Department of Commerce and Consumer Affairs

CERTIFICATE OF GOOD STANDING

I, the undersigned Director of Commerce and Consumer Affairs of the State of Hawaii, do hereby certify that according to the records of this Department,

GLAD LIFE INC.

was incorporated under the laws of Hawaii on 04/10/2014 ; and that it is an existing corporation in good standing, and is duly authorized to transact business.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Department of Commerce and Consumer Affairs, at Honolulu, Hawaii.

Dated: January 10, 2020

Director of Commerce and Consumer Affairs

**DECLARATION STATEMENT OF
APPLICANTS FOR GRANTS PURSUANT TO
CHAPTER 42F, HAWAII REVISIED STATUTES**

The undersigned authorized representative of the applicant certifies the following:

- 1) The applicant meets and will comply with all of the following standards for the award of grants pursuant to Section 42F-103, Hawaii'i Revised Statutes:
 - a) Is licensed or accredited, in accordance with federal, state, or county statutes, rules, or ordinances, to conduct the activities or provide the services for which a grant is awarded;
 - b) Complies with all applicable federal and state laws prohibiting discrimination against any person on the basis of race, color, national origin, religion, creed, sex, age, sexual orientation, or disability;
 - c) Agrees not to use state funds for entertainment or lobbying activities; and
 - d) Allows the state agency to which funds for the grant were appropriated for expenditure, legislative committees and their staff, and the auditor full access to their records, reports, files, and other related documents and information for purposes of monitoring, measuring the effectiveness, and ensuring the proper expenditure of the grant.

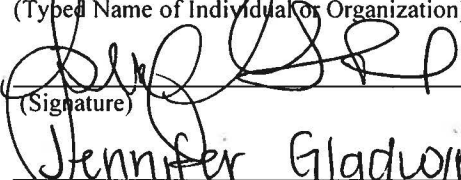

- 2) If the applicant is an organization, the applicant meets the following requirements pursuant to Section 42F-103, Hawaii'i Revised Statutes:
 - a) Is incorporated under the laws of the State; and
 - b) Has bylaws or policies that describe the manner in which the activities or services for which a grant is awarded shall be conducted or provided.

- 3) If the applicant is a non-profit organization, it meets the following requirements pursuant to Section 42F-103, Hawaii'i Revised Statutes:
 - a) Is determined and designated to be a non-profit organization by the Internal Revenue Service; and
 - b) Has a governing board whose members have no material conflict of interest and serve without compensation.

Pursuant to Section 42F-103, Hawaii'i Revised Statutes, for grants used for the acquisition of land, when the organization discontinues the activities or services on the land acquired for which the grant was awarded and disposes of the land in fee simple or by lease, the organization shall negotiate with the expending agency for a lump sum or installment repayment to the State of the amount of the grant used for the acquisition of the land.

Further, the undersigned authorized representative certifies that this statement is true and correct to the best of the applicant's knowledge.

Application for Grants

If any item is not applicable to the request, the applicant should enter "not applicable".

I. Certification – Please attach immediately after cover page

1. Certificate of Good Standing (If the Applicant is an Organization)

If the applicant is an organization, the applicant shall submit one (1) copy of a certificate of good standing from the Director of Commerce and Consumer Affairs that is dated no earlier than December 1, 2019.

2. Declaration Statement

The applicant shall submit a declaration statement affirming its compliance with Section 42F-103, Hawaii Revised Statutes. ([Link](#))

3. Public Purpose

The applicant shall specify whether the grant will be used for a public purpose pursuant to Section 42F-102, Hawaii Revised Statutes. ([Link](#))

The grant in aid funds will be used to benefit the residents of the County of Maui according to section 42F-102

II. Background and Summary

This section shall clearly and concisely summarize and highlight the contents of the request in such a way as to provide the State Legislature with a broad understanding of the request. Please include the following:

1. A brief description of the applicant's background;

Glad Life Inc is a company on Maui that works to provide wellness and fitness services across sectors and to diverse populations. Our expertise is in organization of large groups and programming. Some of our clients include Wailea resort guests and staff as well as community organizations such as Kelea Foundation, Maui Country Club, and Adaptive Hawaii. We maintain a staff of 5-8 trained fitness and wellness contracted coaches, including Red Cross certified lifeguards and swim coaches. With our community partners, Kelea Foundation and Adaptive Hawaii, as well as coordination with other ocean tour companies and small business, Glad Life Inc provides all aspects of sports program implementation for large and small groups. Our services include, volunteer and staff safety and procedure training, program accessibility consultation, program

design, program marketing, and finally program execution. Our repertoire of programs includes, Learn to Swim, general public safety courses (CPR/First Aid), ocean safety and awareness, surfing, paddleboarding, Kayaking, fitness including yoga and functional movement classes, self development and mindfulness workshops and coordinated volunteer efforts. Our specialty is working with highly diverse groups, from children to adults. Accessibility and inclusion is a core value of our company and its operations.

2. The goals and objectives related to the request;

The goal of this grant proposal is to create a pilot program for Maui County for a sustainable and scalable free adaptive swimming program for residents with physical disabilities. Our objective is to increase physical and mental health outcomes for our most vulnerable populations and create a culture of awareness around accessibility and inclusion through community water experiences. By 2021, 100 Maui residents with disabilities will be trained in pool and water safety through a eight 4 week long program sessions led by Glad Life Inc coaches.

3. The public purpose and need to be served;

In our work with Adaptive Hawaii and Kelea Foundation, we have found that many of Maui County children and adults can not swim. This is supported by research by the Aspen Institute that found that half of Hawaii's children cannot swim (State of Play Report- Hawaii). For various cultural and socioeconomic reasons and despite limited low cost public classes available, access to safe water experiences is not widely available to all residents of Maui County. Even more excluded from community swimming is the physically disabled community in Maui. The physical, social, emotional and cultural benefits of the ocean and water is widely researched and the ways it improves the lives of people is most obvious to those of us who live here in Hawaii. We seek to create a more equitable access to swimming instruction and water for all of our residents, firstly because it is simply the right thing to do, but also because we want to help improve the health outcomes of our neighbors, family and friends. Because of the difficulty in access in public spaces, many people with mobility difficulties stay at home, lacking connection, mental and physical stimulation, support, love and fun. The water is a great connector, connecting a person both to themselves and also to each other Our goal is to create a space for participants to 1. Challenge their limits and try new things 2. Get into public spaces to connect to others 3. Move their bodies in easy and gentle ways 4. Build strength, stamina and stability in a low impact environment 5. Learn water safety skills. 6. Build whole community awareness of accessibility and inclusion issues.

4. Describe the target population to be served; and

The target populations for this pilot program are residents of Maui County with physical disabilities, including but not limited to spinal cord injury, muscle or neurological injury or disease, limb deficiency or amputations, visual or auditory impairment, and limited mobility issues due to medical complications.

5. Describe the geographic coverage.

For the first year pilot program we are focusing our program pools in Central Maui, but inviting all Maui County residents to apply for participation. Our end goal beyond the first year is expansion throughout Maui County including Molokai and Lanai.

III. Service Summary and Outcomes

The Service Summary shall include a detailed discussion of the applicant's approach to the request. The applicant shall clearly and concisely specify the results, outcomes, and measures of effectiveness from this request. The applicant shall:

1. Describe the scope of work, tasks and responsibilities;

The program outline consists of two types of swim experiences, private sessions and group sessions. The program will consist of eight cohorts of 4 week skills based sessions held 2x per week. The first hour of each session will have 20 minute increments for private instruction for those who require intensive hands-on assistance of both the instructor and the participants' own personal aid. The second hour of each session will be group based for participants with less intensive hands on needs or basic knowledge of water safety. Within the 4 week timeline, instructors will follow a loose skills based format, adaptable to each participant's mobility level. Skills taught will include.

1. Finding sense of buoyancy
2. Flipping over from front to back floating
3. Breath control
4. Adapted swim strokes

There will be two water safety instructors at each session. This will provide accommodations for up to 6 participants in the first hour and up to 10 the second hour of each session. These numbers may vary based on the physical requirements of each participant in each cohort. The instructors will be Red Cross certified lifeguards and hold a fitness trainer certification or higher education as well as in house adaptive swim specific training. All sessions will be held in public pools with at least 1 lifeguard on duty.

