Comments:

My comments on this nomination is not directed at the nominee but rather at the process for which nominations were provided to the legislature.

The Aha Moku Advisory Committee Final Rules of Practice and Procedure adopted by the Department of Land and Natural Resources, effective October 20, 2016, provides for the process for nominations. Part 1, section 1-2 states:

" The committee shall consist of eight members appointed by the governor and confirmed by the senate **from a list of nominations submitted by the 'aha moku councils of each island**. Oversight of the committee shall be by the chairperson of the board of land and natural resources. The committee members shall vote for the committee chairperson and vice-chairperson from among its members."

My question is, did the Governor provide his list of nominees from a list submitted by the Aha Moku Councils? If not, these nominations cannot be supported by the legislature based on procedure alone.

This will be a comment that I repeat for each nominee under each GM number.
