the INDOPACOM Defensive Cyber Coordination Center

## **2. The goals and objectives related to the request;**

This request is submitted to support CyberHawaii's goal of improving the cyber capabilities and strengthening the cyber defenses of Hawaii's critical infrastructure companies and organizations, businesses, and government agencies and employees. As a result of Hawaii's geographic location and economic generators, it is critical that all public and private entities, whether large or small, are aware of their cybersecurity responsibilities and their connection to the community at large. CyberHawaii will continue its advocacy and assistance to develop the cyber capabilities and defenses across all sectors of Hawaii's economy and statewide throughout our communities.

The requested \$100,000 will assist CyberHawaii in conducting CyberDefense 101 trainings and workshops statewide through the following deliverables:

- Four neighbor island Cyber Defense 2.0 workshops, targeting specific supports and strategies for small and medium sized businesses, local utilities and infrastructure, and nonprofit organizations
- Five state government employee Cyber Defense 101 workshops (Hawaii, Kauai, Maui & two on Oahu) engaging and educating front line employees in cooperation with the State Office of Enterprise Technology Services (ETS)
- Execution of the Hawaii Corporate Security Symposium with the Department of Homeland Security which may be expanded to include international companies (allied nations of the U.S.).
- Three Industry Specific Workshops/initiatives focused on strengthening the cyber awareness and defense as it relates to their field (ie. Real estate, senior citizens, nonprofit organizations, financial institutions)

- Creation of a Speaker's Bureau to create access statewide to professionals and peers knowledgeable and experienced in cyber defense strategies and attacks

**3. The public purpose and need to be served;**

With ever expanding technological advancements, locally and globally cyber security is one of our most significant concerns as it poses a constant threat to national security as well as the health, safety, and quality of life of all our residents.

Keeping ahead of these threats means being on both the offense and defense when it comes to protecting public and private entities and individuals from attacks. Cyber risks affect all aspects of our daily lives from utilities (power and water), telecommunications, energy and fuel, healthcare, transportation and financial services. An attack on any one of these critical infrastructures could cripple our state and have devastating and long standing impacts on our well developed industries, let alone our state and county governments.

**4. Describe the target population to be served; and**

A broad cross section of public and private entities, including but not limited to state departments and employees, nonprofit organizations, and Hawaii businesses and organizations statewide, including critical infrastructures such as transportation, energy and fuel, telecommunications, financial institutions, health, defense, tourism and construction. Ad, a concerted effort to include our neighbor islands.

**5. Describe the geographic coverage.**

Geographic coverage would be statewide.

**III. Service Summary and Outcomes**

The Service Summary shall include a detailed discussion of the applicant's approach to the request. The applicant shall clearly and concisely specify the results, outcomes, and measures of effectiveness from this request. The applicant shall:

**1. Describe the scope of work, tasks and responsibilities;**

The scope of work, tasks and responsibilities for CyberHawaii will include, but not be limited to:

- Working with national leaders such as the Cyber Readiness Institute (CRI) to develop targeted and focused curriculum, training modules and resources for use by Hawaii public and private entities and individuals and partnering with local business and nonprofit entities such as the Hawaii Chamber of Commerce, the

Maui Economic Development Board, Hawaii Island Economic Development Board, and the Kauai Chamber of Commerce.

- Partnering with the State Office of Enterprise Technology Services, Department of Human Resource Development and local unions to engage and educate state employees and team leaders statewide.
- Taking the lead with the Department of Homeland Security, Federal Bureau of Investigations, National Security Agency, and INDOPACOM to put on the Hawaii Corporate Security Symposium, to possibly include international participation.
- Engaging CyberHawaii members to develop and build an extensive Speaker's Bureau and Presentation Library to create access statewide to professionals and training materials.
- Responding to requests for education and outreach support from various sectors of Hawaii's economy and local communities, such as nonprofit organizations, the real estate industry, senior citizens and financial institutions.

**2. Provide a projected annual timeline for accomplishing the results or outcomes of the service;**

- Four Neighbor Island Cyber Defense 2.0 Workshops: Summer/Fall of 2020
- Hawaii Corporate Security Symposium: Set with DHS for November 2020
- Five State Government Employee Workshops: Fall/Winter of 2020/21.  
CyberHawaii completed a pilot workshop in December 2019, presenting to the Joint Labor Management Committee in Hilo
- Three Industry Specific Workshops: Summer/Fall of 2020
- Speakers Bureau: Launch Summer 2020

**3. Describe its quality assurance and evaluation plans for the request. Specify how the applicant plans to monitor, evaluate, and improve their results; and**

CyberHawaii will utilize operational best practices and develop assessment and feedback policies and tools to maintain quality assurance and evaluation of its programs and services.

Opportunities for assessment are built into Cyber Defense workshops and follow up engagement provide CyberHawaii with the ability to determine impact and effectiveness. Debrief sessions with partners and CyberHawaii members are done routinely to ensure both quality and effectiveness of programming.

**4. List the measure(s) of effectiveness that will be reported to the State agency through which grant funds are appropriated (the expending agency). The measure(s) will provide a standard and objective way for the State to assess the program's achievement or accomplishment. Please note that if the level of appropriation differs from the amount included in**

**this application that the measure(s) of effectiveness will need to be updated and transmitted to the expending agency.**

CyberHawaii is committed to completing the deliverables outlined above and adhere to the quality assurance and evaluation methods and tools as described. Upon completion, CyberHawaii will compile and submit a summary report of our impact and findings to the expending state agency as required.

