

MAR 05 2020

SENATE RESOLUTION

URGING THE PURCHASE OF EMERGENCY EVACUATION CHAIRS FOR
DISTRIBUTION AND INSTALLATION IN EVERY STATE BUILDING
HAVING TWO OR MORE FLOORS.

1 WHEREAS, sixty-one million adults in the United States live
2 with a disability; and

3
4 WHEREAS, nearly sixteen percent of adults in Hawaii have
5 some type of disability, including nearly eight percent who have
6 significant mobility issues; and

7
8 WHEREAS, mobility disabilities often include conditions
9 requiring the use of one or more devices, such as canes,
10 crutches, wheelchairs, or scooters, to maneuver through an
11 environment; and

12
13 WHEREAS, mobility disabilities also often include other
14 ambulatory mobility issues such as the use of walkers, braces,
15 artificial limbs, or orthopedic shoes, as well as respiratory
16 issues and partial or total vision loss; and

17
18 WHEREAS, pursuant to section 107-25, Hawaii Revised
19 Statutes, all buildings in the State are required to comply with
20 various building and design codes, including the state fire code
21 as adopted by the State Fire Council; and

22
23 WHEREAS, in many emergency situations, including fires,
24 elevators are often an unsafe and unreliable evacuation option;
25 and

26
27 WHEREAS, vertical evacuation, or evacuation via stairway,
28 is often the preferred method of egress in emergency situations;
29 and

30
31 WHEREAS, Hawaii does not currently require that state
32 buildings provide emergency evacuation devices to assist in the
33 vertical evacuation of personnel or visitors with mobility
34 disabilities or impairments; and

S.R. NO. 56

1 WHEREAS, emergency evacuation chairs are folding chairs
2 that allow people with permanent or temporary mobility
3 limitations to be safely moved downstairs or upstairs during an
4 emergency; and

5
6 WHEREAS, placing an emergency evacuation chair at or near a
7 stairwell on each floor of every state building will enhance the
8 safety of persons with mobility impairments who work in or
9 otherwise utilize state buildings; now, therefore,

10
11 BE IT RESOLVED by the Senate of the Thirtieth Legislature
12 of the State of Hawaii, Regular Session of 2020, that the
13 Department of Accounting and General Services is urged to
14 purchase, distribute, and install emergency evacuation chairs in
15 every state building having two or more floors; and

16
17 BE IT FURTHER RESOLVED that the Department of Accounting
18 and General Services is urged to install, at minimum, one
19 emergency evacuation chair at or near a stairwell on each floor,
20 except the floor of exit discharge, of every state building
21 having two or more floors, provided that each emergency
22 evacuation chair is installed and stored in compliance with the
23 state fire code; and

24
25 BE IT FURTHER RESOLVED that for the purpose of this
26 Concurrent Resolution, "state building" means a building that is
27 under the management and control of any state department; and

28
29 BE IT FURTHER RESOLVED that every emergency evacuation
30 chair purchased in accordance with this Resolution should be
31 capable of ascending and descending stairs; and

32
33 BE IT FURTHER RESOLVED that the Department of Accounting
34 and General Services, in procuring any emergency evacuation
35 chair or other product necessary to carry out the purposes of
36 this Concurrent Resolution, is urged to do so in accordance with
37 chapter 103D, Hawaii Revised Statutes; and

38
39 BE IT FURTHER RESOLVED that the Department of Accounting
40 and General Services is urged to maintain a current and accurate
41 list of all the emergency evacuation chairs in circulation
42 pursuant to this Concurrent Resolution and to perform yearly

S.R. NO. 56

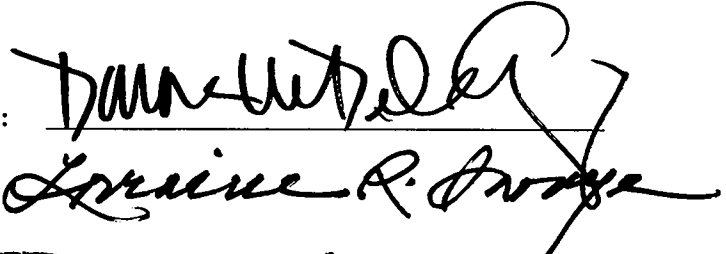

1 inspections to ensure the safe placement and function of each
2 chair; and

3
4 BE IT FURTHER RESOLVED that the Disability Communication
5 and Access Board, in cooperation with the Department of
6 Accounting and General Services, is urged to conduct annual
7 training to explain the purpose and appropriate safe use of
8 emergency evacuation chairs for relevant personnel from each
9 state building in which at least one emergency evacuation chair
10 is installed; and

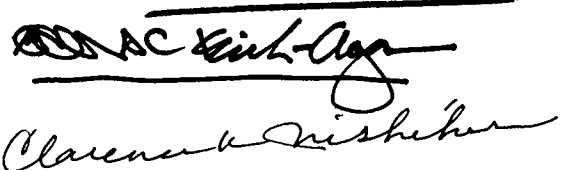

11
12 BE IT FURTHER RESOLVED that the Disability Communication
13 and Access Board is urged to produce informational material
14 describing the purpose, placement, and appropriate use of
15 emergency evacuation chairs for distribution to the occupants of
16 each state building in which an emergency evacuation chair is
17 installed; and

18
19 BE IT FURTHER RESOLVED that certified copies of this
20 Concurrent Resolution be transmitted to the Governor,
21 Comptroller, Executive Director of the Disability and
22 Communication Access Board, and each member of the State Fire
23 Council.
