by

Reyn Keaka Kaupiko

Senate Committee on Public Safety, Intergovernmental, and Military Affairs

Senator Clarence Nishihara, Chair

Senator Glenn Wakai, Vice Chair

Dear Chair, Vice Chair, and members of the Committee,

Thank you for the opportunity to be considered for a board member seat on the Veterans' Services Advisory Board. I would also like to thank Governor David Ige for nominating me. It is an honor to be considered for a position that allows me to give back to fellow veterans.

My name is Reyn Kaupiko, and I am currently a Quality Engineer for Dawson 8a. I am a Hawai'i native and U.S. Navy Veteran. I grew up in Hawaii Kai and attended the U.S. Naval Academy as the primary nominee of then Representative Abercrombie. I served five years as a Surface Warfare Officer in the U.S. Navy, stationed at Norfolk Virginia and Everette Washington. In 2012, I transitioned from active duty service and returned home to O'ahu. Since 2012, I have been an active member in the business community and other organizations within the State.

There are several primary reasons as to why I would like to serve on the Veterans' Services Advisory Board.

First, I view service on this Advisory Board as a responsibility. I have been the beneficiary of amazing Veteran entitlements, entitlements that were sought out by veterans who wanted a better future for those who came after. The time is now for me to do my part ensuring our Veterans are cared for properly.

Second, the Advisory Board needs to better fit the demographic representation of the Hawaii veteran community. Hawaii is a state where the veteran population is contrary to the national average. Hawaii has a higher percentage of younger veterans (those under the age of 44 years old). Fitting into this category I would be an asset to the board. I understand the issues that are experienced. I have gone through them, issues of GI bill entitlement, post military employment, disability ratings, VA health care and many more. Having navigated these issues, I was forced to become a resident expert on where to find help and who to ask.

Lastly, as a service-disabled veteran, I rely on the Veterans Administration as a primary source of healthcare. This allows me the opportunity, and unique experience, to better understand the services available to veterans and the systematic barriers or disconnects within. Having personally experienced these disconnect I do not want others to endure the same frustrations.

I believe I am qualified for the following reasons:

- Honorably served five years in the U.S. Navy as a Surface Warfare Officer.
- Disabled veteran with first-hand knowledge of the VA Healthcare system.
- Understanding of how to navigate VA services.
- Active Community Organizer-Naval Academy Alumni Board Member, Blue and Gold Officer, Varsity Assistant Football Coach, Chamber of Commerce (Kona) Young Leaders Board Member.
- Mentor for actively transitioning or recently transitioned veterans.

As a business leader and active member in our community, I believe I can provide positive insight and guidance to help the Director of Veterans' Service. As a veteran, I hope to continue to help others understand how to access the full range of veterans' services and successfully navigate the transition from military service to the civilian community. My goal is for all veterans to be successful, thriving members of the communities they helped to protect while wearing the uniform.

Thank you for considering me for appointment to the Veterans' Services Advisory Board. I hope to be afforded the opportunity to serve and help better our Hawai'i.

Mahalo,

Gubernatorial Nominee, REYN KAUPIKO

Dear Chair Nishihara, Vice Chair Wakai, and Members of the Committee:

I have known Reyn since he returned to Hawaii after his initial commitment of service. Additionally, Reyn and I have engaged more deeply in discussions regarding public issues in Hawaii, especially military issues. I have always found Reyn to be thoughtful, serious, and sincere in his approach to issues. Thank you for the opportunity to submit written testimony in **STRONG SUPPORT** of Reyn Kaupiko's nomination to serve on the Advisory Board on Veterans' Services. I have known Reyn for over 12 years and have served with him both in uniform as a Naval Officer and in community working to advocate to improve Hawaii.

I think Reyn will provide a much needed frame of reference on Veterans' issues in Hawaii as he represents Post-9/11 Veterans as well a Native Hawaiian Veterans. Both of these demographics are under-represented in the current veteran landscape.

