
A BILL FOR AN ACT

RELATING TO ECONOMIC DEVELOPMENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that on November 1, 1972,
2 business leaders of Hawaii and Japan met in Honolulu to
3 establish the Japan-Hawaii economic council. Their primary
4 motivations were to further economic relations between Japan and
5 the United States and to recognize Hawaii's important role in
6 that regard. For nearly thirty years, hundreds of business and
7 government leaders from Japan and Hawaii met at annual meetings,
8 alternating between Hawaii and Japan, to discuss and improve
9 business, tourism, investment, education, and other mutually
10 beneficial interests. These meetings improved relations,
11 increased cultural understanding, reduced trade restrictions,
12 and improved the economies of Japan and the United States,
13 particularly Hawaii.

14 The legislature finds that relations between China and
15 Hawaii today are similar to those that began to develop between
16 Japan and Hawaii in the 1960s and 1970s. The legislature
17 further finds that establishment of a similar China-Hawaii

1 economic council will provide an invaluable opportunity to
2 further economic relations between Hawaii and China, including
3 providing a better understanding of cultural differences,
4 facilitating investment, increasing tourism, and promoting
5 trade.

6 The purpose of this Act is to establish the China-Hawaii
7 economic council to further economic relations between China and
8 Hawaii.
