

STAND. COM. REP. NO. 3790

Honolulu, Hawaii

APR - 6 2022

RE: S.R. No. 130  
S.D. 1

Honorable Ronald D. Kouchi  
President of the Senate  
Thirty-First State Legislature  
Regular Session of 2022  
State of Hawaii

Sir:

Your Committees on Agriculture and Environment and  
Transportation, to which was referred S.R. No. 130 entitled:

"SENATE RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE  
BUREAU TO CONDUCT A STUDY ON GREEN TRANSPORTATION AND PUBLIC  
INFRASTRUCTURE,"

beg leave to report as follows:

The purpose and intent of this measure is to request the  
Legislative Reference Bureau to conduct a study on green  
transportation and public infrastructure.

Your Committees received testimony in support of this measure  
from Trees for Honolulu's Future. Your Committees received  
testimony in opposition to this measure from two individuals.

Your Committees find that taxpayers repeatedly identify  
transportation infrastructure as one of the most significant and  
deserving recipients of state funds. Given the increasing threats  
from climate change, it is essential that future infrastructure  
development incorporates sustainable design concepts. Sustainable  
design concepts have numerous benefits, including decreased urban  
temperatures, reduced carbon emissions, improved air quality, and  
greater water replenishment. To ensure effective and efficient  
implementation of sustainable design concepts in the State, it is  
crucial to obtain information on the implementation of sustainable  
design concepts in other United States and international

jurisdictions. This measure requests the Legislative Reference Bureau to conduct a study on green transportation and public infrastructure to promote effective and efficient implementation of sustainable design concepts in Hawaii.

Your Committees have amended this measure by:

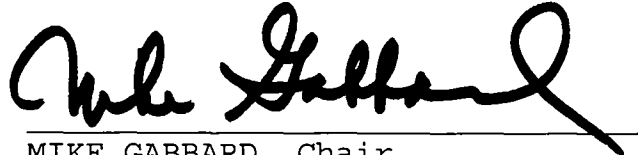

- (1) Replacing the Legislative Reference Bureau with a task force to be convened by the Director of Transportation to study green transportation and public infrastructure; and
- (2) Amending its title accordingly.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Transportation that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 130, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 130, S.D. 1.

Respectfully submitted on  
behalf of the members of the  
Committees on Agriculture and  
Environment and Transportation,

CHRIS LEE, Chair

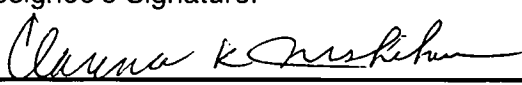

MIKE GABBARD, Chair

The Senate  
 Thirty-First Legislature  
 State of Hawai'i
