Senate Committee on Transportation

---

The Department of Transportation (DOT) **supports** S.C.R. 21 and S.R. 10 provided that its passage does not replace or adversely impact priorities indicated in our Executive Budget.

In addition, we request the date to submit the joint report be revised from 2022 to 2023. This would provide the time needed for consultant procurement, development and review of alternatives, and study completion.

Thank you for the opportunity to provide testimony.