2. Provide a projected annual timeline for accomplishing the results or outcomes of the service;

Our pilot program consists of 8 cohorts of 4 week sessions within a year, so Glad Life Inc will be able to serve between 110-130 people with disabilities in the first year. Our goal is to create an ongoing program that builds competency and increased participation, building on our core group participation with each cohort.

The 10 cohorts will be tentatively scheduled in the months from July/Aug/Sept/Oct 2020 and Feb/Mar/Apr/May 2021.

3. Describe its quality assurance and evaluation plans for the request. Specify how the applicant plans to monitor, evaluate, and improve their results; and

Each participant will begin the 4 week program with a 3-step evaluation process. All coaches will be trained prior to the program start date on how to properly administer in water evaluations. Additionally each cohort will be given an exit survey to measure service success and to collect any anecdotal evidence available. All materials will be accessible. After each cohort, a collection of this data will be used to determine successful outcomes and areas for improvement. Glad Life Inc will gather and publish results in a quarterly impact and growth report, available to the public via website. All data will be reported with no personal information about participants.

Evaluation includes:

- 1. A medical history form**
- 2. Sense of Wellness form**

This is a 1-5 scale self reporting sense of wellness survey.

Questions to be included are:

Section One: quantitative sense of health

1. What level of pain do you experience on a typical day?
2. What level of anxiety do you have on a typical day?
3. What level of stress do you have on a typical day?
4. What is your current level of difficulty with mobility/getting around the community?

Section Two- quantitative sense of wellness

5. What is your comfort level in the water?
6. What is your current level of confidence?
7. What would you say your level of happiness is?
8. What do you feel your level of health is at?

Section Three- qualitative

9. What are your goals for this program? (Entry Question)
10. Do you feel that you have accomplished your goals in this program? (Ending Question)

Participants will be given the same self reporting survey post program to measure sense of wellness outcomes. The goal is a decrease in numbers reported for section one and an increase in numbers reported for section two by the end of the 4 week program. A general feedback section will be added to the exit survey.

3. Swim Skills Evaluation

Skills to be evaluated will be based on our 4 physical goals with skills that may be unique to each person or group based on the mobility of the participants for that cohort. Each skill will be rated on a scale of 1-4, from does not perform skill to performs skill at above proficient level.

Participants will be rated on each of these skills again post program on a scale of 1-4 to mark improvement.

A physical therapist will be contracted to review all medical history, evaluation reports and individual learning plans at the beginning of each cohort. Additionally they will be available for consultation throughout the program at a contracted fee for service hourly rate.

4. **List the measure(s) of effectiveness that will be reported to the State agency through which grant funds are appropriated (the expending agency). The measure(s) will provide a standard and objective way for the State to assess the program's achievement or accomplishment. Please note that if the level of appropriation differs from the amount included in this application that the measure(s) of effectiveness will need to be updated and transmitted to the expending agency.**

Measures of effectiveness will include a 50% increase in all numbers in the self reported sense of wellness survey. Numbers from each section will be combined for an average "wellness score." Beginning scores will be measured against post program scores. This is a self reported sense of wellness score and may have several outside influencing factors.

Additional measures of success will be a 50% improvement in skills assessment from beginning to end of 4 week programming. Numbers from each skill assessed will be added for an average "skills score." The beginning and end scores will be compared with a percentage increase of 50% being considered extremely successful.

Other information collected and reported quarterly will include overall improvement of physical symptoms and diagnosis of participants as well as qualitative evidence supporting success or indicating room for improvement.

Individual Surveys will be available with each report with personally identifying information redacted.

IV. Financial

Budget

1. The applicant shall submit a budget utilizing the enclosed budget forms as applicable, to detail the cost of the request. **Please see attached**
 - a. Budget request by source of funds ([Link](#))
 - b. Personnel salaries and wages ([Link](#))
 - c. Equipment and motor vehicles ([Link](#))
 - d. Capital project details ([Link](#))
 - e. Government contracts, grants, and grants in aid ([Link](#))

2. **The applicant shall provide its anticipated quarterly funding requests for the fiscal year 2021.**

Q1: \$7560 Q2: \$4556 Q3: \$4556 Q4: \$4556 Total \$21,174

3. **The applicant shall provide a listing of all other sources of funding that they are seeking for fiscal year 2021.**

4.

N/A

4. **The applicant shall provide a listing of all state and federal tax credits it has been granted within the prior three years. Additionally, the applicant shall provide a listing of all state and federal tax credits they have applied for or anticipate applying for pertaining to any capital project, if applicable.**

N/A

5. **The applicant shall provide a listing of all federal, state, and county government contracts, grants, and grants in aid it has been granted within the prior three years and will be receiving for fiscal year 2021 for program funding.**

N/A

6. **The applicant shall provide the balance of its unrestricted current assets as of December 31, 2019.**

\$ 0

V. Experience and Capability

1. Necessary Skills and Experience

The applicant shall demonstrate that it has the necessary skills, abilities, knowledge of, and experience relating to the request. State your experience and appropriateness for providing the service proposed in this application. The applicant shall also provide a listing of verifiable experience of related projects or contracts for the most recent three years that are pertinent to the request.

Glad Life Inc has been coordinating large group and private swim coaching for over 6 years in Maui County. Head Coach, Jenn Gladwin is a Red Cross lifeguard instructor with over 2 year experience instructing lifeguarding and CPR/First Aid and 4 years as a private lifeguard.

The company has taught and coached over 180 children and adults in swimming via its various program participation, including the Hawaii Aquatics Academy, Swimming Maui, Kelea Foundation and Adaptive Maui.

Glad Life Inc (formerly Get Glad Maui LLC) is highly experienced at running large scale programming through its 7 years of designing and implementing wellness and fitness services for Wailea Beach Resort. Additionally Glad Life Inc has been helping Kelea Foundation implement sports camp programming for women and girls for over 7 years, helping nearly 75 females learn new swimming and safety skills every year. Since 2017 Glad Life Inc has been working with community members in Maui county as well as visiting adaptive athletes to make surfing and swimming accessible and inclusive on Maui through our Adaptive Maui programs. We have become well versed in adapting sports and recreation for various mobility levels.

In addition to our extensive program background, all activities will be monitored and overseen by a licenced physical therapist.

2. Facilities

The applicant shall provide a description of its facilities and demonstrate its adequacy in relation to the request. If facilities are not presently available, describe plans to secure facilities.

Glad Life Inc is currently working with Maui County to secure permits for pool use and program implementation. All Maui County pools are equipped with accessible chair lifts for participants and are ADA compliant. However, moving some participants with extremely limited mobility will require an additional hooyer lift provided by the program. This life will be transportable and stay with the Head Coach as part of program specific equipment. Addition equipment funding has also been requested for 2 floatation systems for participants with difficulty controlling head movement.

VI. Personnel: Project Organization and Staffing

1. Proposed Staffing, Staff Qualifications, Supervision and Training

The applicant shall describe the proposed staffing pattern and proposed service capacity appropriate for the viability of the request. The applicant shall provide the qualifications and experience of personnel for the request and shall describe its ability to supervise, train and provide administrative direction relative to the request.

Head Coach

Oversight, planning, training and implementation of all Glad Life Inc programs and client services. Pay for all adaptive swimming responsibilities will be hourly and according to hours spent in water training with consumers. All administrative hours will be absorbed by the organizational salary.

Adaptive Swim Program Responsibilities will Include:

- Pre Program staff training including Red Cross lifeguarding certification
- Program Marketing
- Community Collaboration Coordination
- Participant organization and advocacy
- In water evaluations **(Hourly Rate)**
- Individual program design (per participant)
- Pre and Post program survey collection and reporting
- Implementing safety plan each week
- Coordination with County pools and lifeguards
- Coaching In water session **(Hourly Rate)**

Jennifer Gladwin is the head coach of Glad Life Inc. In her capacity as head coach, she is responsible for all aspects of business operations. Her role includes sales, marketing, client program design, safety planning and training, staff development, and community relations. Most notably, she has designed a coach training program specifically for classes with diverse populations, she has also developed a comprehensive swimming curriculum for a diverse set of students, including those who struggle with tremendous fear and those with mobility limitations.

