
A BILL FOR AN ACT

RELATING TO GUN VIOLENCE PREVENTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that gun violence is a
2 significant public health and public safety problem.
3 Nationwide, there are thirty thousand deaths related to gun
4 violence annually, and the economic cost of gun violence was
5 estimated at \$229,000,000,000 in 2012.

6 The legislature further finds that the tragic spike in
7 well-publicized mass shootings of recent years accounts for less
8 than one per cent of all gun violence. Across the nation, rates
9 of fatal gun violence have remained essentially unchanged for
10 more than a decade, as declines in homicide have been offset by
11 increases in suicide. Suicide is the leading cause of fatal
12 injury in Hawaii, with one person dying by suicide every two
13 days. Twenty per cent of these deaths involve a gun.

14 The legislature further finds that too little is known
15 about gun violence and its prevention. This is due to a dire
16 lack of research. In 1996, Congress passed the Dickey

1 Amendment, with a provision which prevents the use of federal
2 money for gun violence research and prevention.

3 As a result of this effective ban on gun violence research,
4 funding for gun violence prevention research has declined
5 dramatically. According to a study published in the Journal of
6 the American Medical Association, between 2004 and 2015 research
7 related to gun violence was substantially underfunded and
8 understudied compared with other leading causes of death. The
9 study said that the \$22,000,000 spent on gun violence research
10 represented only a paltry 1.6 per cent of the \$1,400,000,000 in
11 funding that would be predicted based on the number of deaths
12 caused by guns.

13 Since the federal government has halted research relating
14 to gun violence, both the federal and state governments lack the
15 capacity to analyze data to track black market guns used in
16 crimes and develop evidence-based policies which can save lives.

17 The purpose of this Act is to prevent gun violence and save
18 lives by establishing the Hawaii gun violence prevention center
19 within the University of Hawaii with a mission to analyze and
20 develop strategies to prevent gun violence in Hawaii.

1 SECTION 2. Chapter 304A, Hawaii Revised Statutes, is
2 amended by adding a new subpart to part IV to be appropriately
3 designated and to read as follows:

4 " . Hawaii Gun Violence Prevention Center
5 §304-A Hawaii gun violence prevention center; established.

6 (a) There is established within the University of Hawaii the

11 related violence and its prevention, assist law enforcement, and
12 make recommendations for prevention of gun-related violence.

13 The interdisciplinary work of the center shall address the

16 provide specialized training opportunities for staff members.

17 (g) As a supplement to its own research, the center may
18 administer a grant program for research on gun violence. All
19 research funds shall be awarded on a basis of scientific merit
20 as determined by an open, competitive peer review process that
21 assures objectivity, consistency, and high quality. All

1 qualified investigators, regardless of institutional
2 affiliation, shall have equal access and opportunity to compete
3 for the funds.

4 (h) The peer review process for the selection of grants
5 awarded by the center shall be modeled on the process used by
6 the National Institutes of Health in its grantmaking process.

7 (i) The Hawaii gun violence prevention center shall submit
8 to the governor and the legislature an annual report on its
9 research and findings, program accomplishments, and future
10 direction of the program. This report shall include a financial

18 center and shall provide to the center, upon proper request, the
19 data necessary for the center to conduct its research.

20 (k) The center and all recipients of grants shall provide
21 copies of their research publications to the governor, the

1 legislature, and agencies supplying data used in the conduct of
2 that research as soon as is practicable following publication.

3 **§304-B Hawaii gun violence prevention center special fund.**

4 (a) There is established in the state treasury a special fund
5 to be designated as the Hawaii gun violence prevention center
6 special fund to carry out the purposes of the center. The
7 following moneys shall be deposited into the Hawaii gun violence

9 (1) Appropriations made by the legislature for deposit
10 into the special fund;

11 (2) Donations and contributions made by private
12 individuals or organizations; and

15 purposes of the special fund pursuant to federal law.

16 (b) The Hawaii gun violence prevention center special fund
17 may be used by the center for one or more of the following
18 purposes:

19 (1) Planning, designing, developing, implementing, and
20 reporting on gun violence prevention policies pursuant
21 to this subpart;

- 1 (2) Providing grants to the counties and nongovernmental
- 2 organizations for gun violence prevention in projects
- 3 subject to this subpart; and
