

**Subject:** GM592 Donald Bailey

Aloha Senator Taniguchi,  
I have known Donald 'DOC' Bailey for 7 years and have been employed by him for 3.

Personally, I have always known Doc to be an individual who stands by his word, no matter what. He is always available to help friends or family, whether it be to help fix a motorcycle, move houses or show up for a bbq. Definitely a man of his word.

Professionally, since I started working for him, I have learned a lot from him in regards to repairs, inspections and over all dealings of my service department within the company. It is very easy to learn from someone who knows their stuff and is confident in it. I look forward to growing in this industry, with Doc's help, I know I will succeed.

Please consider this my testimony in support of Doc Bailey, as his knowledge and character will be valuable to HMOAB.

**Subject:** GM592 Donald Bailey

Senator Taniguchi,

I have been in the crane industry for 20 years.

Prior to my employment with Doc Bailey Construction Equipment, Inc. in July of 2011 I worked for another crane company.

Whenever we had an issue regarding cranes, whether it be for logistics, repairing, operating and or inspecting we would call upon Donald "Doc" Bailey for his expertise as he was known as the go to person that would be able to resolve any issue. Which he always did.

Now that I am employed with him for the past 10 years, I hear and see it first hand that he is very knowledgeable and beyond capable.

Please consider this my testimony and I fully support Donald "Doc" Bailey. He definitely without a doubt would be a great benefit, resource of knowledge and very beneficial for HMOAB.

28 February 2021

Sen. Brian Taniguchi  
Chair, Labor Committee

Sir:

My name is John P. Muhlbauer, Jr. I am President of All Ship and Cargo Surveys, Ltd. (ASCS) and present Chair of the State of Hawaii Hoisting Machine Operators Advisory Board (HMOAB).

I would like to provide you this memorandum as my recommendation that Mr. Doc Bailey be approved as a Board Member for the HMOAB. I have been ASCS President since April 2010. Since that time, ASCS has had business interactions with Doc Bailey Cranes and Equipment. I have also served on the HMOAB with him for a couple of years now.

Doc Bailey's Company does business in Hawaii as Doc Bailey Cranes and Equipment of Hawaii and also has offices in California, Nevada and Guam. As a continuing HMOAB Member, Mr. Bailey will bring a valuable point of view and experience that incorporates the lessons learned in California and Nevada crane rules implementation. This is important for the HMOAB as the Board begins to work plans to expand the oversight of construction crane operators, in accordance with 29 CFR 1926, to General Industry, in accordance with 29 CFR 1910. Both California and Nevada have more robust crane oversight programs that may provide HMOAB insight for a successful approach to include General Industry in the State of Hawaii Crane Operator licensing effort.

Please approve Mr. Doc Bailey as a continuing member for the HMOAB.

Mahalo for this consideration

  
John P. Muhlbauer, Jr. PE  
President

Aloha Senator Taniguchi,

Hope all is well and safe. I have worked for Doc Bailey Construction Equipment Inc. for about 4 years. In the time that I have been here, I have seen Mr. Bailey help a lot of people whether it be crane sales, lifts, training, technical support, repairs, inspections, and parts.

He is a great thinker and planner putting safety first. He will always solve any issues that come up in a firm and timely manner following all guidelines.

I support Mr. Bailey and he would be an awesome member on The Hoisting Machine Operators Advisory Board. I believe he would be a great asset with assuring construction tower and crane operators across the Islands operate hoisting machines in a safe and lawful manner. Let's keep Hawaii Safe.

Sincerely,

--

March 1, 2021

To: Honorable Senator Taniguchi,

Re: Please accept this letter as my support for GM592 Donald R. Bailey

I have known Donald for over 17 years now. He has been an instrumental in the crane industry for teaching countless men and women the N.C.C.C.O program and the safety of crane operations for over 25 years. He also is in the service, sales and operations of cranes as well. I Higley recommend Donald R. Bailey JR. for the HMOAB. With his knowledge and experience of the crane industry I believe he will be a valuable asset to the board for many years to come.

Mahalo for you time,  
Jachrystal Fiero,

Owner/Operator
