TESTIMONY OF THE DEPARTMENT OF AGRICULTURE
BEFORE THE SENATE COMMITTEE ON WAYS & MEANS

FEBRUARY 12, 2019
10:00 A.M.
CONFERENCE ROOM 211

SENATE BILL NO. 1151
RELATING TO DEPARTMENT OF AGRICULTURE LOANS

Chairperson Dela Cruz and Members of the Committee:

Thank you for the opportunity to present testimony on Senate Bill 1151. This bill increases the chairperson's authority to approve agricultural and aquacultural loans to \$100,000.00. The Department of Agriculture strongly supports this bill.

The chairperson's approval authority of \$25,000 has not been increased since it was originally authorized in 1982, approximately 37 years ago. Since that time, business costs have increased significantly, and the speed of business has increased. The higher approval authority will allow faster approval of smaller loans and enable the Department to respond faster to assist applicants during times of emergency and allow businesses to take advantage of opportunities that may require immediate funding.

Thank you for the opportunity to testify on this measure.

Ulupono Initiative Supports SB 1151, Relating to Department of Agriculture Loans

Dear Chair Dela Cruz, Vice Chair Keith-Agaran, and Members of the Committee:

My name is Murray Clay and I am Managing Partner of Ulupono Initiative, a Hawai'i-based impact investment firm that strives to improve the quality of life for the people of Hawai'i by working toward solutions that create more locally produced food; increase affordable, clean, renewable energy; and better manage waste and fresh water resources. Ulupono believes that self-sufficiency is essential to our future prosperity and will help shape a future where economic progress and mission-focused impact can work hand in hand.

Ulupono supports SB 1151, which increases the Chairperson of the Board of Agriculture to approve agricultural and aquacultural loans, because it aligns with our goal to increase local food production.

One major, persistent and formidable obstacle to expanding, diversifying, and ensuring the sustainability of Hawai'i's local food production is the need for substantial capital investment in agriculture infrastructure, technologies, facilities, workforce training, and production activities. Yet, our local farmers and ranchers have few options for agricultural financing. The agricultural loan revolving fund is one of the many ways the State has been supportive of agriculture in Hawai'i over the years. This bill would give additional flexibility to the Chairperson of the Board of Agriculture such that DOA may provide additional financial support when necessary.

As Hawai'i's local food issues become increasingly complex and challenging, organizations need additional resources and support to address and overcome them. We appreciate this committee's efforts to look at policies that support local food production. Thank you for this opportunity to testify.

Respectfully,

Murray Clay

HEARING BEFORE THE
SENATE COMMITTEE ON WAYS AND MEANS

TESTIMONY ON SB 1151
RELATING TO AGRICULTURE

Room 211
10:00 AM

Aloha Chair Dela Cruz, Vice Chair Keith-Agaran, and Members of the Committee:

I am Brian Miyamoto, Executive Director of the Hawaii Farm Bureau (HFB). Organized since 1948, the HFB is comprised of 1,900 farm family members statewide, and serves as Hawaii's voice of agriculture to protect, advocate and advance the social, economic and educational interests of our diverse agricultural community.

The Hawaii Farm Bureau supports SB 1151, which increases the chairperson's authority to approve agricultural loans and aquacultural loans from \$25,000 to \$100,000.

We support this change as it will expedite the approval of small loans to Hawaii's farmers and ranchers. Raising the ceiling of the loan approval authority of the Chairperson parallels the ongoing increase in construction and operating costs. This increase will also allow the Board of Agriculture to focus on larger loans that are more complex. Overall, it will make the HDOA more efficient and by reducing the cost and time expended on and by Hawaii's farmers and ranchers waiting for approval for a small HDOA loan.

Thank you for this opportunity to testify in support of this measure.
