begs leave to report as follows:

The purpose of this measure is to strongly urge the United States Army Corps of Engineers to work with the Department of Land and Natural Resources to mitigate negative impacts to corals and other important coral reef resources while dredging in state waters.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Friends of Hanauma Bay, and two individuals.

Your Committee finds that coral reefs are vital to the health of Hawaii's fragile coastal ecosystem. This measure seeks the cooperation of the United States Army Corps of

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 201 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Respectfully submitted on behalf of the members of the Committee on Water & Land,
