
A BILL FOR AN ACT

RELATING TO THE DEPARTMENT OF PUBLIC SAFETY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that evidence-based
2 research and data collection are vital to verifying and
3 formulating best practices for state correctional institutions.
4 Previously, the department of public safety and the social
5 science research institute at the University of Hawaii at Manoa
6 had an ongoing, mutually-beneficial relationship whereby
7 researchers from the institute collected and analyzed data for
8 the department of public safety for many years. This working
9 relationship recently terminated, and funding is needed to re-
10 contract with the institute for evidence-based research and data
11 collection.

12 The purpose of this Act is to provide funding to the
13 department of public safety to contract with the social science
14 research institute at the University of Hawaii at Manoa for
15 needed evidence-based research and data collection for the
16 department.

1 SECTION 2. There is appropriated out of the general
2 revenues of the State of Hawaii the sum of \$ or so
3 much thereof as may be necessary for fiscal year 2019-2020 to
4 the department of public safety for the purpose of contracting
5 with the social science research institute of the University of
6 Hawaii at Manoa to research and collect data on behalf of the