#### **IV. Financial**

##### **Budget**

1. The applicant shall submit a budget utilizing the enclosed budget forms as applicable, to detail the cost of the request.
  - a. Budget request by source of funds ([Link](#))
  - b. Personnel salaries and wages ([Link](#))
  - c. Equipment and motor vehicles ([Link](#))
  - d. Capital project details ([Link](#))
  - e. Government contracts, grants, and grants in aid ([Link](#))
  
2. **The applicant shall provide its anticipated quarterly funding requests for the fiscal year 2021.**

Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total Grant
\$50,000	\$50,000			

3. **The applicant shall provide a listing of all other sources of funding that they are seeking for fiscal year 2021.**

CyberHawaii is a member based, dues paying, nonprofit organization and will be seeking additional funds from business and industry entities seeking to partner on key initiatives.

4. **The applicant shall provide a listing of all state and federal tax credits it has been granted within the prior three years. Additionally, the applicant shall provide a listing of all state and federal tax credits they have applied for or anticipate applying for pertaining to any capital project, if applicable.**

None

5. **The applicant shall provide a listing of all federal, state, and county government contracts, grants, and grants in aid it has been granted within the prior three years and will be receiving for fiscal year 2021 for program funding.**

\$60,000 Grant In Aid from the Hawaii State Legislature

**6. The applicant shall provide the balance of its unrestricted current assets as of December 31, 2019.**

Current Unrestricted Assets: \$50,832

**V. Experience and Capability**

**1. Necessary Skills and Experience**

**The applicant shall demonstrate that it has the necessary skills, abilities, knowledge of, and experience relating to the request. State your experience and appropriateness for providing the service proposed in this application. The applicant shall also provide a listing of verifiable experience of related projects or contracts for the most recent three years that are pertinent to the request.**

CyberHawaii, organized as a Hawaii nonprofit since 2017, has successfully accomplished the following:

- Partnered with the Department of Homeland security (DHS) to put on an annual Corporate Security Symposium since 2018, with plans underway for 2020. More than 200 attendees participated in the full day event in 2019.
- Grown its membership to 31 dues paying members, 9 government partners, 8 strategic affiliate partners, and is reaching out to critical nonprofit organizations to join free of charge.
- Further establishing collaborative relationships with federal, state and local government agencies: NSA, FBI, DHS, USINDOPACOM, State Department of Defense, State Office of Enterprise Technology Services and the Board of Water Supply.
- Supported UH's GenCyber Camps for students and teachers as a collaboration with NSA and the National Science Foundation.
- CyberHawaii's Education and Workforce Committee led the first NSA Day of Cyber in Hawaii for students in the Fall of 2018 with prizes given to the winning schools: Kapolei HS and Kauai HS. 38 schools and 2,776 students participated.
- Expanded student outreach holding the first ever CyberHawaii Girl Scouts PSA and Poster Contest in 2019 and supporting students participating in the picoCTF (Capture the Flag) contest.
- Annually supports the Future Focus Innovation Conference's Cybersecurity session, bringing in such keynote speakers as Sony's Chief Information Security Officer at the time of their breach, U.S. Army Cyber Commander to the Dean of the NSA Cyber College, Glenn Hernandez of the US Cyber Challenge, and Kevin Klein, Homeland Security Advisor to the Governor of Colorado who was the first in the country to issue an emergency declaration due to a cyber attack.
- Brought in industry and federal resources to host workshops on resilience, business email compromise, and phishing alerts and campaigns.
- Participated in the University of Hawaii at West Oahu Internship Program.

## 2. Facilities

**The applicant shall provide a description of its facilities and demonstrate its adequacy in relation to the request. If facilities are not presently available, describe plans to secure facilities.**

CyberHawaii's office is located at 2800 Woodlawn Drive, Suite 115, Honolulu, Hawaii 96822

## VI. Personnel: Project Organization and Staffing

### 1. Proposed Staffing, Staff Qualifications, Supervision and Training

**The applicant shall describe the proposed staffing pattern and proposed service capacity appropriate for the viability of the request. The applicant shall provide the qualifications and experience of personnel for the request and shall describe its ability to supervise, train and provide administrative direction relative to the request.**

CyberHawaii is directed by its Board of Directors, who work with staff to execute its programs and activities. Board members represent a cross section of Hawaii's industries—consulting, information technology, telecommunications, retail and financial services.

### 2. Organization Chart

**The applicant shall illustrate the position of each staff and line of responsibility/supervision. If the request is part of a large, multi-purpose organization, include an organization chart that illustrates the placement of this request.**

CyberHawaii's Board of Directors is composed of its President, Vice President, Secretary and Treasurer. Staff executes programs, activities and outreach approved by the Board.

### 3. Compensation

**The applicant shall provide an annual salary range paid by the applicant to the three highest paid officers, directors, or employees of the organization by position title, not employee name.**

Consulting Team: \$126,188

## VII. Other

**1. Litigation**

**The applicant shall disclose any pending litigation to which they are a party, including the disclosure of any outstanding judgement. If applicable, please explain.**

None

**2. Licensure or Accreditation**

**The applicant shall specify any special qualifications, including but not limited to licensure or accreditation that the applicant possesses relevant to this request.**

None

**3. Private Educational Institutions**

**The applicant shall specify whether the grant will be used to support or benefit a sectarian or non-sectarian private educational institution. Please see Article X, Section 1, of the State Constitution for the relevance of this question.**

No

**4. Future Sustainability Plan**

**The applicant shall provide a plan for sustaining after fiscal year 2020-21 the activity funded by the grant if the grant of this application is:**

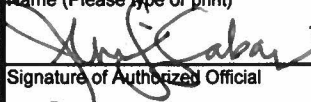

- (a) Received by the applicant for fiscal year 2020-21, but
- (b) Not received by the applicant thereafter.

CyberHawaii is a member based, dues paying nonprofit organization that relies on its member's support for operations.
