Sir:

Your Committee on Transportation, to which was referred
S.C.R. No. 193 entitled:

"SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF
TRANSPORTATION TO DEVELOP A PLAN FOR THE COST-EFFECTIVE
DISPOSITION OF THE SAFE TRAVELS THERMAL SCREENING AND TRACING
CAMERA EQUIPMENT AND OTHER RELATED OPERATIONS,"

begs leave to report as follows:

The purpose and intent of this measure is to request the
Department of Transportation to develop a plan for the cost-
effective disposition of the safe travels thermal screening and
tracing camera equipment and other related operations.

Your Committee received testimony in support of this measure
from the Department of Transportation.

Your Committee finds that in response to the Safe Travels
Screening Program, \$27,000,000 in thermal screening and tracing
camera equipment was installed at the State's five major airports.
The Safe Travels Program terminated on March 25, 2022, and the
equipment maintenance contract will terminate on June 30, 2022.
To continue to have access to these useful and costly systems, the
Department of Transportation Airports Division is requested to
develop a preliminary draft thermal screening and tracing camera
repurpose plan for its five major airports.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 193 and recommends its adoption.

Respectfully submitted on
behalf of the members of the
Committee on Transportation,

CHRIS LEE, Chair
