

HB442

**LATE**

Aloha House WLH Committee Members,

I am submitting testimony as an individual in support of HB442, Hawaiian Affairs.

I am a member of the public who has visited the State Archives, received research assistance from archivists there, and studied materials from archival collections.

I believe that funding of two research archivist positions with duties to include providing research assistance and digitizing relevant primary source materials would benefit the public and increase and facilitate access to materials held in the Archives.
