Chairperson

Before the Senate Committees on
WAYS AND MEANS
and
JUDICIARY

Tuesday, April 6, 2021
10:00 AM
State Capitol, Via Videoconference, Conference Room 211

In consideration of
HOUSE BILL 1102, HOUSE DRAFT 1, SENATE DRAFT 1
RELATING TO LITTER CONTROL

House Bill 1102, House Draft 1, Senate Draft 1 proposes to prohibit the intentional release of balloons inflated with a gas that is lighter than air. **The Department of Land and Natural Resources (Department) supports this bill and provides the following comments.**

The Department recognize the deleterious impacts that marine debris, including balloons, has on wildlife and their habitats, leading to an alarming natural resource concern throughout the state. Marine debris harms land and ocean-based habitat through smothering and abrasion and impacts a variety of wildlife through ingestion and entanglement.

A study conducted by the University of Tasmania (research conducted outside of Hawaii) found that 1 in 3 birds out of a sample of 1,733 sea birds, representing 51 different species, had ingested plastic marine debris. Balloons, as soft plastics, posed the highest risk for the sea birds since they can cause fatal obstruction. Sea turtles, as well, were susceptible to mortality from soft plastics, due to experiencing a blockage though the gastrointestinal tract lasting anywhere between 4 to 6 months. Gut-content studies from Australia have indicated that turtles may selectively ingest balloons and other soft plastics due to their similar appearances to a species of jellyfish consumed by all species of turtles.

The negative impact of ingestion is compounded by the fact that plastics of all sizes absorb and release Persistent Organic Pollutants, toxic chemicals which adversely affect the health and longevity of marine organisms.

Although a large amount of marine plastic debris arrives from the ocean, it is all of our responsibility to reduce the amount of plastic debris entering and re-entering our ocean and beaches. This bill would help reduce the balloon waste load entering Hawaii's waters and shorelines and contribute to the improved health of our wildlife and their habitats.

Thank you for the opportunity to comment on this measure.

To: The Honorable Donovan Dela Cruz, Chair, The Honorable Gilbert Keith-Agaran, Vice Chair, and Members of the Senate Committee on Ways and Means, and

The Honorable Karl Rhoads, Chair, the Honorable Jarrett Keohokalole, Vice Chair, and Members of the Senate Committee on Judiciary

From Hawai'i Reef and Ocean Coalition (by Ted Bohlen)

Hearing: Tuesday, April 6, 2021, 10:00 a.m., Rm. 211 and by videoconference

RE: HB1102 HD1 SD1 RELATING TO LITTER CONTROL

Aloha Chairs Dela Cruz and Rhoads, Vice Chairs Keith-Agaran and Keohokalole, and Members of the Ways and Means and Judiciary Committees:

The HAWAI'I REEF AND OCEAN COALITION – HIROC – was formed in 2017 by coral reef scientists, educators, local Hawai'i environmental organizations, elected officials, and others to address the crisis facing Hawaii's coral reefs, other marine life, and ocean. **The Hawai'i Reef and Ocean Coalition STRONGLY SUPPORTS HB1102 HD1 SD1!**

Plastic marine debris is one of a handful of topics HIROC is testifying on that affect the health of coral reefs and other aquatic life. One type of marine debris that is especially lethal to marine life is balloons filled with gases lighter than air, which often end up in the ocean in Hawai'i. Sea birds, turtles, and marine mammals are often killed by ingesting balloons they think are food or by getting tangled on attached ribbons. Balloons, like other plastics, absorb and release persistent organic pollutants, toxic chemicals that adversely affect the health and longevity of marine organisms. In short, **these gas-filled balloons are toxic to marine life and should not be released in Hawai'i.**

Other states, including California, Connecticut, Florida, New Jersey, Tennessee, and Virginia have prohibited the release of balloons inflated with lighter-than-air gases.

Please pass this bill with an effective date upon approval! Mahalo!

