Aloha,

I am submitting my written testimony in strong support of SCR 195. As a 27 year retired United States Navy Veteran who receives VA disability benefits, it would be much more helpful to receive my retirement and disability payments concurrently. As it stands now they are delivered separately.

Mahalo Nui Loa,

To whom it may concern,

I, Arthur Hannemann, do strongly urge the United States Congress to amend the United States Code to permit all retired, disabled veterans to receive concurrent retirement and disability payments by voting for SCR195.

For these service men and women to lay their life on the line for our country and for our freedoms, it is the most respectable job of any. I truly and deeply respect these servicemen and the jobs they are willing to perform and risk their lives for. I absolutely feel we should support them and thank them for their service by supporting concurrent retirement and disability payments.

Thank you!

Sincerely,

Arthur Hannemann

To whom it may concern,

I, Margaret Hannemann, do support and am in favor of SCR195 and urge the United States Congress to permit all retired, disabled veterans to receive concurrent retirement and disability payments.

I believe we as a country owe it to the servicemen and women who have put their life on the line for our country and our freedoms to ensure they are taken care of in the best way possible. Supporting SCR195 is a small token of our appreciation and dedication to them as well; which has been conveyed by the remarkable and most respectable service they have given to us all of us as as United States citizens.

Thank You.

Sincerely,

Margaret Hannemann
