Shayne Greenland	Testifying for Ewa Beach Elementary School	Support	No

Comments:

Good Afternoon Everyone,

This letter is in support of the raised crosswalks fronting Ewa Beach Elementary School. Numerous times this school year and in years past, the amount vehicles on this road has increased. The vehicles are not traveling at a speed that is consistant for a school zone. The street is not well lighted causing numerous near missed accidents. HPD does not have the manpower to enforce speeding on this road. We as a community need to have traffic calming measures installed to assist in minimizing these potential threats. The overall outcome of just one fatality could cost one of our famalies the life of a loved one. As the Principal of Ewa Beach Elementary School, I am not looking forward to attending the funeral of a student, parent or staff member because of the lack of necessary safety precautions fronting our elementary school. Please consider the harmful effects that an incident like this would bring to a communnity such as Ewa Beach. The cost for raised crosswalks is minimal as to the cost for someones potential medical bills or ones life.

Please do the right thing and pass this bill for the immediate and future protection of ALL stakeholders who utilize the road way to navigate their community. It will be money well spent and send a message that we value the lives of those in our communnities and most especially in providing a safe and secure passgae to our communnity schools.

On behalf of the Ewa Beach Community and Elementary School, I thank you in advnace for your consideration of this request. Please pass this bill.

Shayne Greenland - Principal