Hawai'i Reef and Ocean Coalition (by Ted Bohlen)

Christopher Dean	Testifying for Clean The Pacific	Support	No

Comments:

Clean The Pacific strongly supports this bill. I can't tell you how happy I am that this bill has been introduced. It's been a life long source of aggravation for me, to see people intentionally releasing balloons into the atmosphere. Out of all the states in the Union, Hawaii is the state that most needs this regulation. Surrounded by oceans on all sides, the odds of these balloons landing in the ocean is near 100%. Balloons can be blown hundreds, even thousands of miles away. I understand the symbolism of releasing balloons into the air when a person passes away, but there is a high probability that those same balloons will cause death. We are not the only ones who experience grief when someone we care about dies, other animals do too. The hypocrisy of paying tribute to someone who's passed away by killing someone else is beyond comprehension. I understand that these people are ignorant about what they are doing and don't realize the consequences of their actions, that's why we need this law. Please make sure this bill gets signed into law. Mahalo for your kokua

THE HUMANE SOCIETY
OF THE UNITED STATES

To: Senator Donovan M. Dela Cruz, Chair
Members of the Senate Committee on Ways and Means

Senator Karl Rhoads, Chair
Members of the Senate Committee on Judiciary

In Support of: HB 1102, HD1, SD1; Relating to Litter Control

Date: April 6, 2021

From: Lindsay Vierheilg, State Director, The Humane Society of the United States

Dear Chair Dela Cruz, Vice Chair Keith-Agaran, and Members of the Committee on Ways and Means, and Chair Rhoads, Vice Chair Keohokalole, and Members of the Committee on Judiciary,

The Humane Society of the United States, representing our members and supporters in Hawaii, strongly supports HB 1102, HD1, SD1, legislation aimed at ending environmentally unsound balloon releases in Hawaii.

While releasing a helium balloon into the atmosphere during a celebratory event or a solemn memorial may be visually pleasing, it is extremely detrimental to the environment and the pain and suffering experienced by animals as a result of these releases is staggering. Discarding a balloon into the atmosphere is simply littering. Once released, balloons can travel for hundreds of miles before they burst or deflate and become litter. Seabirds, sea turtles, seals and other marine mammals are injured or killed after ingesting or becoming entangled in balloons and their strings. Animals on land such as horses, cows, and other farm animals are also at risk.

Balloons are commonly made of latex or mylar materials and present a danger to animals who perceive them as food, or they may get caught in the ribbons attached to them, hindering their ability to move around and feed. For example, when balloons burst, they resemble jellyfish, the natural prey of sea turtles, and subsequently block their digestive track when ingested. Seabirds are at particular risk as a recent study found that balloons are the leading marine debris risk of mortality for seabirds.

Both the U.S. Fish and Wildlife Service and the National Oceanic and Atmospheric Administration warn against the practice. Even so-called 'biodegradable' balloons take years to break down in the environment. Therefore, wildlife and marine animals will continue to ingest them. A study found more than 18,000 balloons, strings, and other pieces were picked up along the Great Lakes shorelines in Detroit from 2016 to 2018.

Hawaii's unparalleled extensive coastline, fields, and waterways are resources worthy of the greatest standards of protection. There are eco-friendly alternatives to balloon releases that are appropriate for celebratory or solemn events including lighting a candle, creating a charity fundraiser, planting a tree, or organizing a service day. As we become aware of the harmful implications of balloon releases, we need to change our behavior accordingly and ensure we are compassionate not only towards humans, but toward all living things.

Thank you for your consideration of this important legislation. We respectfully urge the committee to advance HB 1102, HD1, SD1.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lindsay Vierheilig".

LATE

April 5, 2021
SENATE WAM/JDC COMMITTEE
In SUPPORT of HB1102: Relating to Litter Control

Aloha Chairs, Vice Chairs, and Committee Members,

The Surfrider Foundation would like to offer this testimony in **strong support of HB1102**.

The Surfrider Foundation is a national nonprofit organization dedicated to the protection and enjoyment of our ocean, waves, and beaches. Surfrider maintains a network of over 150 chapters and academic clubs nationwide, including 4 chapters across the Hawaiian Islands, which represent thousands of members and volunteers.

