
A BILL FOR AN ACT

RELATING TO HEALTHCARE PRECEPTORS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there is a shortage
2 of primary care providers in the State, which will be
3 exacerbated by the projected retirements of current physicians,
4 advanced practice registered nurses, and pharmacists. Training
5 for primary care requires precepting experiences with both
6 primary care providers and specialist providers. Although
7 students from Hawaii are interested in pursuing careers in the
8 health care service industry in Hawaii, in-state educational
9 institutions are constrained by the lack of clinical education
10 sites in Hawaii and limited supply of qualified preceptors. One
11 way to encourage the participation of preceptors is to offer an
12 income tax credit for health care professionals who serve as
13 preceptors.

14 The purpose of the existing healthcare preceptor income tax
15 credit established under section 235-110.25, Hawaii Revised
16 Statutes, is to incentivize volunteer preceptors to offer
17 professional instruction, training, and supervision to students

1 and residents seeking careers as health care providers. During
2 the first-year of implementation of the tax credit, a large
3 number of providers trained eligible students in 2019, but only
4 a small subset met the eligibility requirements due to the
5 primary care qualifying criteria.

6 The legislature further finds that training physicians,
7 advanced practice registered nurses, and pharmacists in primary
8 care requires training from specialties that support primary
9 care, in addition to training from primary care providers. The
10 legislature also finds that the definition of "volunteer-based
11 supervised clinical training rotation" may be clarified to
12 facilitate the preceptor credit assurance committee's
13 implementation of the tax credit.

14 Therefore, the purpose of this Act is to:

- 15 (1) Amend the definitions of "preceptor" and "volunteer-
16 based supervised clinical training rotation" to
17 improve accessibility for providers to receive income
18 tax credits for acting as preceptors; and
19 (2) Revise the membership of the preceptor credit
20 assurance committee to include the director of health.

SECTION 2. Section 235-110.25, Hawaii Revised Statutes, is amended by amending subsection (g) to read as follows:
