# A BILL FOR AN ACT

RELATING TO LIQUOR LAWS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that state law does not  
2 fully encompass the changing needs of the craft brewing  
3 industry. Responsible consumption of alcohol and consumer  
4 awareness of the products they are served remain fundamentally  
5 important, and can be maintained while updating liquor laws to  
6 better reflect the craft beer industry.

7           The legislature also finds that state law requires tap  
8 handles with the name or brand of the draught beer placed on the  
9 faucet, spigot, or outlet from where the beer is drawn. This  
10 requirement does not account for changes in technology, product  
11 line, and consumer interactions with servers. As a matter of  
12 practicality, craft beer names are often longer than will fit in  
13 the space available on a tap handle. Furthermore, a required  
14 tap handle provides no additional assurance of what has been  
15 poured when the customer is not seated within view of the  
16 draught beer taps. Many brewpubs and taprooms provide a display  
17 board on a display screen or blackboard near the tap handles or

1 menus, which provide a greater amount of information for each  
2 draught beer available on tap than can be found on a tap handle.  
3 Such information allows consumers to make better choices relying  
4 on information far beyond what is provided by attachment of a  
5 tap handle only.

6       The tap handle requirement is increasingly burdensome for  
7 one-time specialty beer products and seasonal offerings, which  
8 may be on draught beer taps for a few days or weeks of the year.  
9 Because establishments offering craft beer have a more rapid  
10 rotation of their offerings, it is more difficult and expensive  
11 for craft beer manufacturers to have tap handles for each  
12 offering throughout the year.

13       The legislature also finds that under Hawaii law, the  
14 county liquor commissions and liquor control commissions are  
15 required to adopt rules to address responsible consumption of  
16 alcohol. Under these rules, some of the counties have defined  
17 stacking to mean having more than two standard servings of  
18 drinks before a customer at any one time, although the  
19 description of standard serving size varies by county. Concerns  
20 have been raised that defining stacking based on the number of  
21 drinks, rather than on the total volume served, does not allow

1 breweries, brewpubs, and taprooms to serve small volumes of  
2 sample sizes.

3       As part of Hawaii's tourist based economy, visitors will  
4 often seek out new breweries and craft beer offerings unique to  
5 Hawaii and will often want to try smaller volumes of various  
6 beer styles. Servings are often referred to as a flight or  
7 sampler selection with four or five beer styles, typically a  
8 four to six ounce pour of each. The total volume served in a  
9 flight or sampler selection is below the current standard  
10 serving size limitations set by the county liquor and liquor  
11 control commissions.

12       The purpose of this Act is to:

- 13       (1) Repeal the requirement of a direct attachment of a tap  
14             handle, label, notice, placard, or marker on a draught  
15             beer faucet, spigot, or outlet; and
- 16       (2) Clarify the definition of stacking and serving size  
17             that may be adopted by the county liquor and liquor  
18             control commissions.

19       SECTION 2. Section 281-78, Hawaii Revised Statutes, is  
20 amended by amending subsection (b) to read as follows:

1           "(b) At no time under any circumstances shall any licensee  
2 or its employee:

3           (1) Sell, serve, or furnish any liquor to, or allow the  
4 consumption of any liquor by:

5           (A) Any minor;

6           (B) Any person at the time under the influence of  
7 liquor;

8           (C) Any person known to the licensee to be addicted  
9 to the excessive use of intoxicating liquor; or

10          (D) Any person for consumption in any vehicle that is  
11 licensed to travel on public highways;

12 provided that the consumption or sale of liquor to a  
13 minor shall not be deemed to be a violation of this  
14 subsection if, in making the sale or allowing the  
15 consumption of any liquor by a minor, the licensee was  
16 misled by the appearance of the minor and the  
17 attending circumstances into honestly believing that  
18 the minor was of legal age and the licensee acted in  
19 good faith; and provided further that it shall be  
20 incumbent upon the licensee to prove that the licensee  
21 so acted in good faith;

1           (2) Permit any liquor to be consumed on the premises of  
2           the licensee or on any premises connected therewith,  
3           whether there purchased or not, except as permitted by  
4           the terms of its license;

5           (3) Permit any liquor to be sold or served by any person  
6           eighteen to twenty years of age except in licensed  
7           establishments where selling or serving the  
8           intoxicating liquor is part of the minor's employment,  
9           and where there is proper supervision of these minor  
10          employees to ensure that the minors shall not consume  
11          the intoxicating liquor;

12          (4) Permit any liquor to be sold or served by any person  
13          below the age of eighteen years upon any licensed  
14          premises, except in individually specified licensed  
15          establishments found to be otherwise suitable by the  
16          liquor commission in which an approved program of job  
17          training and employment for dining room waiters and  
18          waitresses is being conducted in cooperation with the  
19          University of Hawaii, the state community college  
20          system, or a federally sponsored personnel development

1 and training program, under arrangements that ensure  
2 proper control and supervision of employees;

3 (5) Knowingly permit any person under the influence of  
4 liquor or disorderly person to be or remain in or on  
5 the licensed premises;

6 (6) Fail to timely prevent or suppress any violent,  
7 quarrelsome, disorderly, lewd, immoral, or unlawful  
8 conduct of any person on the premises;

9 ~~[(7) Sell any draught beer unless upon the faucet, spigot,  
10 or outlet wherefrom the beer is drawn there is  
11 attached a clear and legible notice, placard, or  
12 marker which in the English language indicates and  
13 declares the name or brand adopted by the manufacturer  
14 of the draught beer, so situated as to be clearly  
15 legible for a distance of at least ten feet from the  
16 spigot, faucet, or outlet, to a purchaser with normal  
17 vision;] or~~

18 ~~[(8)]~~ (7) Receive from a person, as payment or as a  
19 consideration for liquor, any personal or household  
20 goods, including clothing and food, or any implements  
21 of trade. Any person violating this paragraph shall

1 be guilty of a misdemeanor and upon conviction shall  
2 be punished as provided in section 281-102."

3 SECTION 3. Section 281-78.5, Hawaii Revised Statutes, is  
4 amended by amending subsection (b) to read as follows:

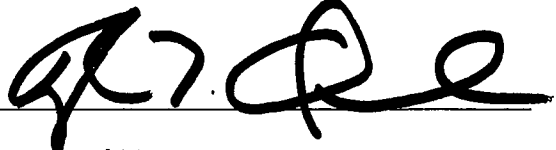

5 "(b) The liquor commission shall adopt rules pursuant to  
6 chapter 91 to prohibit specific liquor promotion practices which  
7 promote excessive consumption of liquor[-]; provided that any  
8 rules adopted by the counties related to the stacking of liquor  
9 shall specify that:

- 10 (1) Stacking of beer shall be defined based on a standard
- 11 serving size of total volume; and
- 12 (2) A standard serving size of beer shall be defined as
- 13 not exceeding a total volume of forty-four ounces
- 14 before a customer at any one time."

15 SECTION 4. Statutory material to be repealed is bracketed  
16 and stricken. New statutory material is underscored.

17 SECTION 5. This Act shall take effect on July 1, 2019.
