Aloha Commissioners,

Thank you for serving on this Commission and putting in significant effort to help restore some trust into our government. I know you already have a large list in front of you of items to consider and discuss.

I am adding my name in support of many of the things fellow public testifiers have brought up, including: increased transparency with Sunshine Law requirements being applicable to our State Lawmakers, increased advanced notice of hearings, term limits, no fundraising during session, increased access of remote testimony to the public, increased scrutiny and limits on lobbyists, and lower the amount of the campaign spending contribution limits and increase public funding matching opportunities.

Mahalo for your consideration,  
Shannon Matson
