Dear Mr. Tatum:

At the April 30, 2020 meeting held by the Senate's Special Committee on COVID 19, following discussions on the statewide 14-day quarantine for arriving passengers, you were asked to provide the information as follows:

Quarantine Screening, Verification and Enforcement:

- In each of your reports on the quarantine please break out all the subcategories of intended residents.
- For all the verification calls made by HTA to visitors, intended residents including all the subcategories, and residents, please provide us with how many calls to passengers in each of these categories resulted in referring these passengers to law enforcement.

Re-Opening Hawaii

- Please provide us with the latest of your surveys from your travel partners.
- Based upon your latest survey from your travel partners what are your projections for arriving passengers in each of the remaining months in 2020.
- Based upon these projections for arriving passenger what would be the workforce needed to manage the current 14-day quarantine process.
- As HIEMA is planning on reducing its efforts in the state's response to the pandemic, the DOT and HTA must come up with a plan to deal with this, and to present it to HIEMA for review. Please provide us a copy of this proposed plan.

The Committee requests your response by May 4, 2020.

As for responses that you receive from the various parties listed in this memo, please provide this Committee with a copy of their responses, if any, as soon as they are received.
