05/14/2020	\$200,000	UOH900	UOH100	None	With the onset of Covid-19 and the consequent disruption and uncertainty created within higher education, funds were transferred to assist the University (UH) in transforming the services offered to create an environment within which students and faculty could still excel. Specifically, funds were used to help launch additional applications within the University's STAR Guided Pathways System that have been instrumental in accelerating the rate of change at UH and has led to quantifiable increases in student support, engagement, inclusion, and connectivity.