Our Beaches and Ocean Need Protection

Our coastlines and ocean face continued threats from irresponsible human behavior on land. The overuse of plastic and the subsequent loss of plastic into our waterways, land, and ocean, inevitably harm ocean wildlife and the ecosystems they call home. Many ocean animals, including dolphins and turtles, have been documented as being harmed by balloons released into the air that fall into the ocean.

This bill should be passed because:

- This is a simple, no-nonsense bill – balloons will still be allowed but will not be able to be released intentionally. Proper disposal should be a basic requirement of all the materials we use on land, especially for items like balloons that fly in the air and are difficult to contain.
- It will save animals and protect our ocean from further pollution.
- Balloon release is an unfortunately popular practice that is undoubtedly harmful to our ocean and the animals that live in it. This is an unnecessary problem and an easily remedied situation.
- Balloons are made of a thin plastic, meaning they easily photodegrade, breaking into smaller and smaller pieces in the presence of sunlight, and acting as a pervasive pollutant. This makes balloons more likely to be mistaken for food by innocent animals and makes them nearly impossible to cleanup.

Thank you for your consideration of our testimony in **strong support of HB1102**.

Mahalo,
Doorae Shin
O'ahu Chapter Coordinator
Surfrider Foundation

Beach Environmental Awareness Campaign Hawai'i

Chair Rhoads, Vice-Chair Keohokalole & Judiciary Committee Members

FROM: Suzanne Frazer & Dean Otsuki, Co-Founders, Beach Environmental Awareness Campaign Hawai'i

RE: **TESTIMONY IN VERY STRONG SUPPORT OF HB1102 HD1 SD1**
Relating to litter control. Prohibits the intentional release of balloons.
Committee meeting on Tuesday 6th April, 2021 at 10AM

Aloha Chairs Dela Cruz & Rhoads, Vice-Chairs Keith-Agaran & Keohokalole and Committee Members,

We are writing on behalf of Beach Environmental Awareness Campaign Hawai'i (B.E.A.C.H.) in very strong support of HB1102 HD1 SD1 which will ban intentional balloon releases throughout Hawai'i.

This is an important and necessary bill. Just last year there was a mass balloon release on O`ahu at Nanakuli Beach Park (please see attached photos). Releasing balloons is littering. This type of litter is one of the most harmful there is to marine life. Sea turtles, albatrosses and other marine life that eat squid and jellyfish can mistake a balloon in the ocean for food (please see photos). When balloons are ingested they cause blockages of the gastro-intestinal tract that then leads to starvation and death. The plastic ribbon attached to balloons is also a danger as it can cause injury or death to marine life that become entangled in it or ingest it.

It is unnecessary to release balloons into the air for celebration or commemoration of events. There are many other non-lethal ways to celebrate such as planting a tree, giving a lei or lighting a candle. B.E.A.C.H. has found that balloon litter on beaches increases particularly around May and June which is graduation time. One of our B.E.A.C.H. members was saddened to see a group of people celebrating graduation come out of a restaurant and release balloons into the air.

A number of states have passed laws related to balloon releases including California, Connecticut, Florida, Tennessee and Virginia. Several cities have also passed laws including San Francisco and Baltimore. The industry supports bans on releasing balloons (please see attached statement downloaded from The Balloon Council website) because it doesn't hurt their industry as the law will not ban balloons outright - only the release is banned.

Hawai'i is a state surrounded by water and therefore it is imperative that action is taken to prevent one of the most hazardous types of litter from getting into the ocean and becoming marine debris. HB1102 HD1 SD1 will achieve the goal of preventing balloon litter. More than 1500 people signed a petition in support of state action on marine debris including banning balloon releases (please see attached petition).

Thank you for this opportunity to provide written testimony in very strong support of HB1102 HD1 SD1. Please pass this version of the bill because it takes effect upon approval.

Mahalo!

