# A BILL FOR AN ACT

RELATING TO DISINTERMENT OF HUMAN BODIES.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. Section 338-25.5, Hawaii Revised Statutes, is  
2 amended by amending subsection (a) to read as follows:

3           "(a) No corpse, nor the remains of any dead human body,  
4 exclusive of ashes, shall be exposed, disturbed, or removed from  
5 its place of burial, nor shall the receptacle, container, or  
6 coffin holding the remains or corpse be opened, removed, or  
7 disturbed after due interment, except upon written application  
8 made to the director of health for a permit therefor and upon  
9 the issuance and according to the terms of a permit granted  
10 therefor by the director. After any removal or disturbance the  
11 grave shall be filled at once and restored to its former  
12 condition. Private cemeteries in good standing with the  
13 department of commerce and consumer affairs may disinter and  
14 reinter a corpse or remains within the same cemetery without  
15 filing an application for a permit from the department of health  
16 if the cemetery authority has written authorization from the  
17 majority of the next-of-kin of the person whose corpse or

1 remains is disinterred; provided that this exception shall not  
2 apply to disinterment of a corpse or remains for transfer off of  
3 the cemetery property to another physical address. The cemetery  
4 authority shall require a licensed embalmer to be available  
5 during the disinterment in the event that human remains may be  
6 exposed. For the purposes of this section, "cemetery authority"  
7 has the same meaning as provided in section 441-1."

8 SECTION 2. New statutory material is underscored.

9 SECTION 3. This Act shall take effect on July 1, 2019.
