
A BILL FOR AN ACT

RELATING TO AQUACULTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that diversification of
2 the State's economy is necessary to lessen the economic
3 dependence on tourism and to respond to the economic downturn
4 exacerbated by the coronavirus disease 2019 pandemic.
5 Supporting local aquacultural productions can help the State
6 move towards greater food sustainability and expand a home-based
7 workforce. The legislature further finds that seafood demand
8 outpaces supply and world fishery resources are quickly
9 depleting. There is significant growth potential for the
10 aquaculture industry in the State and for aspiring entrepreneurs
11 looking to establish themselves in this global emerging
12 industry.
