
A BILL FOR AN ACT

RELATING TO POST-SECONDARY EDUCATION STUDENT IMMUNIZATIONS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that colleges and
2 universities are increasing the number of courses and programs
3 offered online. The University of Hawaii offered 1,428 sections
4 of distance learning in the fall 2018 semester and is preparing
5 to increase its offering of exclusively online programs.

6 Because methods of educational delivery are changing, certain
7 requirements that have been traditionally imposed on students,
8 such as immunizations, may not always apply in the same manner
9 as they do for traditional classroom instruction.

10 The department of health is currently proposing changes to
11 title 11, chapter 157, Hawaii Administrative Rules, relating to
12 examination and immunization. The proposed changes include an
13 exemption for online and distance learning for post-secondary
14 schools which will be implemented after the proposed rules are
15 approved by the governor and the amended rules have been filed
16 with the lieutenant governor.

1 The University of Hawaii is expanding its online and
2 distance-learning programs beginning with the fall 2019
3 semester. However, the proposed rule may not be adopted in time
4 for fall 2019 classes. Therefore, students who register
5 exclusively for post-secondary online and distance-learning
6 programs for fall 2019, or the preceding online summer college
7 transition course, may still be subject to the current
8 immunization requirements. The department of health and
9 University of Hawaii agree that the rule regarding immunization
10 should be amended to exempt post-secondary students in online or
11 distance-learning programs who do not attend classes in person.

12 The purpose of this Act is to allow post-secondary students
13 who attend classes exclusively online or through distance
14 learning to be exempt from the requirements of title 11, chapter
15 157, Hawaii Administrative Rules.

16 SECTION 2. Students in post-secondary education programs
17 who are registered to attend classes exclusively online or
18 through distance learning shall be exempt from the requirements
19 of title 11, chapter 157, Hawaii Administrative Rules.

20 SECTION 3. This Act shall take effect on July 1, 2020.

Report Title:

Post-secondary Education Students; Immunization Exemption

Description:

Exempts students in post-secondary education programs from immunization requirements if they attend classes exclusively online or through distance learning. Takes effect on 7/1/2020.
