**Testimony in SUPPORT of HB1367 HD1
RELATING TO THE DEPARTMENT OF HEALTH BUDGET.**

REP. SYLVIA LUKE, CHAIR
HOUSE COMMITTEE ON FINANCE

Hearing Date: February 25, 2019

Room Number: 308

1 **Fiscal Implications:** Sufficient appropriations are required to assure optimal public health, and
2 in particular for addressing community mental health issues, and environmental management.
3 The Executive Biennium Budget (FB 19-21) for the Department of Health provides for 38.2 new
4 general funded FTE and \$13.6 M in additional general funded resources in FY20; and 168.2
5 general funded FTE and \$20M in additional general funded resources in FY21. As part of our
6 special fund request, the department is requesting 14 new special funded FE and an increase in
7 special fund ceiling of \$1.5M in FY20 and FY21 for improved food safety. Departmental
8 requests and prioritization are based on the Department’s core public health strategies.

9 **Department Testimony:** The Department of Health supports the Governor’s Executive Budget

2 Please see Attachment A which is a copy of Tables 3 and 15 of the briefing materials as a
 3 summary of the Department of Health’s requested budget appropriations broken down by
 4 Program ID.

5 There are no new budget requests for HTH 849, however there are many administrative and
 6 budget-neutral budget items. For purposes of providing a complete public record, in addition to
 7 environmental health-related budget requests, the department provides the following information
 8 on budget priorities even though they are not in the purview of the House Committee on Energy
 9 & Environmental Protection:

10 Environmental Management Division - Positions and funding for enforcement of non-point
 11 source water pollution regulations

- 12 • The six positions will begin implementing Hawaii Revised Statutes (HRS) §342E,
 13 Nonpoint Source Pollution Management and Control. HRS §342E was passed in 1993
 14 and DOH has not implemented the law to date.
- 15 • DOH has not implemented HRS §180C-4, Erosion and Sediment Control, which was
 16 passed in 1974.
- 17 • Under article XI, §1 of the Hawaii state constitution, DOH has a constitutional mandate
 18 under the public trust doctrine to regulate nonpoint source pollution.

- 1 • The federal Coastal Zone Act Reauthorization Amendments (CZARA) §6217 require
2 DOH and the Department of Business, Economic Development & Tourism (DBEDT) to
3 develop and implement a Coastal Nonpoint Pollution Control Program.

4 **Recurring Base Budget Appropriations**

5 Executive Office on Aging

- 6 • Kupuna Care (base) \$4,854,305
7 • Kupuna Care \$3,877,063
8 • Kupuna Caregiver Program \$1,200,000

9 **New Appropriations Requests**

10 Environmental Health Administration

11 Environmental Management Division - Positions and funding for enforcement of non-point
12 source water pollution regulations

- 13 • The six positions will begin implementing Hawaii Revised Statutes (HRS) §342E,
14 Nonpoint Source Pollution Management and Control. HRS §342E was passed in 1993
15 and DOH has not implemented the law to date.
- 16 • DOH has not implemented HRS §180C-4, Erosion and Sediment Control, which was
17 passed in 1974.
- 18 • Under article XI, §1 of the Hawaii state constitution, DOH has a constitutional mandate
19 under the public trust doctrine to regulate nonpoint source pollution.
- 20 • The federal Coastal Zone Act Reauthorization Amendments (CZARA) §6217 require
21 DOH and the Department of Business, Economic Development & Tourism (DBEDT) to
22 develop and implement a Coastal Nonpoint Pollution Control Program.

23 Sanitation Branch - Positions and funding for sanitarians and funds for improved food safety

- 1 • To enable the Sanitation Branch to maintain the current inspection frequency and
2 workload to keep up with National Standards.
- 3 • Hawaii is a tourist destination and those visiting, as well as residents, expect that food
4 being served in restaurants and other food service establishments is safe and wholesome.
- 5 • The promulgation and implementation of Hawaii Administrative Rules, Chapter 11-50
6 and placarding in July 2014 has dramatically reduced the risk of food-related illness.
- 7 • With the positions requested, we will be moving towards staffing levels that will reduce
8 the occurrence of food illness risk by nearly 50%.

9 Health Resources Administration

10 Emergency Medical Services – Collective Bargaining Request

- 11 • The EMSIPSB FY 2020 and FY 2021 budget request included \$11,872,596 (FY 20) and
12 \$15,040,191 (FY 21) for a mandatory union collective bargaining increase. This request
13 was disapproved in B&F recommendations.

