
A BILL FOR AN ACT

RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that families in Hawaii
2 have been negatively affected by the coronavirus disease 2019
3 (COVID-19) pandemic and has been incredibly disruptive to
4 student learning. Students had to transition to online
5 learning, which led to some families having to stay at home or
6 cut their work hours to watch their child. This was further
7 exacerbated due to Hawaii being one of the last states to return
8 students back for in-person learning. With a significant number
9 of students still at home due to quarantine and isolation
10 protocols, families continue to serve as caretakers and
11 educators.

12 The legislature further finds that many residents living
13 with at least one child under the age of eighteen have seen
14 their combined household income decline and require financial
15 assistance to support their child's educational career. The
16 legislature believes that the State must provide such assistance

1 in order to ensure Hawaii's students continue to learn in the
2 best environment possible.
