PROFESSIONAL EXPERIENCE

Hawai'i Dept. of Education || Office of Student Support Services **2017 – Present**
Administrator – School Health Section

Provides leadership, general administrative and technical direction over personnel, programs and services within the School Health Section in addressing the implementation of a comprehensive school health services system throughout the Department of Education in alignment with the Department's Strategic Plan.

- Provides information, recommendations and support for proactive and reactive responses to school-based health-related issues.
- Collaborates with community, governmental and private agencies/organizations toward optimizing school health services at all schools, district-wide.
- Responsible for fiscal management of programs, including budget and expenditure plans utilizing Federal and State funds pertaining to school health services.
- Assists in the preparation and presentation of information, reports and testimony for the School Health Section to various stakeholders, including the Board of Education, Legislature, Department leadership, schools, parents, and public/private agencies.

East Valley High School (Los Angeles Unified School District) || North Hollywood, CA **2016 – 2017**
Principal

Appointed by the Superintendent to provide oversight of one of the lowest performing high schools in the Los Angeles Unified School District due to past successes in transformational and inspirational school leadership.

- Provided leadership, management and supervision in all daily activities and operations of a comprehensive high school.
- Co-created a new school vision and mission, committed to inspiring and empowering all students to achieve their maximum potential.
- Led the building of a Coherence Framework, including: a) Focusing Direction; b) Cultivating Collaborative Cultures; c) Deepening Learning; and d) Securing Accountability.

Los Angeles Unified School District || Los Angeles, CA **2012 – 2016**
Instructional Director

Helped build the capacities of principals, providing oversight of fourteen secondary schools in the Los Angeles area, serving approximately 18,000 students, most of whom qualified for Free or Reduced Lunch.

- Directly supervised, mentored, coached and evaluated fourteen principals, providing timely supports, developing a team of collaborative leaders, with a laser-focus on improving pedagogy (and andragogy), engaging all stakeholders, and constructing systems that ensure only the highest quality learning, for all.
- Worked collaboratively with principals to develop a strategic vision/mission, identify critical areas of growth, analyze various data sets, develop areas of focus for action plan implementation, provide professional development aligned to their focus areas, engage them in a cycle of inquiry to fine-tune strategies for improvement, and build school-wide systems which brought coherence and synergy to their work.
- Co-developed school plans for high achievement, including budget allocation and various resources.
- Provided coaching for principals aligned to Dr. Michael Fullan's Right Lead Drivers, including: a) Building Capacity; b) Group Quality; c) Focus on Instruction and Learning; and d) System-ness.
- Facilitated and coordinated the deployment of a team of instructional support staff who observed instruction and student engagement, participated in Communities of Practice through instructional rounds that focused on identified problems of practice, examined data to guide group decision-making, provided targeted professional development, and offered appropriate commendations and recommendations for growth and improvement.