14 Emergency Medical Services – Recurring Other Expenses for services providers contracted to
15 provide pre-hospital emergency medical service

- 16 • The EMSIPSB FY 2020 and FY 2021 budget request included \$2,381,815 (FY 20) and
17 \$3,642,807 (FY 21) for other current expenses cost increases. This request was
18 disapproved in B&F recommendations.
- 19 • The request includes, but is not limited to, costs for subcontracts, drugs/medication,
20 insurance, rental of space, meals, uniforms, fuel, repair and maintenance, staff training,
21 telecommunications service and equipment, utilities, indirect/administrative overhead,
22 equipment, and motor vehicles.

23 Medical Cannabis

- 24 • As required by Act 159, SLH (2018), the Department is currently engaged in a re-
25 organization process to integrate the Medical Cannabis Registry and the Medical

1 Cannabis Dispensary Programs into the new Office of Medical Cannabis Control and
2 Regulation to be managed directly under HTH595.

3 Family Health Services – Replace Funding for Family Planning Program (Title X)

- 4 • Proposed changes at the federal level restricts Hawaii’s comprehensive approach by
5 limiting family planning services offered to women. This request will institutionalize the
6 Hawaii Family Planning Program and solidify comprehensive family planning options for
7 Hawaii’s men and women regardless of changes in the political environment.

8 General Administration

9 Office of Health Status Monitoring (OSHM) - Re-engineer the Vital Statistics System

- 10 • The Office of Health Status Monitoring (OHSM) is responsible for registering all vital
11 events occurring in the State of Hawaii, which includes the registering and licensing of
12 over 50,000 vital events and approximately 80,000 requests resulting in over 300,000
13 certified copies annually.
- 14 • The Vital Statistics System (VSS) was developed over 20 years ago and is not
15 supportable with today’s technology and security features. The replacement of the VSS
16 is to address security aspects of the system, improve customer service and efficiency to
17 register and issue certified copies of Birth, Marriage and Death.

18 Office of Policy, Planning, and Program Development (OPPPD) - Add \$200,000 for Telehealth
19 Pilot Project

- 20 • Telehealth is one of three strategic priorities documented in DOH’s strategic plan.
- 21 • This request is the third and last for the current DOH strategic planning cycle. The first
22 pilot is in southwest Hawaii, was requested through the Governor’s budget. The second
23 is split between Wahiawa and (most likely) east Hawaii, and was a stand-alone bill
24 offered by the WAM Chair. The third as appealed on this form, is to be statewide in part
25 to fill pilot gaps in Maui and Kauai. DOH believes it is important to seed pilots in all

1 counties in the interest of fairness and to learn from the unique circumstances of each
2 county.

3 Behavioral Health Administration

4 Hawaii State Hospital Forensic Building – Positions and Funding

- 5 • A new forensic building is being constructed at Hawaii State Hospital and slated to open
6 spring 2021.
- 7 • The opening of two additional units is projected to occur during Fiscal Year 2023. To
8 ensure quality patient care, additional direct care staff are needed to run these additional
9 units.

10 Developmental Disabilities Division – Increase State match for Medicaid Intellectual and
11 Developmental Disabilities (I/DD) Home and Community Based Services Waiver

- 12 • DDD requests an increase of \$7,702,000 in state funding (which will be used to match
13 \$8,902,000 in federal funds) in fiscal year 2020 and an increase of \$5,814,000 in state
14 funding (which will be used to match \$6,582,000 in federal funds) in fiscal year 2021.
- 15 • This funding will allow DDD to complete implementation of provider rate changes and
16 other improvements to the I/DD Waiver program. Changes to provider payment rates and
17 other waiver policies ensures that the State will be in continued compliance with federal
18 requirements (with the federal government paying for more than half of the cost) and that
19 State residents with I/DD have access to quality services.

20 Capital Improvement Projects

21 Hawaii State Hospital – Maintenance and Furniture, Fixtures & Equipment (FFE) for new
22 forensic facility

- 23 • In FY20, \$1,920,000 is needed to replace chillers in Bldg Q. Assessment by consultant to
24 determine the air handlers that must be replaced immediately throughout the rest of the
25 campus.

- 1 • In FY20, \$6,525,000 is needed to purchase of furniture, fixtures and equipment for the
2 new facility. FF&E must be provided prior to the opening of the new facility.
- 3 • In FY21, \$8,997,000 is needed for Hawaii State Hospital Anti-Ligature and Other
4 Improvements.

5 **Offered Amendments:** N/A.
