TESTIMONY OF JAMES J. NAKATANI
EXECUTIVE DIRECTOR
AGRIBUSINESS DEVELOPMENT CORPORATION

BEFORE THE COMMITTEE ON AGRICULTURE

Wednesday, April 7, 2021
10:30 a.m.

SENATE CONCURRENT RESOLUTION NO. 246
REQUESTING THAT A WORKING GROUP BE CONVENED TO DEVELOP
RECOMMENDATIONS FOR IMPLEMENTING THE REVITALIZING ECONOMY AND
AGRICULTURE LEADERSHIP INITIATIVE.

Chairperson Hashem and Members of the Committee:

The Agribusiness Development Corporation (ADC) appreciates the intent of Senate Concurrent Resolution No. 246 which requests that a working group be convened to develop recommendations for implementing the revitalizing economy and agriculture leadership initiative.

The ADC, which is administratively attached to the Hawaii Department of Agriculture, is comprised of five (5) employees. Our staff manages agricultural lands and infrastructure on Kauai and Oahu. Our mission is to acquire and manage, in partnership with farmers, ranchers, and aquaculture groups, selected arable lands, water systems and infrastructure for commercial agricultural use, and to direct research into areas that will lead to the development of new crops, markets, and lower production costs.

We recognize that Hawaii's agriculture industry is at a critical juncture and we need a meeting of the minds to develop a roadmap for moving all sectors because each has its own niche and markets. The local food movement has been gaining momentum, which has been accelerated by the COVID-19 pandemic. We believe convening a working group will help identify the key challenges and priorities that we must begin to address with a sense of urgency if we are serious about moving agriculture and achieving food and energy security. We have many strengths to build on, but this effort will require courage, leadership, collaboration, and integration. For these reasons, we appreciate the intent of this resolution.

Thank you for the opportunity to testify.

TESTIMONY OF WILLIAM J. AILA, JR, CHAIRMAN
HAWAIIAN HOMES COMMISSION
BEFORE THE HOUSE COMMITTEE ON AGRICULTURE
HEARING ON APRIL 7, 2021 AT 10:30AM VIA VIDEOCONFERENCE

**SCR 246, SD1, REQUESTING THAT A WORKING GROUP BE CONVENED TO
DEVELOP RECOMMENDATIONS FOR IMPLEMENTING THE REVITALIZING
ECONOMY AND AGRICULTURE LEADERSHIP INITIATIVE**

April 7, 2021

Aloha Chair Hashem, Vice Chair Perruso, and members of the Committee:

The Department of Hawaiian Home Lands (DHHL) submits comments on this resolution requesting that a working group be convened to develop recommendations for implementing the revitalizing economy and agriculture leadership initiative. DHHL appreciates the motivation behind this resolution and sees an opportunity to work collaboratively to develop recommendations regarding implementation of the Revitalizing Economy and Agriculture Leadership initiative, but notes that the Department's mission is to develop and deliver land to native Hawaiians. As such, DHHL's land and resources in this effort will be for its beneficiaries.

For Maui, Hawaii, Kauai, and Molokai, the waiting list for an agricultural lot is longer than a residential lot. Given this strong apparent demand for agricultural lots and DHHL's extensive agricultural land inventory on the neighbor island, DHHL has gone through consultation with our beneficiaries and conducted public hearing with the community to amend our rules to include a new type of award of leasehold. The Subsistence Ag award will allow DHHL to award a lease up to 3 acres in size to address those on the Agricultural Waiting List. These leases will not be required to have as extensive infrastructure improvements that would be expected with a residential lease award. With lower infrastructure requirements, DHHL will be able to award more lots with less cost.

Projects have commenced on Hawaii Island, Kauai, Molokai and Oahu to provide Subsistence Ag lots.

- In Honomu, on Hawaii Island, the master planning has commenced and engineering for the initial phase of lots is under design. In Panaewa, DHHL is subdividing a 10 acre ag lot into smaller subsistence ag lots.

- On Kauai, lands in Hanapepe will utilize CIP funding to master plan lots, including Subsistence Ag lots, and seek to engineer necessary infrastructure including water, drainage and roads.
- On Molokai, the CIP funding will allow subdivision of larger Ag lots into smaller Subsistence Ag lots and will also allow for extending much needed infrastructure to more lots.
- On Oahu, CIP funding has allowed for the design of Subsistence Ag lots in Waimanalo. The engineers for the water, electrical, drainage and roadways has commenced.

Any initiatives that support implementation of Subsistence Ag in these areas would help not only DHHL's beneficiaries, but the agricultural economy.

Thank you for your consideration of our testimony.

**SCR 246, SD 1
REQUESTING THAT A WORKING GROUP BE CONVENED TO DEVELOP
RECOMMENDATIONS FOR IMPLEMENTING THE REVITALIZING ECONOMY AND
AGRICULTURE LEADERSHIP INITIATIVE**

Chairperson Hashem and Members of the Committee:

Thank you for the opportunity to testify on SCR 246, SD 1. This resolution requests that a working group be convened to develop recommendations for implementing the revitalizing economy and agriculture leadership initiative. The Department of Agriculture (“the Department”) has serious concerns with this measure.

The Department appreciates the intent of this measure, however, questions its ability to participate and perform as expected due to the proposed loss of positions and funding currently being debated in the Legislature.

Thank you for the opportunity to testify on this measure.

SCR 246 SD1 – REQUESTING THAT A WORKING GROUP BE CONVENED TO
DEVELOP RECOMMENDATIONS FOR IMPLEMENTING THE REVITALIZING
ECONOMY AND AGRICULTURE LEADERSHIP INITIATIVE

Chair Hashem, Vice Chair Perruso, and members of the House Committee on
Agriculture:

Thank you for the opportunity to submit testimony in support of SCR 246 SD1. We support the need to improve agriculture in Hawai'i; the use of a working group to provide recommendations on how to make that happen; and, the use of well-documented farming practices that improve soil health, and that make farming economically viable.

While we support this effort, we also recognize that the pandemic has seriously cut into the personnel capital of a number of the organizations mentioned, affecting their ability to engage with this resolution. So, while we defer to the organizations as to their ability to participate on such a task force, particularly in light of the numerous agriculture task forces being recommended, we welcome our participation in this effort.

RE: SCR 246 – Requesting that a working group be convened to develop recommendations for implementing the Revitalizing Economy and Agriculture Leadership initiative.

E ka Luna Ho‘omalulu Hashem, ka Hope Luna Ho‘omalulu Perruso, a me nā Lālā o kēia Kōmike, aloha!

Kamehameha Schools **SUPPORTS SCR 246**. We believe that our educational mission is best achieved in a society that supports and enables the success of our learners. One significant component of such a society is a sustainable, local food system. For this reason, we have heavily invested in agriculture on our lands across Hawai‘i to contribute to the State’s Aloha+ Challenge goal of doubling local food production by 2030.

We believe that this working group can play a pivotal role in uplifting our local food system. Kamehameha Schools is willing to participate as a member of the working group.

Accordingly, we kindly request you **PASS SCR 246**.

Founded in 1887, Kamehameha Schools is an organization striving to advance a thriving Lāhui where all Native Hawaiians are successful, grounded in traditional values, and leading in the local and global communities. We believe that community success is individual success, Hawaiian culture-based education leads to academic success and local leadership drives global leadership. Mahalo nui!
