TITLE: A BILL FOR AN ACT RELATING TO PROCUREMENT.

PURPOSE: The purpose of this bill is to revise the Hawaii Revised Statutes 103D-709, Administrative proceedings for review to replace the protest bond amount for a contract with an estimated value of less than \$500,000 from \$1,000 to one-percent; to replace the protest bond amount for a contract with an estimated value of less than \$1,000,000 from \$2,000 to two and one-half percent; to replace the protest bond amount when the estimated value of the contract is \$1,000,000 or more from one-half percent to four and one-half percent; to delete the \$10,000 cap on the protest bond amount.

MEANS: Amend section 103D-709(e), Hawaii Revised Statutes.

JUSTIFICATION: The current cap on the protest bond amount is too low for public works projects that have estimated value exceeding millions of dollars. The State Procurement Code was established with fairness, to increase public confidence, to foster broad-based competition, fiscal responsibility and efficiency in the procurement process. Unfounded and frivolous protests impact procuring agencies by project delays, lapsed funding, and project cost increases.

Impact on the public: Timely delivery of public works projects after procurement and award.

Impact on the department and other agencies: Reduced project delays, funding lapses, and project cost increases.