Reyn's background in naval service and in his involvement with the community make him an outstanding choice and I look forward to the work he will do on behalf of the Native Hawaiian Veteran community and all Hawaii Veterans.

To Whom It May Concern:

As a former Project Manager at Kiewit Building Group, a full-service general contractor, I have come to know Reyn Kaupiko and therefore provide my strong support for his confirmation.

During his previous role at Kiewit Building Group, I was able to work hand in hand with Reyn on the Interim Car Rental Facility projects at Daniel K. Inouye International Airport. During our time together on this construction project, Reyn displayed a sense of integrity and dedication to the project team through meaningful action and input in every effort to overcome various challenges to the project in pursuit of successful completion.

As a young veteran and active contributor to Hawaii's business community, Reyn possesses the background and perspective to become an immediate asset to the Veterans Administration and community it supports. For these reasons, I do not know a better person more suited to join the Veterans' Services Advisory Board.

I support Governor's Message 822 and request the consent of this Committee. Mahalo for the opportunity to share my support.

I have worked with Reyn for over a year now, and have had the opportunity to get to know Reyn on different levels. I would like to speak to why I believe Reyn would be a great addition to the Board. RE: Testimony supporting the nomination of Reyn Kaupiko to the Advisory Board on Veteran's Services

To whom it may concern;

This testimony is to show support for Reyn Kaupiko's nomination to the Advisory Board on Veteran's Services. I believe Reyn would be an asset to this Board because of his passion for those that served this country. He is a local Hawaiian having attended the Naval Academy, and proudly represented the mid-shipman as a football player, Reyn graduated as an Officer and served in the Navy until his honorable discharged. Reyn is now a disabled Veteran working with Dawson 8a on US Government projects in Hawaii. Reyn has experience with local shipping as the former Port Manager for Young Brother's in Kawaihai, Big Island and has worked on the Rail project as well. He is highly educated with a Master's of Business Degree from University of Hawaii Shidler College of Business and currently working on a second Masters through the University of San Francisco. He is the father of two children and active in the community.

As his father-in-law, I look forward to our weekly discussions on a variety of topics. Most recently the ongoing challenges with Hawaii's tourism – something that I am passionate about and been involved in for over 40 years.

As you can see Reyn Kaupiko has a solid base of experience and will bring a fresh perspective to the Board. Thank you for your consideration.

Warm regards,
Roger Bright

I am writing to express my strong support for the nomination of Reyn Kaupiko to the Veterans' Services Advisory Board.

Reyn is a true industrious son of Hawai'i and has served our state and country well. He represents what is best in our state today and we need young bright leaders like Reyn on this board now.

I attended high school with Reyn, but we recently reconnected and he immediately struck me as thoughtful and profound leader, who has vision for our state. Additionally, he has a commitment to service, which is key on this board.

Reyn will bring a diversified perspective to this board. Reyn served five years as a Surface Warfare Officer in the U.S. Navy, stationed at Norfolk Virginia and Everette Washington. Now, he is an active member in the business community and other organizations within the State. Reyn understands both the private and public sectors and will be key in assisting our veterans' transition into civilian life.

Reyn will bring his extensive experience to the Advisory Board on Veterans' Services. I am certain that Reyn will work tirelessly to ensure more services and benefits will be provided to our veterans, their families, and survivors. Additionally, he will serve as a catalyst to provide better outreach to our veterans so they know what services are available to them.

GM822 – Submitting for consideration and confirmation for the Advisory Board on Veterans Services, Gubernatorial Nominee, Reyn Kaupiko, for a term to expire 6-30-2024.

Aloha Chair Nishihara, Vice-Chair Wakai, and Members of the Committee:

Thank you for this opportunity to provide testimony in **strong support** of Governor's Message 822 and the appointment of Mr. Reyn Kaupiko, to serve on the Advisory Board on Veterans Services for the State of Hawai'i.

