2020 Legislative Budget Briefing January 2020

A. Mission Statement

The Department of Human Services' (DHS) guiding principles, vision statement, mission statement, and core values are as follows:

Guiding Principles

DHS is guided by article IX, section three of the Hawaii State Constitution regarding public assistance, the "Aloha Spirit" statute (section 5-7.5, Hawaii Revised Statutes (HRS)), and 'Ohana Nui, Hawai'i's multi-generational approach to the delivery of human services.

Vision Statement

The people of Hawai'i are thriving.

Mission Statement

To encourage self-sufficiency and support the well-being of individuals, families, and communities in Hawai'i.

Core Values

- **T Team-oriented** We acknowledge that internal and external partnerships are critical to the success of DHS.
- **H Human-centered** We develop strategies and make improvements as necessary from the client's perspective.
- R Respectful We recognize the inherent value of each person as well as the diverse cultures of Hawai'i.
- I Intentional We are mindful of our decisions and actions in our collective work.
- V Visionary We strive to support our clients by co-creating generative, forward-looking strategies.
- **E Evidence-based** We make decisions that are based on data and take actions that we know will have sustainable outcomes.

B. Overview

DHS is comprised of four divisions Benefit, Employment & Support Services (BESSD), Division of Vocational Rehabilitation (DVR), Med-QUEST (MQD), and Social Services Division (SSD); two attached agencies Office of Youth Services (OYS), Hawaii Public Housing Agency (HPHA); two attached commissions Hawai'i State Commission on the Status of Women (HSCSW), Commission on Fatherhood (COF); six staff offices; and the Director's Office.

DHS provides benefits and services to one in four Hawai'i residents, or about 350,000 individuals. The state's Medicaid program, QUEST Integration, provides medical insurance coverage for nearly one-half of Hawai'i's children. We have 2,300-plus employees deployed in 84 offices statewide, and we manage an annual budget of over \$3.6 billion, of which 63% are federal funds. DHS distributes approximately \$2.5 billion in public benefits and provides services for the state's low-income residents that include children, disabled, elderly, individuals, and families.

The impact of these public benefits and services to the community is significant. In fiscal year 2019, DHS provided \$456.6 million in Supplemental Nutrition Assistance Program^[1] (SNAP) benefits to 158,628 individuals across the state, and research shows that every \$5 in new SNAP benefits generates as much as \$9 of economic activity.

The work of DHS supports Hawaii's residents as they strive to achieve well-being and self-sufficiency. We understand that well-being encompasses many facets of life, including health, housing, safety, work, education, family, and community. We provide critical benefits, programs, and services in these vital areas.

<u>Supplemental FY 2021 Budget Highlights</u>: DHS uses four broad considerations in prioritizing its budget requests:

1. Preservation and improvements to the safety net:

- a. **Strengthening the response to homelessness:** To continue the gains the state has made to reduce the number of individuals and families experiencing homelessness, and the time individuals and families experience homelessness, we include requests to maintain and expand current homeless services and we propose additional after-care support services for families with minor children who exit shelters into permanent housing.
- b. **Continued support toward juvenile justice reform:** The Office of Youth Services continues efforts to transform the juvenile justice system from a punitive to a therapeutic model, and to expand services for youth at risk and young adults at

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 3 of 22

> risk of entering the justice system; the budget includes capital improvements to the Hawaii Youth Correctional Facility to address renovation to structures for residential juvenile re-entry and a female residential mental health program.

- c. Improving and maintaining safety and health through services for families and children engaged with Child Welfare Services: Hawaii's Title IV-E waiver ended with the end of the federal waiver program on September 30, 2019. Innovative services and strategies developed during the waiver period will require additional investment of state funds to maintain levels of services available during the waiver program. Pursuant to Act 177, Session Laws of Hawaii (SLH) 2018, that established the 5-year East Hawaii CWS Pilot Project, in 2019 the Legislature appropriated funds for the 4 permanent line worker positions for East Hawaii Pilot. For Supplemental FY2021, we request 2 additional positions. An Assistant Section Administrator and a Social Service Assistant V will allow supervisors to focus on clinical supervision with their line workers to support case decision making, which will also improve morale and work conditions to retain staff.
- d. Adding nursing staff to the Adult Protective Services reporting line: As the aging population in Hawaii increases, there has been an increase in reports of physical abuse, neglect, and financial abuse of vulnerable adults in the community; adding additional nursing staff to the adult intake unit will assist in the timely review and analysis of reports for referral to investigation or other resources.

2. Enhancing supportive services:

Supporting transition from public benefits to employment: Per Act 128, SLH 2018, the Legislature reestablished the successful Exit and Retention Bonus program for families that transition to employment and remain off public benefits; the 2018 Legislature appropriated funding for system modifications to run the program, however, funds for the benefits were not appropriated. We request program funds to provide the benefits, the bonuses and funds for families no longer eligible to receive federal benefits.

- 3. Transforming government through continued modernization of IT systems, program redesign, program development, and human resources:
 - a. Continued investment in the DHS Enterprise System to integrate the delivery of human services: We are in the 2nd phase of the significant investment to upgrade the DHS Information Technology (IT) infrastructure by adding the public welfare programs to the DHS Enterprise platform initiated through the

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 4 of 22

Affordable Care Act of 2010. Once integrated and operational, most public benefits will be accessible through a universal application process, with reduced determination times and errors;

- b. Maintenance and Security of the DHS Enterprise System: With IT systems and in particular, increasing threats to government IT systems, it is of utmost priority and continuing obligation to maintain and upgrade the system's operations, and to secure the system's integrity and private information of individuals; additional qualified staff and training resources are required to maintain the necessary competency and expertise; and
- c. Director's Office Administrative staff: Appropriations are required to fund the permanent exempt DHS Enterprise Officer (Act 81, SLH 2019) and the temporary exempt position of limited English proficiency project manager coordinator situated in the Director's Office; these positions assist the Director and Deputy Director, and support the divisions, commissions, and attached agencies, to move DHS to an integrated and multigenerational human services delivery system and to remain compliant with federal and state civil rights laws regarding language access; the goal is to reduce time families and children spend in poverty, and to address the root causes of poverty to reduce overall poverty, and abuse and neglect in Hawaii.

4. Leveraging federal funding:

Access to federal funds for continued DHS Enterprise System development: We are strategically using federal Medicaid match funding to support the development of the integrated DHS Enterprise System, operations, security, and training.

DHS supplemental FY2021 budget requests are a result of and in support of three ongoing transformative initiatives:

• 'Ohana Nui

Initiated in 2016, 'Ohana Nui uses a multigenerational lens to end intergenerational poverty and Act 82 (2019) amended section 26-14, HRS, to include:

"The Department shall administer programs through an integrated and multigenerational approach designed to improve the social well-being, economic security, and productivity of the people of the State and to reduce the incidence of intergenerational poverty and dependence upon public benefits."

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 5 of 22

The 'Ohana Nui philosophy is based on support for families in five social determinants of well-being:

- Housing DHS incorporates the state-wide Housing First philosophy which
 prioritizes the placement of families and individuals experiencing homelessness
 into permanent housing as the first priority, versus a focus on families meeting
 conditions or pre-requisites that were often barriers to housing placement.
 Research shows that housing stability is key to an individual's or family's success
 in other areas (i.e., sobriety, employment, wellness, education, community
 engagement, etc.);
- Food and nutrition Whether for an individual or a family, food security must also be addressed. DHS BESSD provides SNAP to qualifying individuals and families;
- Health and wellness Through our Med-QUEST division, individuals and families may be eligible for Medicaid or other benefits that support health and wellness;
- <u>Education and economic stability</u> As education is a known driver of economic opportunity, supports provided by DHS in this area include SNAP and TANF assistance benefits from BESSD and vocational rehabilitation services from DVR; and
- Social capital Research shows that an individual's or a family's ability to stay on the path to well-being and weather the difficulties that life presents are increased when they have networks of social support. Networks that encourage the development of values, skills, and behaviors consistent with the goal of longterm self-sufficiency must continually be strengthened.

Concurrently addressing the needs of the whole family places that family on a path to self-sufficiency and gives that family the best chance of breaking the intergenerational cycle of poverty that many families we serve experience. This approach aims to yield the best outcomes for individuals, families, and communities. In the long-term, as individuals and families are better able to meet their human and economic potential, we will see families experiencing economic mobility and improved health outcomes, resulting in increased revenue to the state and cost savings by reduction of chronic diseases and other negative social impacts.

• Strategic Plan

In 2017, DHS embarked on its first department-wide strategic plan. The Strategic Plan is guided by article IX, section three of the Hawai'i State Constitution, the

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 6 of 22

"Aloha Spirit" statute (section 5-7.5, HRS), and the 'Ohana Nui multigenerational framework.

In fiscal year 2019, DHS continued to enhance service integration and delivery to achieve sustainable outcomes for the people we serve to improve the self-sufficiency and well-being of Hawai'i's individuals and families.

• DHS Integrated Enterprise Solution

DHS continues to invest in upgrading its legacy IT systems. As one of the major benefits of the financial incentives made available to states through the Affordable Care Act, once completed, the DHS Integrated Enterprise Solution will support our ability to serve residents across programs and divisions through an integrated eligibility process and case management applications. The DHS Integrated Enterprise Solution provides a vision and a means for the future that will connect residents quickly to all available resources.

In fiscal year 2019, we continued to leverage federal funds through the Affordable Care Act (90 fed/10 state match) and started the planning and development to integrate the BESSD financial, SNAP, and child care programs onto the DHS Enterprise platform that currently hosts the Med-QUEST Division's KOLEA Medicaid eligibility application.

Other transformative activities that underpin the changes at DHS are:

• Business Process Transformation

Throughout DHS we are transforming business processes with a customer-centered approach.

In fiscal year 2019, we continued to implement customer-centered changes among DHS business units to update and align our processes and train our staff to develop consistency in service delivery.

Generative Partnerships

Generative partnerships are intrinsic to the 'Ohana Nui framework. We continue to leverage partnerships with other state agencies, private agencies, and community-based organizations to address service gaps, such as professional development, basic and financial literacy, data analytics, and infrastructure development.

Organizational Change Management

Through organizational change management and communication, DHS is reshaping its culture by preparing and working with its workforce to implement needed

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 7 of 22

changes as a part of the 'Ohana Nui framework, the DHS Integrated Enterprise Solution, and business process transformation. Through organizational change management, DHS staff and partner providers are embracing these three major initiatives, to provide improved services, programs, and other necessary support to individuals and families to end intergenerational poverty in Hawai'i.

C. Federal Funds

DHS - None
Hawaii Public Housing Authority (HPHA) will report separately.

D. Non-General Funds

The reports on non-general funds for DHS pursuant to section 37-47, HRS, are contained in the link below:

https://budget.hawaii.gov/budget/reports-to-the-legislature/1983-2/

E. Budget Process

Divisions and attached entities submit budget requests, with rationale and prioritization, to the Director and to the Budget, Planning and Management Office (BPMO) for review. After discussion with BPMO and each division administrator, the Director prioritizes the department's budget requests by applying the budget guidelines identified above as well as a second layer of prioritization by benefits to clients, support to staff, and infrastructure improvements. The proposed budget requests are then submitted to the Department of Budget and Finance. The Department of Budget and Finance makes budget recommendations on the DHS requests for the Governor's final decisions. The proposed budget aligns with the Governor's priorities and our 'Ohana Nui framework.

F. Budget Requests

The Hawai'i Public Housing Authority will provide testimony separately.

CIP Budget Requests

Hawai'i Youth Correctional Facility (HYCF)

HMS 503 – HYCF

PRIORITY		Program ID	Description	MOF	FTE (P)	FTE (T)	\$ Amount
1	HYCF	FY21.2	HYCF Maluhia Cottage Air Conditioning and Electrical Improvements	С			780,000
2	HYCF	FY21.1	HYCF Canoe House Renovations	С			1,080,000

HYCF 1 - Maluhia Cottage Air Conditioning and Electrical Improvements

This CIP request is to fund the renovation of the Maluhia Cottage electrical and air conditioning systems and to support the creation of an eight-bed secured adjudicated female youth residential Mental Health program in partnership with the Department of Health, Child, Adolescent, and Mental Health Division. The cottage was built in 1928 as the home for the Superintendent and about a decade ago, a secure attachment was added that created cells for 17 beds. A secured compound was erected around the house, reclassifying the structure to a class III Correctional Structure. Currently, it is the residence of the HYCF Administrator as mandated by the 2009 federal consent decree. HYCF's Juvenile Justice Reform has reduced the need for the administrator to maintain a 24 hour presence on campus, and this opens opportunity for additional programming on the campus.

HYCF 2 - HYCF Canoe House Renovations

This CIP request is to fund the interior and exterior renovations of the HYCF Canoe House that was built in 1928 and to prepare to open an eight- to ten-bed transitional program for adjudicated and committed youth. In the past nine decades, the Canoe House has seen many programmatic changes to its purpose. The canoe house currently serves as the Youth Correctional Officer Training Cottage. It is already equipped with bathroom, showers, kitchen areas, and office space, but the building needs upgrades and an interior residential component.

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 9 of 22

501YA-01 - Funds to continue Juvenile Justice System Improvement **PRIORITY NO. 6**

Act 201, SLH 2014, provided funding for juvenile justice reform to improve and enhance Hawaii's juvenile justice system, including strengthening community supervision and probation practices, sustaining effective practices, and reducing the reliance on secure confinement.

The 26% reduction in admissions to the Hawaii Youth Correctional Facility (HYCF) is one of the concrete results of Act 201, SLH 2014. Act 119, SLH 2015, transferred \$600,000 from HMS503 (HYCF) to HMS501 (OYS) to invest in up-front services to strengthen the juvenile justice system reform efforts. Act 126, SLH 2015, appropriated another \$1.2M (non-recurring funds) for FB16-17 to match the initial funding of Act 201, SLH 2014. However, for FB18-19, the Legislature did not include an appropriation of \$1.2 million, resulting in decreased funding for community-based services to address truancy, substance abuse, and probation compliance.

This request will allow for the continuation of efforts to sustain improvements at various points in the juvenile justice system, including continued funding for gender specific therapeutic services in partnership with the Judiciary's 5th Circuit Girl's Court; immediate in-home family intervention services to prevent out-of-home placements for youth involved with the juvenile justice system; ongoing quality assurance process for residential and detention facility; and professional development opportunities for restorative justice.

Trade-off / Transfer & Conversion of Unbudgeted Positions Requests

						FY2	021
DHS PRIORITY		Program ID	Description	MOF	FTE (P)	FTE (T)	\$ Amount
1	OYS-	503YB-	Transfer residual YCO salaries to				(27,120)
2	HYCF	01	Other Current Expenses	A			27,120

This request is to re-describe two Youth Correctional Officer (YCO) positions to two Institution Farm Activity Leader positions. More farm activity leaders are needed in anticipation of creating a commercial entrepreneurship based on the HYCF Farm and Ranch. The farm unit personnel needs to increase to handle the growth of the current cattle herd and multiple farming, including hydroponic and aquaponic, projects. The transfer residual YCO salaries of \$27,120 from personal services to other current expenses will be used to offset the increased utility costs due to expansion of farming activities.

PRIORITY NO. 16

Additional funding in the amount of \$7,125 to cover payroll adjustments that carry over from year to year.

For current positions, DHS Fiscal Management Office Accounting Staff recommended \$7,125 be requested to cover the salaries of the Executive Director and Secretary II. By the end of FY2021, the program will be short \$7,125 in personal services.

If this request is not met, CSW will not be able to fully administer funds for urgent projects as instructed by section 367-3(7), HRS, and duties under section 367-3(2), HRS, to create public awareness, will be impacted. The Commission will not be able to continue its public education for governmental, nongovernmental, and community members on sex trafficking response, data collection and intervention, as well as sexual harassment prevention training. This will severely limit our coordinating role on these important issues to stop gender-based violence.

One full-time position for Program Specialist IV

The Program Specialist IV would assist the Executive Director in devising a legislative plan, drafting the plan into legislative form, gathering support for legislation, tracking and providing testimony on legislation that impacts women and girls.

This position is needed because the Commission is currently unable to meet its mandate under 367-3(1), HRS, to act as a central coordinating body for governmental and nongovernmental activities relating to the status of women, and section 367-3(3), HRS, to recommend legislative and administrative action on equal treatment for women. The Executive Director is the only staff member able to draft, research, and provide legislative testimony on law and policy reform related to women. If the Commission is unable to obtain this position, our duties and important legislation to advance women's status will not be advanced.

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 11 of 22

In 2019, the Legislature tasked the Commission with convening a Homebirth Taskforce to address the law around midwifery and collect data. The taskforce requires at least two days per week of work to prepare drafts of the required report, evaluate input, organize logistics of meetings, and travel of members. CSW has struggled to meet the demands of convening this taskforce without additional staff or funding.

