## A BILL FOR AN ACT

RELATING TO THE STATE BUDGET.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. This Act shall be known and may be cited as the  
2 Supplemental Appropriations Act of 2020.

3           SECTION 2. This Act amends Act 5, Session Laws of  
4 Hawaii 2019, and other appropriations and authorizations  
5 effective during fiscal biennium 2019-2021 pursuant to  
6 article VII, section 9, of the State Constitution which provides  
7 that the governor may submit to the legislature a bill to amend  
8 any appropriation for operating expenditures of the current  
9 fiscal biennium and bills to amend any appropriations for  
10 capital expenditures of the current fiscal biennium. As  
11 provided by section 37-72, supplemental budget, Hawaii Revised  
12 Statutes, the supplemental budget reflects the changes being  
13 proposed in the State's program and financial plan and has been  
14 prepared in the manner provided in section 37-71, The Budget,  
15 Hawaii Revised Statutes.

16           Section 37-71(b)(4), Hawaii Revised Statutes, prescribes  
17 that the information provided in the budget be formatted such  
18 that program costs include all costs, including research and  
19 development, operating and capital, regardless of the means of

1 financing. Section 37-71(c)(3), Hawaii Revised Statutes,  
 2 requires a summary listing of all capital improvement projects  
 3 by program, at the lowest level of the program structure, which  
 4 shows for each project, by investment cost elements, the amount  
 5 of new appropriations and authorizations proposed. Under  
 6 section 37-62, Definitions, Hawaii Revised Statutes, "cost  
 7 elements" means the major subdivisions of a cost category. The  
 8 category "capital investment" includes plans, land acquisition,  
 9 design, construction, and equipment and furnishing.

10 SECTION 3. Act 6, Session Laws of Hawaii 2019, is amended  
 11 by repealing section 2.

12 ~~[SECTION 2. The following sums, or so much thereof as may~~  
 13 ~~be sufficient to accomplish the purposes and programs designated~~  
 14 ~~herein, are hereby appropriated or authorized, as the case may~~  
 15 ~~be, from the means of financing specified to the expending~~

## JUSTIFICATION SHEET

DEPARTMENT: Budget and Finance

TITLE: RELATING TO THE STATE BUDGET.

PURPOSE: To adjust and request appropriations for fiscal biennium 2019-2021 funding requirements for operations and capital improvement program (CIP) projects of executive branch agencies and programs; to include appropriations from other departmental budget acts deemed necessary for program operations; and incorporate the executive branch's CIP appropriations from Act 40, Sessions Laws of Hawaii (SLH) 2019.

MEANS: Amend Act 5, SLH 2019 (the General Appropriations Act of 2019), and other budget authorizations effective during fiscal biennium 2019-2021.

JUSTIFICATION: Article VII, section 9, of the Hawaii State Constitution, allows the governor to submit a supplemental budget to the legislature in even-numbered years. A supplemental budget request for fiscal biennium 2019-2021 is necessary to incorporate budget authorizations from other bills, which were deemed necessary for program operations, adjust certain non-discretionary authorizations to reflect revised estimates, and include other proposed adjustments and new requests in the operating and CIP budgets.

Impact on the public: State services provided to the public will be affected by the proposed adjustments and funding levels.

Impact on the department: Statewide program expenditures and operational needs must be closely monitored to ensure that they are within the appropriation levels and available resources.

\*/ Act 40, SLH 2019, to be incorporated into the Executive Supplemental Budget.

The Supplemental Operating Budget Request  
for Fiscal Biennium 2019-2021:

For fiscal year 2019-2020, total proposed adjustments to the operating budget for all means of financing (MOF) amount to a net increase of \$62.5 million, or 0.4 per cent more than the current appropriation level of \$15.632 billion for all MOF. The recommended amount for all MOF is \$15.695 billion. The major requirements are for education, public safety operational requirements and non-discretionary costs.

For fiscal year 2020-2021, total proposed adjustments to the operating budget for all MOF amount to a net increase of \$429.0 million, or 2.7 per cent more than the current appropriation level of \$15.768 billion for all MOF. The recommended amount for all MOF is \$16.197 billion. The major requirements are for education, health and human services, public safety, and transportation.

The Supplemental CIP Budget Request for  
Fiscal Biennium 2019-2021:

For fiscal year 2019-2020, there are no proposed CIP adjustments for all MOF. The current appropriation level for all MOF is \$2.331 billion.

For fiscal year 2020-2021, total proposed CIP adjustments amount to a net increase of \$1.469 billion, or 127 per cent of the current level for all MOF of \$1.156 billion. The recommended amount for all MOF for FY 21 is \$2.625 billion. Total general obligation (G.O.) bond fund adjustments amount to a net total of \$533.2 million, or 121 per cent more than the current G.O. bond fund appropriation level of \$439.3 million. The recommended G.O. bond amount for FY 21 is \$972.5 million. The major requirements are for transportation, education, health, housing, and public safety.

CIP Lapses

Adjustments to CIP authorizations and provisos are included to recommend lapsing a total of \$13.5 million from all MOF (including \$7.7 million in G.O. bond funds) from projects that were authorized in previous Acts.

Statement Regarding the Debt Limit

It has been determined that the total amount of principal and interest calculated on: a) all bonds issued and outstanding; b) all bonds authorized and unissued; and c) all bonds proposed in the supplemental budget (including state guaranties) will not cause the debt limit to be exceeded at the time of each bond issuance.

Statements Regarding the General Fund Expenditure Ceiling

The general fund appropriations included in this measure have been proposed with consideration of the statutorily defined appropriation ceiling for the executive branch pursuant to section 37-92, Hawaii Revised Statutes. The total proposed appropriations from the general fund (which include the Executive Supplemental Budget for fiscal biennium 2019-2021 and administration proposal BUF-08(20), appropriation for bargaining unit 13 collective bargaining increases to be submitted) exceed the appropriation ceiling by \$14,179,623 (or 0.2 per cent) in fiscal year 2019-2020 and by \$24,761,740 (or 0.3 per cent) in fiscal year 2020-2021.

This current declaration takes into account additional general fund appropriations authorized for fiscal year 2019-2020 and fiscal year 2020-2021 in the Executive Supplemental Budget, and administration proposal BUF-08(20), but does not include other general fund appropriations for fiscal

year 2019-2020 and fiscal year 2020-2021 that may be authorized for the executive branch in other legislation submitted to the legislature during the regular session of 2020.

These excesses are due to the costs of collective bargaining, debt service, support of public education, public safety operational requirements, and other critical needs.
