Focusing on Access to Quality

"Expansion of public pre-k is only a worthwhile public investment if children receive a high-quality education."

- W. Steven Barnett, Ph.D., Senior Co-Director, National Institute for Early Education Research

"Poor- or low-quality programs can have a negative impact on children's school readiness or, at best, no impact on school readiness."

- Joe Minervino, Ready On Day One Founder & CEO

"The EOEL Public Pre-K Program is a class act.

EOEL has embraced us with layers of support and continually provides what research has shown to be instrumental to the implementation of pre-k programs that make a difference in children's lives – coaching and mentoring for our teachers and principals.

Not only do the EOEL staff tell you what you can do, but they show you how and allow you to practice."

- Rick Paul, Hana High & Elementary Principal
