

STAND. COM. REP. NO. 3571

Honolulu, Hawaii

MAR 31 2022

RE: S.R. No. 165

Honorable Ronald D. Kouchi
President of the Senate
Thirty-First State Legislature
Regular Session of 2022
State of Hawaii

Sir:

Your Committee on Agriculture and Environment, to which was referred S.R. No. 165 entitled:

"SENATE RESOLUTION REQUESTING THE DEPARTMENT OF AGRICULTURE TO EXPAND QUARANTINE FACILITIES ADMINISTERED BY THE PLANT QUARANTINE BRANCH,"

begs leave to report as follows:

The purpose and intent of this measure is to request the Department of Agriculture to expand quarantine facilities administered by the Plant Quarantine Branch.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Coffee Association, and one individual.

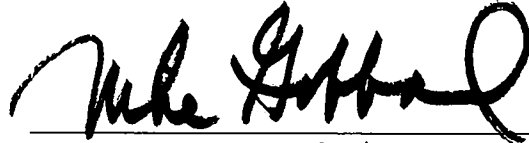

Your Committee finds that rapid detection and elimination of invasive species will save the State and its taxpayers money over the long-term. Responsibility for detecting and eliminating invasive species falls on the Plant Quarantine Branch of the Department of Agriculture. Currently, the Plant Quarantine Branch lacks sufficient capacity to respond to the State's needs. This measure requests the Department of Agriculture to expand quarantine facilities administered by the Plant Quarantine Branch.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this

report, your Committee concurs with the intent and purpose of S.R. No. 165 and recommends its adoption.

Respectfully submitted on
behalf of the members of the
Committee on Agriculture and
Environment,