Benefits, Employment & Support Services Division (BESSD)

HMS 224 – Homeless Services

The state's approach to homeless services is founded on the coordinated entry system and the Housing First model, that is to find permanent housing, and then to attend to the needs of the individual and family to maintain housing stability, through access to public services, employment, civil legal services, and appropriate healthcare.

					FY2021		
DHS PRIORITY		Program ID	Description	MOF	FTE (P)	FTE (T)	\$ Amount
7	BESSD	224HS-02	State Homeless Database and Maintenance	А			350,000
8	BESSD	224HS-01	Stored Property and Debris Removal Services for State Lands	Α			5,000,000

224HS-02 - State Homeless Database and Maintenance

PRIORITY NO. 7

State Homeless and Database and Maintenance is imperative to understand the size, characteristics, and needs of the homeless population at the local, state, and national levels. This information is also used to complete various required State and Federal reports. A State Database and Maintenance system will ensure that Homeless Programs office continues to collect necessary and accurate information regarding this population.

In September, Partners in Care (PIC), Oahu's Continuum of Care (CoC), decided to split from the statewide system with a "cloned" version of the original HMIS. The U.S. Department of Housing and Urban Development (HUD), that requires communities that receive federal funds to maintain Continuum of Care (CoC) and HMIS systems, endorsed this decision and allowed the split to occur. Non-profit organizations contracted by the DHS-Homeless Programs Office (HPO) to provide an array of homeless services throughout the state, are in geographic areas served by PIC (CoC for the City & County of Honolulu) and Bridging the Gap (BTG), the CoC for neighbor island counties. Thus, HPO data from contracted services will now be held in two separate systems maintained by the CoCs, and will now require the HPO to collect data from both CoC HMIS systems.

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 12 of 22

The State database will be utilized to collect and report data and performance measure outcomes for all DHS-HPO homeless programs Statewide.

<u>224HS-01 - Stored Property and Debris Removal Services for State Lands</u> **PRIORITY NO. 8**

The funds requested will maintain a stored property program statewide, to address unauthorized encampments on state lands. Funds will be utilized to contract a vendor for stored property, purchase necessary supplies and equipment to support property storage and debris removal activities, and will support the installation of signage and fencing to prevent encampments from becoming established. The stored property program is critical to maintain lands under the state's jurisdiction and to prevent litigation for potential due process violations. In other jurisdictions, communities that did not have a process and program in place for stored property on public lands have been vulnerable to litigation. In light of this, maintaining temporary property storage is consistent with the evolving best practice to deal with homelessness in a compassionate and respectful manner.

5 BE	BESSD	903FA-01	Ceiling Increase for Exit and Retention Bonus Payments	N			900,480

903FA-02 - Homeless Shelter After-Care Services

PRIORITY NO. 4

Currently, shelter services are only provided when families are temporarily residing in the shelter. The continuum of care to include after-care extended shelter services will allow families to transition and settle into longer-term housing and provide the opportunity for the families to receive additional resources, referrals, and support such as social capital to ensure they do not return to being homeless.

The requested funds will cover the after-care extended shelter services. State funded expenditures will be claimed to meet Hawaii's State TANF¹ Maintenance of Effort

¹ Temporary Assistance for Needy Families (TANF) is federally funded, time limited, cash assistance program for families with minor children. TANF requires non-disabled parents to engage in work activities as a program requirement.

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 13 of 22

(MOE) requirement. We estimate about 70% of the families that may receive shelter services would be eligible for federally-funded services; therefore, 30% of the projected cost will need to be funded with general funds as these families may not be eligible for federal funds.

The requested federal funds are currently available from the Federal TANF Block Grant. Any funds carried over from the previous years can also be used for this request.

<u>903FA-01 - General Funds and Federal Ceiling Increase for Exit and Retention Bonus</u> Payment

PRIORITY NO. 5

Act 128, SLH 2018, re-established the Exit and Retention Bonuses program in BESSD. The 2018 Legislature appropriated funds to make required system changes to administer the program, however, it did not make an appropriation for the benefits; this request is to fund the program benefits.

Previously, the Exit and Retention Bonuses program was established under the "Reward Works" initiative in 2009. Employed TANF recipient families who successfully exit TANF due to earnings, were eligible to apply for the exit bonus. These families were also eligible to apply for additional bonuses if they maintained their employment status for 3 months, 6 months, 12 months, and 24 months. The retention bonuses increased as the retention period increased. Though highly successful, due to lack of funds, the Exit and Retention Bonuses ended in 2012.

