16 Thank you for the opportunity to testify on this measure.

GM747 Ryan Malloy

- (1) Why do you want to be a member of the Board?

To have some insight into the inner workings of the policy making process that ultimately affects both practitioners and patients alike

- (2) What do you perceive are the roles and responsibilities of a member of the Board?

Being able to bring opinions/concerns/suggestions to the governing body from my unique perspective as a practicing nuclear medicine technologist

- (3) In what ways do you feel that you can help protect the consumer?

As someone who works in direct patient care, I listen to the concerns of the patient/consumer each and every day and I would be able to voice those concerns to the board

- (4) Given your understanding of the roles and responsibilities of a Board member, why do you believe that you are qualified for the position? Please include a brief statement of your skills, expertise and knowledge that would aid you as a member of the Board.

I have worked at the largest medical center in the state of Hawaii for 15 years. During that time, I have performed a broad spectrum of procedures and therapies in the realm of nuclear medicine and radiology and have experience in all corresponding aspects of healthcare.

- (5) What do you hope to accomplish during your term of service?

Experience in civil service and providing valuable insight into the governing process

- (5) Name three qualities that best describe you and how these qualities will benefit the Board.

Compassionate, Respectful, Empathetic: I believe all of these qualities will benefit the board in various ways

(7) Name a previous experience you've had that will be beneficial as a Board member.

I have served in Catholic social ministry for 20 years, working specifically with the youth and homeless members of the communities of Honolulu and previously San Diego...I have also worked for 14 years in Catholic Hospital ministry

(8) Can you foresee any possible conflicts of interest that could arise during your service on the Board? How would you overcome conflicts of interest?

None