Although I have known Mr. Kaupiko for only a short time, he has made such a positive impression on me that I felt compelled to submit this testimony in support. I met Mr. Kaupiko in a community projects setting and was able to witness his commitment to bettering our community, his ease with communication, and his ability to find common ground with all. As his background details, Mr. Kaupiko is a graduate of the U.S. Naval Academy and veteran voice for those unable to be their own advocates. As a younger, service-disabled veteran, I believe he will be able to help bring balance to the Advisory Board on Veterans Services as well as his experience utilizing veteran services firsthand to the table for a stronger, more informed board that will benefit all of Hawai'i's veterans.

While there are numerous reasons to write this letter of recommendation for Mr. Kaupiko, my recommendation is based on Mr. Kaupiko's qualifications and desire to help alleviate the struggle that he has endured as a service-disabled veteran in navigating the system. As a mentor to actively transitioning and recently transitioned veterans, Mr. Kaupiko continues to embrace the veterans community and he understands the vast range of social and health disparities that veterans currently face.

For these reasons and for all of those that your committee will hear from Mr. Kaupiko's supporters, I believe that Mr. Reyn Kaupiko would be an asset to the Advisory Board on Veterans Services and help to further serve his community and fellow veterans through this service. I thank you for this opportunity to testify in **strong support** of Governor's Message 822 and I respectfully urge you to consent to Mr. Reyn Kaupiko's nomination to serve on the Advisory Board on Veterans Services for the State of Hawai'i.

Chair, Vice Chair, and members of the Senate Committee on Public Safety, Intergovernmental and Military Affairs,

I would like to submit a testimonial strongly supporting the selection of Reyn Kaupiko as a board member on the Veterans' Services Advisory Board.

I have known Reyn since 2002, as a junior at Kamehameha School, Kapalama campus. Reyn was applying for an extremely competitive appointment to the United States Naval Academy, and I was designated as his Blue and Gold Officer to assist him with his application. As I interacted more with Reyn, I saw a self-assured, quietly confident leader who would make an outstanding naval officer. He was extremely focused, willing to work hard, and a demonstrated leader among his peers. Reyn stood out among other students because of his easy-going personality, ability to work well with others, and a mature, responsible attitude. Born and raised in Hawaii, he has a mental toughness and discipline, combined with a strong work ethic that helped him to be successful at the Naval Academy and in the Navy.

I have seen Reyn successfully transition to a civilian career, grounded by being a husband and a father. The leadership he demonstrated in the Navy, and his concern for the welfare of his sailors and the responsibility he felt towards them, continues today to those around him, as well as fellow veterans. His experiences in the Navy, and his own challenges as a veteran, have given Reyn critical insight into veteran services and support, and how he can be involved in representing fellow veterans, and working towards a solution on some of the issues. Reyn's unique perspective and desire to positively impact Veteran Services here in Hawaii, would make him a valuable member of the Advisory Board. Now, he has the opportunity to increase the scope of veterans he can assist through his calm, thoughtful leadership. As a younger generation veteran, he can more closely relate to, and understand the issues of his generation, and help find the solutions they seek.

Reyn has a focus, as demonstrated by his occupation, on doing what is right, not what is easy or expedient. He has always been a leader among his peers, someone others feel comfortable seeking assistance and advice from. He has the pulse of what the veterans need and want. His work ethic and feeling of responsibility to the community,

coupled with his own experiences as a veteran, make Reyn the right person to be a member of the Advisory Board.

I most strongly support Reyn Kaupiko to be selected as a board member of the Veterans' Services Advisory Board.

Mahalo and Very Respectfully,

Alma Lau Grocki

Rear Admiral, U.S. Navy (Ret)

As a young female who just entered the job field, he always took the time to sit down with me and help guide, inform and encourage me to succeed in my career and life in general. Even with working full-time, going to school and being a father, Mr. Kaupiko has always made time for everyone that walked through the door. I have watched multiple Veteran new hires walk in and get immediate assistance and knowledge from Mr. Kaupiko seconds after meeting him.
