

DAVID Y. IGE GOVERNOR

June 15, 2022

HONOLULU

The Honorable Ronald D. Kouchi,
President
and Members of the Senate
Thirty-First State Legislature
State Capitol, Room 409
Honolulu, Hawai'i 96813

The Honorable Scott K. Saiki, Speaker and Members of the House of Representatives Thirty-First State Legislature State Capitol, Room 431 Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on June 15, 2022, the following bill was signed into law:

HB987 HD1 SD1

RELATING TO HEARING AND VISION PROGRAM.

ACT 037

Sincerely,

DAVID Y. IGE

Governor, State of Hawai'i

Approved by the Governor

ORIGINAL

ACT 037

HOUSE OF REPRESENTATIVES THIRTY-FIRST LEGISLATURE, 2021

JUN 15 2022

STATE OF HAWAII

on_

H.B. NO. 987

A BILL FOR AN ACT

RELATING TO HEARING AND VISION PROGRAM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

- 1 SECTION 1. The legislature finds that early identification
- 2 of hearing and vision loss, with appropriate follow-up services,
- 3 is critical for the development of children's language and
- 4 communication skills needed for learning in school.
- 5 A hearing and vision program for school children is
- 6 mandated by section 321-101, Hawaii Revised Statutes, which
- 7 operated from 1978 in the department of health and ended in 1995
- 8 due to budget reductions with the assumption that primary care
- 9 providers would provide the hearing and vision screening. The
- 10 department currently provides consultation and training on
- 11 hearing and vision screening protocols and tools.
- 12 Improvement in hearing and vision screening for children is
- 13 needed. Currently, hearing and vision screenings are conducted
- 14 by primary care providers and community programs. However,
- 15 providers and programs vary regarding protocols for hearing and
- 16 vision screening and follow-up; screeners vary in their training

H.B. NO. 987

- 1 and skills for conducting screenings; and there is no uniform
- 2 data collection for quality improvement.
- 3 Hawaii data indicate the need to improve vision screening,
- 4 especially for younger ages. The National Survey of Children's
- 5 Health shows that the Hawaii vision screening rate of 33.2 per
- 6 cent for children ages zero to five years ranks at forty-four
- 7 out of fifty states. The Hawaii vision screening rate of 76.8
- 8 per cent for children ages six to eleven years and 76.4 per cent
- 9 for youth ages twelve to seventeen years were both close to the
- 10 national average.
- 11 The legislature further finds that Hawaii newborn hearing
- 12 screening program data show a hearing loss rate of 4.5 per
- 13 thousand infants. However, there is a need to continue hearing
- 14 screening beyond the newborn period, as national data show that
- 15 the hearing loss rate increases to about six per one thousand
- 16 children by age six, due to congenital hearing loss that was not
- 17 identified at birth or late onset or progressive hearing loss.
- 18 The purpose of this Act is to increase the early
- 19 identification of children with hearing or vision loss, by
- 20 establishing consistent protocols for hearing and vision

H.B. NO. 987 H.D. 1 S.D. 1

1	screening and follow-up, screener training, and data correction			
2	and reporting.			
3	SECTION 2. Chapter 321, Hawaii Revised Statutes, is			
4	amended by amending part IX to read as follows:			
5	"PART IX. [SYSTEMATIC] HEARING AND VISION PROGRAM			
6	§321-101 [Systematic hearing] Hearing and vision program.			
7	(a) There is established a [systematic] hearing and vision			
8	program for children to be conducted by the department of			
9	health. The purpose of the program shall be to[+			
10	(1) Detect and identify hearing and vision deficiencies in			
11	school children; and			
12	(2) Recommend to their parents or guardians the need for			
13	appropriate evaluation of children who have hearing or			
14	vision deficiencies, or both, and follow up and track			
15	completed evaluations, including diagnostic and			
16	treatment information.]			
17	increase the early identification of hearing or vision loss in			
18	children by establishing consistent protocols for hearing and			
19	vision screening and follow-up, screener training, and data			
20	collection for quality improvement.			
21	(b) The department shall set recommended standards for:			

1	(1) Protocols for evidence-based hearing and vision				
2		screening, including designation of ages or grades for			
3		screening;			
4	(2)	Screening tools, instruments, and passing and referral			
5		criteria for screening that are based on national			
6		guidelines and best practices;			
7	(3) Referrals, tracking of referrals, and follow-up of				
. 8		children who do not pass screening;			
9	(4)	Training, certification, and qualifications of			
10		personnel who conduct hearing and vision screening,			
11		other than those who are licensed health care			
12		professionals acting within their legal scope of			
13		<pre>practice; and</pre>			
14	(5)	Data collection and reporting on hearing and vision			
15		screening, referral, and follow-up.			
16	[-(b) -]	(c) Within available resources, the program shall			
17	include[÷				
18	(1)	Consultation with students, parents, and health and			
19		education personnel about treatment and rehabilitation			
20		of hearing and wision defigiencies, and			

H.B. NO. 987 H.D. 1 S.D. 1

1	(2) Education of students, health and	education personnel,
2	and the general public about pres	erving and caring for
3	hearing and vision and about prev	enting hearing and
4	vision deficiencies.	
5	(c) The departments of health and edu	cation, in
6	cooperation with each other, may conduct el	asses-and lectures in
7	hearing and vision conservation and prevent	ion of hearing loss
8	and blindness for teachers, public health n	urses, and others
9	engaged in similar work. The departments s	hall also cooperate
10	with public and private organizations and s	ocictics to educate
11	the public in the importance of hearing and	vision
12	conservation.] consultation with and educat	ion of students,
13	parents, and health and education personnel	about hearing and
14	vision screening, treatment, and services."	
15	SECTION 3. Statutory material to be r	epealed is bracketed
16	and stricken. New statutory material is un	derscored.
17	SECTION 4. This Act shall take effect	upon its approval.

APPROVED this 15 day of June , 2022

GOVERNOR OF THE STATE OF HAWAII

And y ly

HB No. 987, HD 1, SD 1
