Comments:

I oppose Hawaiian Home Lands to native Hawaiians. This is racism alive today and against the 14th amendment. Hawaiian Home Lands must be leased to the general public and not to just one race of people, just because they immigrated before others. Native Hawaiians immigrated, conquered, and enslaved the indigenous people who were already living peacefully here in Hawaii. They are just as aboriginal as other races. Time to stop RACISM. This is a plea from the majority of the multi ethnic population of Hawaii.
