
A BILL FOR AN ACT

RELATING TO TOURISM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii is vulnerable
2 to a wide variety of natural disasters, including volcanic
3 eruptions, tsunamis, wildfires, flooding, and tropical cyclones.
4 This vulnerability was underscored this past year, as the State
5 experienced serious property damage from major flooding events,
6 the close approach of Hurricane Lane, and the landfall of
7 Tropical Storm Olivia. Although much emphasis has been placed
8 on ensuring that our residents are prepared for natural
9 disasters, the State also has a responsibility to ensure the
10 safety of its visitor population. The magnitude of this
11 responsibility is substantial, as the State hosts up to two
12 hundred twenty thousand visitors on any given day.

13 The legislature notes that the Hawaii convention center is
14 a large facility consisting of 1,100,000 square feet across
15 multiple floors, including a two hundred thousand square foot
16 exhibition hall with drive-on floor access and a three hundred
17 fifty-pound per square foot floor load capacity. The convention

1 center also serves as the emergency operations center for the
2 Hawaii tourism authority to address and direct the tourism
3 industry during statewide emergencies. Accordingly, the
4 legislature finds that the convention center could serve as a
5 valuable resource in the case of a natural disaster or other
6 emergency. Specifically, the convention center could shelter
7 visitors from nearby Waikiki and serve as a logistics center
8 from which the Hawaii tourism authority could distribute key
9 emergency supplies.

10 Although the Hawaii tourism authority has access to the
11 tourism emergency special fund established by section 201B-10,
12 Hawaii Revised Statutes, this fund was not intended to be used
13 directly for the convention center. Therefore, the legislature
14 finds that additional funds must be made available to the Hawaii
15 tourism authority to ensure that the convention center is
16 properly maintained and can be used to its full potential in the
17 case of an emergency.

18 Accordingly, the purpose of this Act is to:

- 19 (1) Establish a convention center repair and maintenance
20 special fund for the repair and maintenance of the
21 Hawaii convention center;

- 1 (2) Amend the permissible uses of the convention center
- 2 enterprise special fund established pursuant to
- 3 section 201B-8, Hawaii Revised Statutes;
- 4 (3) Establish a convention center emergency special fund
- 5 to be used to facilitate the Hawaii convention
- 6 center's use as a resource for the tourism industry in
- 7 the event of a disaster or other emergency; and
- 8 (4) Allocate portions of transient accommodations tax
- 9 revenue to these special funds in fiscal years 2019-
- 10 2020, 2020-2021, 2021-2022, and 2022-2023.

11 SECTION 2. Chapter 201B, Hawaii Revised Statutes, is
 12 amended by adding two new sections to part I to be appropriately
 13 designated and to read as follows:

14 "§201B-A Convention center repair and maintenance special