The modifications to the HANA system are projected to complete in March 2020, and the adoption of the proposed rule amendments is projected for June 2020. The implementation of the Exit and Employment Retention Bonus Program may be implemented in early SFY 2021, provided funds for the bonus payments are appropriated.

We estimate about 80% of the 1,050 would be eligible for federally-funded bonuses; therefore, 20% of the projected bonus payments will need to be funded with General funds. First year SFY 2021, \$900,480 should be funded with federal TANF funds and \$225,120 with general funds.

<u>238GB-01 & 802GA-04 - Transfer permanent Office Assistant III 23609 position from HMS 238 to HMS 802.</u>

PRIORITY NO. 20

The permanent Office Assistant III position (#23609) has been vacant since 2003 because HMS 238 did not receive hiring authority from the Social Security Administration, the program's funding source. In 2005, HMS 238 transitioned to electronic processing, thus, the OA III position is no longer needed to provide clerical support for the two sections.

This request is to re-describe an Office Assistant III position to a Social Service Aid III position and transfer the position from HMS 238 to HMS 802. This position is needed for DVR's Maui Branch to support individuals with disabilities in Maui County needing vocational rehabilitation services to obtain competitive integrated employment on par with individuals without disabilities. Currently, Maui County residents with disabilities have higher unemployment rates, and/or are not engaged in pursuing employment; it is

Department of Human Services 2020 Legislative Budget Briefing January 2020 Page 15 of 22

a goal of DVR to build parity in Hawaii's workforce for individuals with disabilities. The SSA III position will improve DVR's efforts to provide timely and quality services to individuals with disabilities to prepare for, obtain, and maintain employment.

<u>238GB-02 - Transfer and Adjust MOF-FTE for 1.00 Perm Information Technology Band B</u> (51830) w/ companion request 904AA-08

PRIORITY NO. 25

Position number 51830 - Information Technology Band B, Systems Analyst was an IT position in the Division of Vocational Rehabilitation (DVR). The Social Security Administration (SSA) ceased 100% funding, MOF N, for this position effective February 28, 2019. This position is vital to DVR and needs supervision and direction from the DHS Office of Information & Technology (OIT). This request is to transfer this position from HMS802 to HMS904 with split funding, 65% MOF A and 35% MOF N.

<u>802GA-02 - State Appropriation and Conversion of Four Temporary Positions to Permanent Positions</u>

PRIORITY NO. 21

DVR is requesting the conversion of four (4.00) temporary positions to permanent status: 1) Position number 120668 - Office Assistant III; 2) Position number 120738 - Office Assistant III; 3) Position number 120754 - Vending Facilities Specialist III; and 4) Position number 120762 - Vocational Rehabilitation Specialist IV. The temporary positions are difficult to fill and retain because of the temporary nature and today's tight labor market. When an internal permanent position becomes available, the trend has been that individuals in the temporary position apply for and are offered a permanent position within DVR or another DHS division or State agency, leaving DVR's temporary position vacant, initiating another recruitment process to fill the temporary position. The approval for this request for conversion will assist DVR in providing sustained services, increase the types of services and number of consumers served through the mandated partnering with the Department of Education, Department of Labor, and Department of Health. The permanent staff will assist the Division in meeting these efforts and serving additional consumers.

These four positions were authorized as 100% federally-funded by Act 103, SLH 2012. Then, these positions were converted from 100% federally-funded to split-funded (.33A/.67N) by Act 134, SLH 2013. No additional general funds, however, were provided to go along with the temporary general fund FTEs. Hence, we are also requesting general funds for these four positions.

802GA-03 - Correction for Position 15811 and Pseudo Number 92049K PRIORITY NO. 23

This is a correction. The 2019 Legislature's budget worksheet reduced temporary FTE for position number 15811, but should have reduced the permanent FTE since it is a permanent position. The pseudo number 92049K was created to balance the FTE summary worksheet. This budget request is being submitted to correct the error and adjust the FTE count by reducing 1.00 (-0.33A/-0.67N) to the permanent FTE of position number 15811 and increasing 1.00 (0.33A/0.67N) to the temporary FTE of position number 92049K.

