A BILL FOR AN ACT

RELATING TO THE HOSPITAL SUSTAINABILITY PROGRAM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the hospital
2 sustainability program was established in 2012 and has served a
3 critical role in strengthening the health care system in Hawaii.
4 In the seven years since its inception, the hospital
5 sustainability program has helped acute care facilities treat
6 the most vulnerable patients in the State, especially low-income
7 individuals who require hospital services. The program has been
8 carried out in a public-private partnership to ensure that
9 patients in Hawaii can access quality, affordable care.

10 The legislature further finds that, even with this program,
11 hospitals in the State face major financial challenges. These
12 challenges are due in part to inadequate payments from the
13 medicaid program that do not cover the actual costs of care.
14 Medicaid is jointly financed by the federal and state
15 governments by statutory formula; the federal government pays
16 between fifty per cent and seventy-four per cent, with
17 assistance levels determined by each state's per capita income.

1 States with the lowest per capita income receive higher federal
2 matching rates. Under federal rules, the state share must be
3 paid from public funds that are not federal funds. The
4 legislature finds that public funding to help financially
5 sustain Hawaii's hospitals may be accessed through a provider
6 fee.

7 The legislature further finds that provider fees exist in
8 forty-nine states and the District of Columbia as a means of
9 drawing down federal funds to sustain medicaid programs due to
10 rising state budget deficits, increasing health care costs, and
11 expanding medicaid enrollment. Provider fees, which are
12 collected from specific categories of health care providers that
13 agree to the fee, may be imposed on nineteen different classes
14 of health care services, including inpatient and outpatient
15 hospital and nursing facility services.

16 The legislature therefore finds that, in Hawaii, a provider
17 fee on hospitals has resulted in substantial increases in
18 medicaid payments without putting additional constraints on the
19 State's budget. The additional federal funds obtained via the
20 fee program authorized by the hospital sustainability program
21 have helped to reduce the amount of losses incurred by hospitals

1 and maintain access to care for medicaid recipients. This
2 allows hospitals in the State to continue to serve uninsured or
3 underinsured patients in a timely, effective manner, and helps
4 to ensure the overall sustainability of the healthcare system in
5 Hawaii.

6 The purpose of this Act is to preserve access to health
7 care for medicaid recipients by extending the hospital
8 sustainability program.

9 SECTION 2. Section 346G-3, Hawaii Revised Statutes, is
10 amended as follows:

11 1. By adding a new definition to be appropriately inserted
12 and to read:

13 "Medicaid cost report" means the annual cost report that a
14 hospital submits to the State's medicaid agency."

15 2. By amending the definition of "private hospital" to
16 read:

17 ~~"Private hospital" means [those non public hospitals named~~
18 ~~in attachment A of the medicaid section 1115 demonstration~~
19 ~~waiver that were in operation in calendar year 2016 and are~~
20 ~~currently operating or any hospitals not named in attachment A~~
21 ~~of the medicaid section 1115 demonstration waiver that became~~

1 ~~private hospitals in calendar year 2017 or 2018 and are~~
2 ~~currently operating.]~~ all currently operating hospitals, except
3 for hospitals that are:

- 4 (1) Operated by the Hawaii health systems corporation; or
- 5 (2) Charitable hospitals funded primarily through
6 donations or other non-insurance sources of funding,
7 and whose net patient revenue is less than forty per
8 cent of operating expenses, per the medicaid cost
9 report."

10 3. By deleting the definition of "section 1115 waiver".

11 [~~"Section 1115 waiver" means the medicaid section 1115~~
12 ~~demonstration waiver under which the state medicaid program is~~
13 ~~operating."~~]

14 SECTION 3. Section 346G-5, Hawaii Revised Statutes, is
15 amended by amending subsection (d) to read as follows:

16 "(d) The department shall exempt children's hospitals,
17 federal hospitals, public hospitals, and psychiatric hospitals
18 from the hospital sustainability fees on inpatient services. In
19 addition, the department shall exempt from the hospital
20 sustainability fee on outpatient care services children's
21 hospitals, federal hospitals, and public hospitals[7

1 ~~rehabilitation hospitals, psychiatric hospitals, and any~~
2 ~~hospitals with net outpatient revenues of less than \$57,000,000~~
3 ~~per year based upon the hospital's medicare cost report for the~~
4 ~~fiscal year ending three years prior to the state fiscal year~~
5 ~~for which the hospital's net patient service revenue is~~
6 ~~calculated]; provided that the department may exclude any~~
7 ~~facility from the hospital sustainability fee [on outpatient~~
8 ~~care services] if it is determined that its exclusion is~~
9 ~~required to meet federal standards of approval."~~

11 amended by amending subsection (b) to read as follows:

12 "(b) In accordance with title 42 Code of Federal
13 Regulations part 438, the department shall use revenues from the
14 hospital sustainability fee and federal matching funds to
