Relating to the Executive Office on Aging**

COMMITTEE ON HUMAN SERVICES
SENATOR RUSSELL E. RUDERMAN, CHAIR
SENATOR KARL RHOADS, VICE CHAIR

Testimony of Caroline Cadirao
Director, Executive Office on Aging
Attached Agency to the Department of Health

Hearing Date: January 27, 2020
2:45 p.m.

Room Number: 016

- 1 **EOA's Position:** The Executive Office on Aging (EOA), an attached agency to the Department
- 2 of Health, provides comments on SB2102.
- 3 **Fiscal Implications:** This measure is included in the Governor's package.
- 4 **Purpose and Justification:** The purpose of this bill is to amend Section 4 of Act 127 to insert
- 5 "one permanent full time equivalent (1.0 FTE)". EOA appreciates the intent of this bill.
- 6 However, the language to include the "one full-time equivalent (1.0 FTE)" is in the Governor
- 7 package.
- 8 **Recommendation:** If this measure is to move forward, EOA recommends a language change on
- 9 line 7 to delete the word "permanent". Line 7 should read "2020 – 2021 for the one full-time
- 10 equivalent (1.0 FTE)".
- 11 Thank you for the opportunity to testify.

KOKUA COUNCIL TESTIMONY

January 27, 2020 2: 45 pm Room 016

SENATE COMMITTEE ON HUMAN RESOURCES

DATE: Monday, January 27, 2020

TIME: 2:45PM

PLACE: Conference Room 016

RE: KOKUA COUNCIL SUPPORTS THE FOLLOWING BILLS: SB 2336; SB 2339; SB 2335; SB 2337; SB 2342; SB 2102; and SB 2334. We also generally support all efforts to further protect Kupuna.

Specifically, we offer comments on

RE SB 2337 MAKING AN APPROPRIATION FOR THE OFFICE OF THE LONG-TERM CARE

OMBUDSMAN PROGRAM: Kokua Council long been a strong advocate for more funding for the Long-Term Care Ombudsman Program. We urge increases in fund to the minimum amount in this bill, and more if you can find it!

RE SB 2342 RELATING TO THE KUPUNA CAREGIVERS PROGRAM. Kokua Council supports the amendment and funding. However, we strongly encourage the program to also develop criteria to prioritize the circumstances of caregivers to ensure that these limited funds go to those who are most likely to continue in the workforce, and less likely to retire in the immediate future.

RE SB 2339 AND SB 2102 RELATING THE ALZHEIMERS PROGRAMS. Kokua Council supports these efforts and encourages the Department of Health to include Dementia and Early Dementia in their focus on Mental health. We also encourage amending the insurance statues to ensure that early onset dementia is covered by our Prepaid Health Law.

RE SB 2334 RELATING TO CRIMINAL OFFENSES AGAINST SENIORS, Kokua Counsel welcomes the added focus and consequences of elder abuse. We suggest adding an appropriation section so that WAM and other committees can ensure that there is adequate funding not only for the increase in elder abuse prosecution resources that may follow from this bill, but also funding for case managers and other agency complementary support services to work with families to avoid situations that may lead to abuse.

Mahalo for your serious consideration of this testimony.

RE: SB2102 RELATING TO THE EXECUTIVE OFFICE ON AGING

Dear Chair Russell E. Ruderman, Vice Chair Karl Rhoads, and members of the Committee:

On behalf of the Alzheimer's Association, Aloha Chapter I am pleased to extend our **strong support** for Senate Bill 2102. This measure amends Act 127, Session Laws of Hawaii 2019, which appropriates funds for the Alzheimer's Disease and Related Dementia Services Coordinator position within the Executive Office on Aging. This important legislation corrects a small error in the Session Laws of Hawaii 2019 to enable the release of funding for this critically important position.

The position of Alzheimer's Disease and Related Dementia Coordinator was established within the Executive Office on Aging by Act 214, Session Laws of Hawaii 2013. That same year, the State of Hawaii recognized the public health crisis of Alzheimer's Disease and developed Hawaii 2025: State Plan on Alzheimer's Disease and Related Dementias. Unfortunately, while the Alzheimer's Disease and Related Dementia Services Coordinator position remains unfilled, insufficient progress is being made towards adopting the recommendations and strategies.

Alzheimer's disease is a growing epidemic and is now the nation's sixth leading cause of death. Here in Hawaii, more than 29,000 individuals live with Alzheimer's disease or a related dementia. Additionally, there has been a 294% increase in Alzheimer's deaths in Hawaii since the year 2000.

I appreciate the opportunity to testify in **strong support** of this legislation and applaud your leadership in bringing it forward.

Comments:

The Policy Advisory Board for Elder Affairs has a statutory obligation to advocate on behalf of the senior citizens of Hawaii. While we advise the Executive Office on Aging, we do not speak on its behalf.

The PABEA strongly supports bill **SB2102** to appropriate out of the general revenues of the State of Hawaii the sum of \$59,616 for FY 2019-2020 and the same sum for FY 2020-2021 for one permanent full-time equivalent (1.0 FTE) position of Alzheimer's disease and related dementia services coordinator within the Executive Office on Aging.

HEARING SB2102

POSITION: **STRONG SUPPORT SB 2102**

The language in this bill provides clarity toward a former pass bill in the 2019 legislative session. This clarity in language will enable the funding of the Alzheimer's and Related Dementia Services Coordinator position in the Executive Office on Aging. This is a vital component toward pillars of senior health and good overall public health policy. This bill should be passed by this committee to ensure the continuity of these vital services for one of our most respected and vulnerable populations of society. Thank you for reading my testimony.

I am writing in support of Senate Bill 2102. Alzheimer's disease is a public health crisis in Hawaii and requires staff specifically tasked with tackling this issue. A small error in the Session Laws of Hawaii 2019 should not hold up the release of funding for this critically important position. Please vote in favor of this amendment to Session Laws of Hawaii 2019.

Advocates have been fighting for full-time staff for years. The position of Alzheimer's Disease and Related Dementia Coordinator was established within the Executive Office on Aging by Act 214, Session Laws of Hawaii 2013. Alzheimer's disease is a public health crisis in Hawaii. Daily, I hear from family caregivers the difficulty and challenges of caring for their loved one with Alzheimer's disease and other dementias. While they seek assistance from myself and others, there must be greater coordinating efforts at the state level.

Dear Committee Senate Human Services,

Dear Chair Russell E. Ruderman and members of the Committee:

I am writing in support of Senate Bill 2102. Alzheimer's disease is a public health crisis in Hawaii and requires staff specifically tasked with tackling this issue. A small error in the Session Laws of Hawaii 2019 should not hold up the release of funding for this critically important position. Please vote in favor of this amendment to Session Laws of Hawaii 2019.

Advocates have been fighting for full-time staff for years. The position of Alzheimer's Disease and Related Dementia Coordinator was established within the Executive Office on Aging by Act 214, Session Laws of Hawaii 2013. Let's make 2020 the year we commit to addressing the Alzheimer's public health crisis.

I ask for your support for this bill.

Regards,
