# A BILL FOR AN ACT

RELATING TO FARMER EQUITY.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature recognizes the importance of  
2 investing in the long-term prosperity of the State's food and  
3 farming system, starting with its farmers. The legislature  
4 finds that historical and ongoing dispossession and  
5 deterritorialization have greatly impacted Native Hawaiian  
6 access to land and other resources such that structural barriers  
7 to farming continue to exist for Native Hawaiians. In addition,  
8 immigrant farmers and farmers of color have historically not had  
9 equitable access to land and other resources necessary to farm  
10 in Hawaii, and the legacy of disadvantage persists.

11           According to the United States Department of Agriculture  
12 National Agricultural Statistics Service, 2017 Census of  
13 Agriculture, female farmers represent approximately thirty-six  
14 per cent of all farmers referenced as primary producers in the  
15 State, while only twenty-five per cent of Hawaii farmers  
16 referenced as principal producers are women of color.

1           The legislature also finds that existing federal  
2 agricultural policies have failed to provide sufficient and  
3 appropriate technical assistance and financial support,  
4 including farmer cooperative creation, for socially  
5 disadvantaged farmers and ranchers.

6           Accordingly, the purpose of this Act is to support socially  
7 disadvantaged farmers and ranchers and include this support in  
8 the department of agriculture's vision and relevant policies.

9           SECTION 2. Chapter 141, Hawaii Revised Statutes, is  
10 amended by adding a new section to be appropriately designated  
11 and to read as follows:

- 12           "§141-       Farmer equity. (a) The department shall:
- 13           (1) Ensure the inclusion of socially disadvantaged farmers  
14           and ranchers, including socially disadvantaged farmers  
15           and ranchers in urbanized areas, in the development,  
16           adoption, implementation, and enforcement of food and  
17           agriculture laws, rules, policies, and programs;
- 18           (2) Consult with federal, state, and county agencies and  
19           departments and all other interested members of the  
20           public and private sectors in the State on

1 opportunities for socially disadvantaged farmers and  
2 ranchers and to coordinate state programs;  
3 (3) Disseminate information regarding opportunities  
4 provided by the United States Department of  
5 Agriculture, United States Environmental Protection  
6 Agency, United States General Accounting Office,  
7 Office of Management and Budget, and other federal  
8 agencies for socially disadvantaged farmers and  
9 ranchers;  
10 (4) Evaluate boards, committees, commissions, and advisory  
11 panels related to farming and ranching in the State  
12 for opportunities to include socially disadvantaged  
13 farmers and ranchers; and  
14 (5) Compile and report data on who receives subsidies and  
15 state land leases, and whether these resources are  
16 being allocated to socially disadvantaged farmers.  
17 (b) The chairperson shall submit a report of the  
18 department's findings and recommendations, including any  
19 proposed legislation, on efforts to serve socially disadvantaged  
20 farmers and ranchers and all female farmers and ranchers in the  
21 State to the legislature no later than twenty days prior to the

1 convening of the regular session of 2023 and each regular  
2 session thereafter. The report shall also provide information  
3 on how to improve processes to include socially disadvantaged  
4 farmers and ranchers.

5 (c) For purposes of this section:

6 "Chairperson" means the chairperson of the board of  
7 agriculture.

8 "Department" means the department of agriculture.

9 "Socially disadvantaged farmer" means a farmer who is a  
10 member of a socially disadvantaged group.

11 "Socially disadvantaged group" means a group whose members  
12 have been subject to prejudice based on their race, ethnicity,  
13 gender, or immigrant status because of their identity as members  
14 of a group without regard to their individual qualities. These  
15 groups include all of the following:

16 (1) Native Hawaiians;

17 (2) Pacific Islanders;

18 (3) African Americans, Africans, and Afro-Latinos;

19 (4) Native Americans;

20 (5) Alaskan Natives;

21 (6) Latino/a/Latinx;

1        (7) Asian Americans;

2        (8) Women; and

3        (9) Immigrant communities.

4        "Socially disadvantaged rancher" means a rancher who is a  
5 member of a socially disadvantaged group.

6        "Urbanized area", as used by the United States Census  
7 Bureau, refers to an area with a population of at least  
8 fifty thousand people."

9        SECTION 3. New statutory material is underscored.

10       SECTION 4. This Act shall take effect upon its approval.