Suzanne Frazer

Dean Otsuki

<http://www.theballooncouncil.org/wp-content/uploads/2018/10/TBC-Stance-on-Balloon-Releases-2018.pdf>

Worth the Weight: The Balloon Council says balloons should not be released.

After years of thoughtful consideration, monitoring national and international trends and getting feedback from our diverse audience of balloon related businesses and balloon friends, TBC has decided to revise our stance on balloon releases.

"In the past TBC didn't advocate for or against balloon releases, we advised people on the best practices to minimize environmental impact such as only using latex and not adding strings," said TBC Chairman Dan Flynn. "Over the years, as the social and political climates have changed, our position has also evolved. This change in stance fully recognizes the need for everyone to be as 'green' as we possibly can be to protect our planet."

The revised Balloon Release stance reads:

Worth the Weight: The Balloon Council says balloons should not be released. Americans love balloons, but for many reasons no longer support balloon releases. Balloon makers have worked hard to share and inspire the use of Smart Balloon Practices to keep balloons available for every occasion.

We stand with communities by encouraging that balloons be weighted, not released outdoors, and disposed of properly when broken or deflated. Whether it's a single balloon or hundreds, let's keep them from flying away.

Don't let go: Inflate. Weight. Enjoy.

TBC's goal for the past thirty years has been to support the success of the balloon industry and to ensure the continued use and enjoyment of balloons now and in the future.

TBC will continue to monitor industry trends and work closely with balloon related businesses and the communities where they reside to actively review and revise balloon release language and oppose bans on the sales and use of balloons.

We strongly encourage all balloon-related businesses to help us educate the public and the media about the importance of using Smart Balloon Practices.

Please visit our website www.Balloonsliftup.com or contact us at (800) 233-8887, if you would like more information about the "Meet Faraday: Smart Balloon Practices" campaign.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases. These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases.

These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases.

These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases.

These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases. These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases. These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases. These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases. These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases. These steps are urgently needed now to protect the ocean and marine life.

PETITION TO REQUEST THE STATE TO REMOVE MARINE DEBRIS FROM HAWAII'S BEACHES & TO REQUEST THE LEGISLATURE TO PASS BILLS BANNING PLASTIC BAGS, STRAWS, POLYSTYRENE FOAM, STYROFOAM, AIRSOFT, BALLOON RELEASES

We the undersigned request the State of Hawai'i, which is responsible for beaches up to the high tide mark, to remove marine debris from Hawai'i's beaches and coastlines. We are concerned that the problem of marine debris on beaches is not being addressed by the State nor Counties and as a result, marine debris is accumulating on our beaches. Funds need to be allocated for weekly removal of marine debris from Hawai'i's beaches. We also ask the legislature to please ban all plastic checkout bags, polystyrene foam food and drink containers and bait trays, styrofoam roofing material, plastic straws, airsoft and balloon releases. These steps are urgently needed now to protect the ocean and marine life.

Comments:

Balloons are toxic to marine life and should not be released in Hawaii. Please pass this bill.

Comments:

As a Hawaii boater, I have pulled many balloons out of our nearshore waters. These indigestible artificial objects are enticing to marine animals that may mistake them for food and swallow them, causing gut impaction and death. Balloons are a hazard to fish, seabirds, marine turtles, and marine mammals. Releasing balloons anywhere in Hawaii is in effect discarding them into the ocean, because that is likely where they will end up. Knowing that such debris can kill even an animal as large and magnificent as the endangered sperm whale gives me a sense of horror when I see people at beach parties releasing dozens or even hundreds of balloons. This is a crime against nature and should also be a crime in the Hawaii statutes. Just passing this law will help to educate the public about how dangerous and irresponsible it is to intentionally release balloons.

Comments:

Who needs balloons anyway? There's plenty of other options to celebrate, and if we can get people to think a little bit more about their waste, it would help a lot. I used to work on a ferry and we would always pull over for any kind of balloons in the ocean, mostly mylar. They would just be floating in the middle of the channel, already having served their 10-second "purpose" but have a long life ahead of them, never decaying... just waste in our beautiful moana.
