Francis is an outstanding candidate for continuing to serve as a member of the State of Hawaii Enhanced 911 Board. Francis has a strong technical background in the E911 space, working with several organization, vendors and internal representatives in the space. He is fully aware of the technical, economic and organizational challenges involved with E911 and is constantly learning and growing his capabilities. Francis is also an outstanding advocate for the customers, organizations and individuals involved in the E911 deployment in Hawaii, including the PSAPs and other key stakeholders.

Aloha,

I am submitting my testimony in favor of Francis Alueta continuing his service as a member of the Enhanced 911 Board.

Francis' technical knowledge and role at Hawaiian Telcom allows him to provide excellent counsel to the board on many matters. He also cares deeply about the issues that impact this Board, and always demonstrates a positive and thoughtful approach to any problem.

As a former member of the Board myself, and having worked closely with Francis for several years, I know that he is able to guide and direct effectively through many challenges.

Thank you for your consideration.