802GA – Clean-up of HMS 802 position FTEs

This request is for housekeeping purposes. DVR intends to adjust the Means of Financing (MOF) split of the 45 positions, changing from 0.34A / 0.66N to 0.33A / 0.67N to align with how the positions are authorized in Act 134, SLH 2013.

301SA-02 - Increase the Special Fund Ceiling for the Spouse and Child Abuse Special Fund to Bring Appropriation in Alignment with Act 84, SLH 2019

PRIORITY NO. 3

Additional special fund ceiling for FY 21 is being requested based on Act 84, SLH 2019, for the federal reimbursements received through Title IV-E of the Social Security Act in the following fiscal year from which the Title IV-E funds were expended. The requested ceiling increase addresses the \$3,000,000 allowed by the amended statute and would augment the original revenue from the Department of Health vital records fees.

301SA-05 - Funds for Business Process Redesign

PRIORITY NO. 13

The current electronic system of Child Welfare Services Branch (CWSB) is nearly 30 years old, lacking the functional capacity to support the demands placed upon the current workforce. In preparation for the procurement and design of the new system, a Business Process Redesign (BPR) assessment of the current system will help identify gaps and remedies to streamline the business process and improve quality of services to keep children safe and strengthen families. Completing this assessment prior to the design of the new system will prevent numerous change orders after the build-out, resulting in a lower cost to the state and improved service delivery while the system is being built.

The 26% reduction in admissions to the Hawaii Youth Correctional Facility (HYCF) is one of the results of Act 201, SLH 2014. Act 119, SLH 2015, transferred \$600,000 from HMS503 (HYCF) to HMS501 (OYS) and Act 126, SLH 2015 appropriated \$1.2M (non-recurring) for up-front services to strengthen the juvenile justice system reform efforts. The Legislature did not include an appropriation of \$1.2 million for FB18-19, resulting in less services to address truancy, substance abuse, and probation compliance. This request is for the continuation of efforts for gender specific therapeutic services in partnership with the Judiciary's 5th Circuit Girl's Court; immediate in-home family intervention services to prevent out-of-home placements for youth involved with the juvenile justice system; ongoing quality assurance process for residential and detention facility; and professional development opportunities for restorative justice. The stored property program is critical to maintain lands under the state's jurisdiction and to prevent litigation for potential due process violations. In other jurisdictions, communities that did not have a process and program in place for stored property on public lands have been vulnerable to litigation. In light of this, maintaining temporary property storage is consistent with the evolving best practice to deal with homelessness in a compassionate and respectful manner.	Α						5,000,000

20	HMS 220	RH	A	4,486,122		4,052,780	-10%	The general fund appropriation is being used to support state expenditures. As
								the units in the state inventory do not receive a regular subsidy from the state, the Hawaii Public Housing Authority (HPHA) uses these funds and other earned administrative fees to cover the losses under this program to operate the properties. The state elderly and disabled housing program represent the majority of units in HPHA's state inventory and the 10% budget restriction would impose severe hardship on HPHA's ability to maintain and operate the state public housing units. No federal funds can be expended to maintain and operate the state public housing units. Due to these realities, HPHA has historically been spared from budget and contingency restrictions.
20	HMS 222	RA	A	2,089,869	201,874	1,887,995	-10%	HPHA's Rental Supplement Program is the only direct state rental assistance program that assists low income families and individuals renting units in the open market. The general funds in this program are restricted to direct rental assistance and funding for positions, and the 10% budget restriction would impose severe hardship on HPHA's ability to operate the Rental Supplement Program. The reduction would mean that HPHA would serve fewer families through this program. No federal funds can be expended to maintain and operate the State Rental Supplement Program. Due to these realities, HPHA has been historically spared from budget and contingency restrictions.
20	HMS 236	LC	Α	16,131,531	1,558,242	14,573,289	-10%	The impact of the respective restriction will likely result in continued reductions in the types of services provided to clients or in the number of clients served.
20	HMS 501	YA	Α	9,065,605	875,702	8,189,903	-10%	The impact of the restriction will result in the reduction of services provided to youth and their families. This will negatively impact their lives and increase risk factors such as status and law violations, family dysfunction, substance abuse, and violence in community.
20	HMS 601	TA	Α	6,144,028	593,490	5,550,538	-10%	For Adult Protective and Community Services Branch (APCSB), the restriction reduces the amount of funds to secure and maintain protective services and well being for abused adults living in the community.
