PLACE: Conference Room 224

RE: SB2051 Relating to Littering

Position: Support

The Hawaii Food Industry Association is comprised of two hundred member companies representing retailers, suppliers, producers, and distributors of food and beverage related products in the State of Hawaii.

HFIA supports responsible comprehensive waste management. Keeping our islands clean, healthy, and beautiful is a goal we all share. Unfortunately, littering has become a serious problem in our islands, and it deserves serious law enforcement consequences. Increasing the fines for littering and criminal littering addresses this problem by dealing with those responsible for creating it. We support this measure and we thank you for the opportunity to testify.

Comments:

Dear Honorable Committee Members:

Please support SB2051 which should mitigate litter and serve to protect marine animals since litter often ends up in our ocean.

Thank you for the opportunity to present my testimony.

Andrea Quinn

Comments:

Dear Chair Gabbard, Vice Chair Ruderman, and Esteemed Members of the Committee on Agriculture, Energy and the Environment,

I write in support of Senate Bill 2051.

Litter is a scourge, an offense against our main natural resource for a tourism-based economy: our scenery. This measure increases the range of criminal penalties for littering, which seems appropriate in giving our judges ample leeway to assess those who are systematic litterers versus those who are more negligent.

Again, I support SB2051, and thank Senator Dela Cruz for introducing this thoughtful and timely measure.

Thank you,
Dylan P. Armstrong