Additionally, Jennifer is the founder and volunteer executive director of Kelea Foundation, an organization on Maui dedicated to empowering people through water sports. In this capacity she has built programs from the ground up including their signature program for girls 8 to 18 called Girls In the Lineup. This program is completely inclusive and uses the ocean and sports as a means for self development and leadership building. Jennifer has travelled the world networking and consulting for organizations in developing communities using surfing and ocean sports for community building and resilience. She holds a BA from the University of California, Santa Barbara with a specific focus on outdoor leadership training. Additionally she is a Red Cross

lifeguard instructor, able to certify in several safety disciplines including CPR, First Aid, AED and Lifeguarding. She currently holds an NASM CPT (Certified Personal Trainer) certification and will continue with an FMS functional sports training certificate this year. In addition Jennifer holds a level 1 Deepend fitness certification, in underwater exercise.

Assistant Coach

The assistant coach will be paid an hourly rate based on in water time with participants. Responsibilities include:

- Assisting head coach with all hands on in water training
- Leading private and group sessions with the supervision of the head coach according to the prescribed individual plan
- Safety plan implementation
- Assisting head coach in survey collection

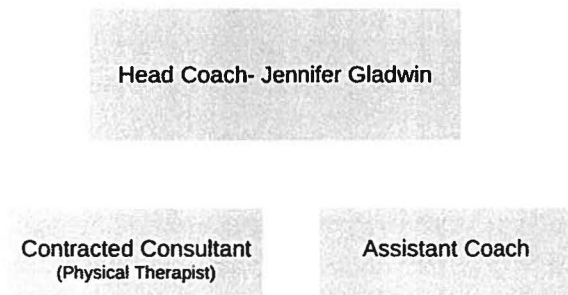

Program Physical Therapist

The program PT will be contracted to provide program design oversight and consultation services with each new cohort. This will be an hourly paid contract not to exceed 4 hours per month.

Megan Brothen received her DPT (Doctorate of Physical Therapist) from the University of Wisconsin. Her specialty has been in sport injury, rehab and training. She has experience working with clients with cerebral palsy in water and has seen the incredible benefits of water on her clients. She is currently an in home Physical Therapist and works with Glad Life Inc clients in our offices as well as at their homes. Megan will oversee and approve program design for each consumer in the program as well as get in the water as an assistant coach.

2. Organization Chart

The applicant shall illustrate the position of each staff and line of responsibility/supervision. If the request is part of a large, multi-purpose organization, include an organization chart that illustrates the placement of this request.

3. Compensation

The applicant shall provide an annual salary range paid by the applicant to the three highest paid officers, directors, or employees of the organization by position title, not employee name.

Head Coach: \$30,000/ yr

VII. Other

1. Litigation

The applicant shall disclose any pending litigation to which they are a party, including the disclosure of any outstanding judgement. If applicable, please explain.

N/A

2. Licensure or Accreditation

The applicant shall specify any special qualifications, including but not limited to licensure or accreditation that the applicant possesses relevant to this request.

N/A

3. Private Educational Institutions

The applicant shall specify whether the grant will be used to support or benefit a sectarian or non-sectarian private educational institution. Please see Article X, Section 1, of the State Constitution for the relevance of this question.

N/A

4. Future Sustainability Plan

The applicant shall provide a plan for sustaining after fiscal year 2020-21 the activity funded by the grant if the grant of this application is:

- (a) Received by the applicant for fiscal year 2020-21, but**
- (b) Not received by the applicant thereafter.**

With this pilot program, Glad Life Inc will be able to grow the amount of safe adaptive swimmers and trained care takers on Maui. This base of consumers will

help to create community awareness and it is hoped community support throughout the program implementation. During the growth of this initial year, the program will seek to raise additional funds through our non profit partners and small business sponsorships for the 21/22 fiscal year. Once the program has proof of concept and momentum, we will also pursue grant funding through other private and public organizations.
