

Office of Representative Adrian Tam

January 2021

To my neighbors and friends,

In
this
issue:

I hope you and your Ohana had a wonderful holiday season and started the new year well. As we begin the new year, I would first like to thank you for the privilege of representing you and our community at the Hawaii State House of Representatives.

Although the Capitol remains closed, I hope to welcome you all to my office when we can once again gather. Our office is up and running; we are committed to working with you to rebuild our state and our community from the impacts of COVID-19. I am incredibly honored to work with Senator Sharon Moriwaki, Councilmember Tommy Waters, and Councilmember Calvin Say, who are all committed leaders ready for the challenges ahead.

In this upcoming legislative session, I will serve as Vice-Chair of the House Committee on Health, Human Services, and Homelessness, and as a member of the

House Committee on Culture and the Arts and the Committee on Finance. Some of the legislation that I will be working on includes: tax relief, neighborhood noise regulations, and helping our homeless community to get off the streets and back on their feet.

2020 has been a tough year for us all, and the challenges we face, though sometimes very difficult, are never insurmountable if we face them together. I want to wish you a very happy and prosperous new year and to please contact me so that we can work together to improve our community.

With the deepest gratitude,

Adrian K. Tam
State Representative, District 22

I am humbled to join eight fine legislators as part of the Freshmen class of 2020. In our class, we have a health policy expert, a civil rights attorney, a young community organizer, an advocate for victims of sex trafficking, a health policy expert, a diplomat, a former legislator, and city councilman.

I encourage all of my constituents to take part in the legislative process. A good place to start is the Legislature's website: www.capitol.hawaii.gov.

A wealth of information is available on the homepage, including a search function that allows users to access bills and resolutions, determine their status, and find out when upcoming committee meetings are scheduled.

Website users can also register an account to create a personalized list of measures and receive email notifications for hearings on specific measures of interest.
