RE: **Support for SB3004**-Relating to Partition Actions
Hearing: February 20, 2020
9:15 am in CR 016

I am in support of SB3004 because it is difficult for the average Hawai'i resident to be informed about every detail of a partition without hiring an attorney.

I am in support of SB3004. Many of my ohana and friends here have gone through the partition process and it was very costly especially since everybody was not aware of what was going on and it was too late by the time they found out.
